TO DISCUSS GIFT TO PRISONERS OF WAR FUND

At the conclusion of the legal arguments by George S. Gibbons, representing the Keenleyside Oil Company, and Jared Vining, for Mr. Blake, His Honor Judge Macbeth reserved jujdgment.

The last case to be heard was that of Wilkins vs. Blinn.

The action is one brought by Catherine Wilkins against Mary Blinn to recover possession of a horse and cow which the complainant claims the defendant is holding illegally. A number of witnesses for both sides were introduced, and much evidence of a conflicting nature was submitted.

At the time of adjournment at 12:30 several witnesses remained yet to be examined.

Has a New Appeal for Those Who Awake to a Breakfast of Toasties

These new corn flakes have a unique deliciousness because of their self-developed flavor and improved form. The flavor is the true essence of choice, ripe Indian corn. Unlike ordinary "corn flakes," the New Toasties do not depend upon cream and sugar

for their palatability. Try some dry-they're good that way and the test will demonstrate their flavor. Then try some with eream or good milk. Note that New Post Toasties are not "chaffy" in the package; and that they don't mush down when cream is added.

New Post Toasties are known by the tiny "bubbles" on each flake, produced by the quick, intense heat of the new process of making. They come in a wax-sealed package that preserves their oven erispness and delightful flavor—the most perfect corn flakes ever produced.

For Tomorrow's Breakfast --- New Post Toasties
