

Facts For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless. The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Bellefleur, Que.—"Without Lydia E. Pinkham's Vegetable Compound I would not be alive. For five months I had painful and irregular periods and inflammation of the uterus. I suffered like a martyr and thought often of death. I consulted two doctors who could do nothing for me. I went to a hospital, and the best doctors said I must submit to an operation, because I had a tumor. I went back home much discouraged. One of my cousins advised me to take your Compound, as it had cured her. I did so and soon commenced to feel better, and my appetite came back with the first bottle. Now I feel no pain and am cured. Your remedy is deserving of praise."—Mrs. Emma Chute, Valleyfield, Bellefleur, Quebec.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

Don't Use Common Soap on Your Face

Common soap merely removes the dirt. It is not made to do more. No laundry soap is fit for toilet use!

The alkali burns and cracks the skin and causes roughness and soreness.

Infant's Delight Soap

not only cleans but stimulates and nourishes every gland in the skin of the infant or adult.

This soap is a pure combination of coconut oil and vegetable oils, with a small addition of boracic acid—a harmless and healing cleanser—delicately perfumed with real Otto of Roses.

Notice, please, that unlike common soap *Infant's Delight* will lather freely, but the cake will remain hard and firm until reduced to the thinness of a wafer.

We put this soap through eight distinct aging treatments—equivalent to remaining six months on your shelf—the process takes twenty-one days.

N. B. BIG GAME SEASON IS CLOSED

FREDERICTON, Dec. 1.—The hunting season in New Brunswick was brought to a close last evening. The number of non-resident sportsmen has been quite up to the average, but owing to unusual weather conditions, and the entire absence of snow in many sections, fewer big game have been secured than in previous years. The largest moose head brought to this city was secured by a boy named Phillips, at Little Lake, Saint-John's County.

The attention of Surveyor-General Jenner was today called to the fact that, although the game laws provide the crown land office have so far this season refused to recognize claims of this kind. He has directed that the bounty be paid upon applicants producing the necessary certificate from a game warden.

DISASTROUS GALE SWEEPS CAPE BRETON COAST

Enormous Damage to Shipping; Fears for Safety of Steamer Maud, Bound to North Sydney.

NORTH SYDNEY, N. S. Dec. 1.—The most disastrous storm since the memorable gale of 1872 raged in the Cape Breton coast last night, resulting in enormous damage. It followed a series of heavy blows which has prevailed for over a week.

The steamer Bruce, for Newfoundland, which was obliged to remain in port, broke away from the terminal wharf and as a result three men who were on the gang-way going aboard, were thrown into the water, narrowly escaping death.

There is much anxiety for the safety of the Norwegian steamer Maud, which left St. John's on Saturday for North Sydney, and has not been heard of since. The steamer, Kamford, which left St. John's at the same time, arrived here yesterday. It is feared here that she was caught in the big gale. She is a steamer of 1,351 tons net register, and is owned in England. She was built in 1907 and carries a crew of about twenty-five men.

The schooner Helena, from Bonaventure (N.B.) for Halifax, with a cargo of 2,000 quintals of fish has put into Channel (N.B.) in a sinking condition. She was caught in a gale last Friday.

DEATH PENALTY FOR FLYING NEAR ST. PETERSBURG

An Edict Announces That Any One Found Within Ten Miles of the Capital, or Near Any Fortress, Will be Shot.

ST. PETERSBURG, Nov. 30.—An imperial edict published today forbids the flying of any aircraft of any description within a radius of ten miles of St. Petersburg, or near any fortress, or in the vicinity of the city. Violators who transgress this edict will be shot without warning.

Thus the czar puts the official taboo on aviation. The new science has never found favor in Russia, and various repressive measures regarding it have been adopted.

CANADIAN MAGAZINE FOR DECEMBER.

The Christmas number of The Canadian Magazine is a splendid example of the excellent work that Canadian writers, illustrators and painters are producing. From cover to cover everything is high-class, and indeed a standard is set that is considerably in advance of anything of the kind that has ever been turned out by Canadian presses. The number is composed of a short story by Theodore Roberts, with illustrations by Eugene Kyle. Then follow short stories and sketches by Augustus Brade (illustrations by T. G. Greene), Virginia Sheppard Ward Fisher (illustrations by J. W. Beatty), E. M. Yeoman (illustrations by Estelle M. Kerr), Thomas Stanley Moyer, L. M. Montgomery (illustrations by Albert H. Robson), Rene Norcross, Madge MacBeath, Edwin Dowseley and poems by Isabel Ecclestone Mackay, Duncan Campbell Scott, John Boyd, Marjorie L. C. Pickett, Jean Blawie, George Herbert Clarke, and Estelle M. Kerr. There are also series of full-page reproductions of western photographs on tinted paper by Newton MacFarlane, and the reproductions of paintings by J. W. Morrice, are unusually fine. Altogether the number is an excellent Christmas Souvenir, with a fine cover in colors by T. M. Marten.

The German Kaiser wants to put 100,000,000 into warships this year. The Mikado of Japan should awake and take notice. It is a yellow peril in dollars of gold.

It is a pity that all the great mining disasters of the world have failed to serve the purpose of making companies make their mines secure, but it presents the heroic quality of men facing death and meeting death calmly.

Of course, if you stay in the city you won't be shot by being mistaken for a hero, but you may be mistaken for a hero by a chauffeur and run down.

The True Test

of value is not the price you pay but the style, comfort and fit you get. Don't imagine that all tailors work alike. Nor the goods alike in garments sold at similar prices. Not at all. Good, bad and indifferent describes it. Some excel. We make it a point of honor to give value and perfect fit. Can we do more?
