VOL. XXII—No. 48

CAMPBELLTON, NEW BRUNSWICK, THURSDAY, MAY 27, 1920

6 CENTS A COPY

**J. & D. A. HARQUAI, COMPANY, Limited**  
CONTRACTORS.—PLANING MILL.—BUILDERS.  
DRY KILN, DOOR AND SASH FACTORY.  
CAMPBELLTON, — — — N. B.

**Manufacturers of STORE FIXTURES, STORE OFFICE, CHURCH, FITTINGS, Wholesale and Retail Dealers in PUTTY, SHELLS, RED and YELLOW OCHRES, METAL ROOFING and SIDINGS, NEPONSET, PAPERS and ROOFINGS, SHEET LEAD, and ZINC, GLASS, MIRRORS, LOCKS, KNOBS, GENERAL BUILDING HARDWARE.**

**BEAVER BOARD**  
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.  
We carry a large stock in assorted sizes.

**MAIL ORDERS**  
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Our Office is connected with the N. B. Telephone Co.'s line by two separate lines insuring prompt attention.  
Office Hours—9 A. M. to 5 P. M.

## NARROW ESCAPE FROM INJURY

**Mr. Joseph Duncan Hit With Maul While Assisting At Setting Net.**

Tuesday afternoon, Mr. Joseph Duncan met with an accident which fortunately had no very serious results, but caused deep concern among his friends for some time, and which will confine him to his home for a few days.  
From information we gather that he with another man was engaged in putting pickets for salmon nets on the stand near Oak Bay on the Quebec side of the river. The man was holding a picket while the other with a large maul was driving it in. In some unaccountable manner, Mr. Duncan changing his position or through the rocking of the saw, the man missed the picket, the handle of the maul striking the picket and the maul glancing striking Mr. Duncan squarely upon the top of the head rendering him unconscious. He was immediately brought across the river in the boat and removed to his home and medical aid summoned. Examination showed that there was no fracture of the skull. Mr. Duncan suffered considerable pain, but his many friends will be glad to learn that no serious results are anticipated.

## MUSICAL COMEDY GREAT SUCCESS

**Fredericton Amateurs Greeted With a Crowded House Here Monday.**

"Bringing Up Father" a musical comedy produced in the Opera House here Monday evening (Victoria Day) under the direction of Mr. Glenford Mowat of this town, and a company of Fredericton young ladies and gentlemen was a great success in every respect. The entertainment was under the auspices of the Soldiers' Memorial Hospital Aid, and the Opera House was crowded to the doors.  
The musical comedy was practically the same as that produced at Fredericton some time ago, and which was so highly spoken of by the press of that city.  
Because of the above press notices, and the well known reputation of Mr. Mowat as an entertainer, Campbellton people went expecting a treat and they were in no way disappointed. The entire production went through without a hitch. Citizens generally and the Hospital Aid are indebted to the Fredericton young ladies and gentlemen and to the Senior Mission Band in connection with the Fredericton Presbyterian Church, which voted \$100.00 towards the expenses of the trip, for their kindness in coming here on this occasion.  
The opening number of the program was a solo and chorus by Miss Hazel Mowat and company of local young ladies which was very good.  
The cast was as follows:  
Jiggs (whom we all know) Maurice (Bob VanWar) Rosie (Jigg's daughter) Mildred M. Green Hazel Barton Gerald Metcalfe (Rosie's "Jerry") John Fogg Nan Smith (friend of Rosie) Grace Grant Mrs. Smith (Nan's mother) Isabel Wiley Maggie (whom Jiggs knows too well) Glenford Mowat Duke Trelawney Reseanah De Spood Eliza Jane (Beauty is only skin deep) Douglas Downing Jean Adams Dinty Moore (no friend of the Inspector) James A. Adams Clarence (no friend of Maggie's) John Fogg Mike (Maggie's brother) Edwin Blackmer Julie (Rosie's friend) Claire Fowler Ida Clare (So do I) Isabel Scott Mme. Fifi (who spills the beans) Myrtle Scott  
The music by the orchestra was much enjoyed, and was made up of Fredericton people.  
The singing of Miss Baird and Mr. Tays of Fredericton was heartily enjoyed at each appearance.  
After the entertainment the visitors were entertained to a dance in the Oddfellows Hall where a very pleasant time was enjoyed until time to take the train for Fredericton.  
The whole production reflects great credit upon Mr. Glenford Mowat, who besides taking the difficult part of Maggie Jiggs which he carried through with the ease and grace of a professional, wrote the entire play, both words and music, and looked after all the details of staging, etc.

## WILL BUILD PERMANENT WALK

**Town Council Authorized First Stretch of Concrete Walk—Other Matters Discussed.**

A meeting of the Town Council was held Tuesday evening, His Worship Mayor Murray presiding. There were present Councillors Currie, Ingram, Bissett.  
The minutes of the previous meeting were read and approved.  
Department accounts were passed and bills ordered paid.  
The proprietors of the Florence Hotel were given permission to install a gasoline tank at their hotel, subject to regulations.  
Pool table, livery stable and restaurant licenses were granted applications.  
Mr. Ingram reported that he had interviewed Mr. Worston re opening street, and Mr. Worston said he was willing to give the town the street whenever the town was ready.  
His Worship thought it was up to the Street Committee to get a plan of the street and a deed from Mr. Worston.  
The matter was left in the hands of the special committee which had charge of the negotiations.  
The account of the General Supply Co., for repairs on the Parson's Excavator was again taken up and passed less one item of \$5.00 and the Council's contra account for expenses of man sent with machine.  
Coun. Currie moved that the Public Property and Streets Committee lay out continuation of Landsdowne street, through Robt. L. Duncan's property.  
Coun. Currie said that at a meeting of the Public Property and Streets Committee the matter of sidewalks was discussed and it was decided that it was folly to lay any more plank sidewalk, except the walk from Fortin crossing to Doherty mill pond. Said walk to be two feet wide.  
Coun. Currie moved that this piece of walk be laid.—Carried.  
With reference to other sidewalks, Coun. Currie submitted details of a concrete block 3 ft. by 5 ft. and 4 ft. by 5 ft. It was proposed to have a number of these blocks made, and placed as an experiment. These blocks could be placed so that if the frost lifted them, they could be put back into position with very little trouble. It was also suggested that surface concrete sidewalk be laid as an experiment.  
Coun. Bissett—Have block sidewalks been used in other towns or cities?  
Coun. Currie said that he had no positive information on this matter, but that his soil here is so different it is hard to tell how it would work. At all events the committee would put down no more plank sidewalks, concrete walks such as are planned would not cost over twenty-five per cent. more than wood and while the life of wood was about three years, concrete would last for a generation.  
Coun. Ingram thought the block scheme a good one. He would like to see both kinds tried, but building of wood was like throwing money away.  
Coun. Bissett favored the surface concrete plan. It would take too much time to lay blocks, and cost more.  
Coun. Currie moved that the Public Property and Streets Committee be authorized to lay a surface concrete walk from Stanley street to Patterson street, on the east side of Central street.—Carried.  
Coun. Currie said he would like to hear what Engineer Walsh thought of the two plans of laying concrete walks.  
Engineer Walsh said he would like to see the surface walk tried out. This could be laid, he felt sure at less expense. If it stood the test it would be the best method, but if it broke up with the frost, then the blocks would have to be used.  
Coun. Currie said many ratepayers had advocated the bonding of the town for a hundred thousand dollars to be spent in three years, and making a permanent street from Ramsay to Sugarloaf street. He felt sure that if the ratepayers were asked to vote on this proposition it would be voted down. But if a public meeting was held and it was shown that this expenditure would not add ten per cent. to the taxes he felt sure it would be favored. This was a matter for consideration.  
Coun. Currie moved that Public Property and Streets Committee be authorized to have two hundred blocks as above made and laid.—Carried.  
His Worship asked about the rock which was hauled during the past winter. What was going to be done with it?  
Coun. Bissett said the crusher should be working on this now.  
A general discussion on water matters took place.  
Coun. Ingram moved that the Town issue \$20,000 worth of debentures to

## BIG FOREST FIRES RAGING

**Situation is Serious in Many Sections of Province at Present.**

Fredericton, May 26.—A note of warning respecting the forest fires situation in New Brunswick was issued at the department of lands and mines this morning.  
So far this season approximately seventy-five forest brush and slash fires have been reported to the department, but it was not until today that reports of fires in the green woods of the heavily timbered crown lands commenced to come in.  
There are fires raging now in practically every forest section of the province, and unless heavy rains come within the next day or two, it is feared that the situation will become extremely critical.  
Hundreds of men are fighting the various fires and the lookout towers, the eyes of the forest protective service—have been proving their value, but it was declared this morning that greater care must be exercised by settlers, fishing parties and others in the woods, or there will be tremendous losses incurred.

## ENTERTAIN AMERICAN EDITORS

**National Press Party Will Reach Campbellton At Five O'clock.**

The final draft of the program for the entertainment of the National Editorial press party has been made and by this the special train bearing the party will arrive at Campbellton at 5 o'clock on Wednesday, June 16th. Autos will be waiting and take the party by auto through the town to Dalhousie where they will be served a Camp dinner on the beach at the Inch Arran. After the evening's entertainment the guests will be returned by auto to Campbellton where they will again board their train.  
For this purpose sixty autos will be required, and the committee in charge would like to have the Campbellton citizens owing cars volunteer for this service. Notify H. K. Smith or H. B. Anslow, and your name will be placed on the list.  
Among this party are many of the editors of the outstanding American newspapers and it is felt that good results will be obtained from this visit in so much as each paper's representative will write about his trip and thus make American newspaper readers more familiar with this section of Canada.

## DALHOUSIE TOWN COUNCIL

**Town Will Buy Up-to-Date Machinery to Pump Wells—Permanent Walks.**

Dalhousie, May 27th.—There was a special meeting of the Dalhousie Town Council held last evening in the Council Chambers. Present Mayor Barberie, Aldermen Valdon, Guignard, Delaney, Allan, Oakleaf, McNeil and Barbour.  
A resolution was passed authorizing the water superintendent to proceed to Boston and New York to invest in most modern apparatus to pump the two, four hundred foot artesian wells situated at the top of Brunswick Street.  
A second resolution was passed authorizing the Road and Streets Committee to construct a concrete sidewalk, six and a half feet in width, starting from the north end corner of Renfrew and William Streets going towards the Post Office.

## CHILD FATALLY BURNED HERE

**Was Playing Near Open Fire And Fell—Mother Also Burned.**

A very sad fatality occurred on King Street Tuesday afternoon by which the little daughter of Mr. and Mrs. Peter Love was so badly burned that she died later in the evening. The little girl, who was about eight years of age, was playing with other children about an open fire in the yard, when she stumbled and fell forward in the fire. Her clothing caught fire, and hearing her cries her mother rushed out and enveloped her in a quilt, which also caught fire. Neighbors rushed with water but the little one was terribly burned and the mother's hands were also severely burned. The injured child was rushed to the Hotel Dieu hospital where everything possible was done, but she passed away.  
The parents have the sympathy of all in their sore bereavement.

## MOVING INTO LARGE QUARTERS

**Messrs. Ferguson & Wallace Making Improvements to Business.**

Messrs. Ferguson & Wallace, who opened the F.W. Toggery last fall have found it necessary to move into larger quarters to accommodate their rapidly growing business. They have leased the store lately occupied by Mr. J. F. Gallagher and will move in on June 1st.  
F.W. Toggery has earned a reputation for style and price which will be maintained in the new quarters. Large additions are being made to the stock and when the stores open up it will be one of the best in town.

## BOY INJURED.

Saturday last John Hachey, aged about nine years, of Ferguson Manor and who is deaf, was struck by a car and had a leg broken and was otherwise injured. The driver of the car was not to blame as the boy, who was standing in the middle of the road on a down hill course, made no attempt to move, being intent upon watching two boys on bicycles. The driver of the car, expecting the boy to move, did not apply the brakes until too late, then swerved into the ditch, but the road was narrow and the fender struck the boy, throwing him down and the wheel passed over his leg, breaking one of the bones. He was picked up by the driver, and brought to the Hotel Dieu hospital where he received medical attention and was taken to his home Monday.

I take this opportunity of making known to the public that I have installed one of the famous Black Diamond Ovens, capacity 1000 loaves per day, Continuous baking.

## TYLER'S BAKERY, O'Leary Street.

## RESTIGOUCHE CO. FALLS DOWN

Salvation Army Jubilee Fund Has Not Reached Quarter of Objective.

Restigouche county has certainly fallen down as regards the subscription towards the Salvation Army Jubilee Fund. The objective set for the county was two thousand dollars, and so far only about \$350.00 has been reported.

Considering the great work done by the Army throughout the great war, and the good work being done by this organization, the people of Restigouche are certainly not living up to their reputation gained by five years of undivided labor and giving to all worthy causes. We should feel it a privilege to be called upon to give to such a worthy cause.

The lists are still open and any person desiring to contribute can hand amounts to the Royal Bank of Canada here or to Mr. M. A. Kelly.

Applied Hydraulics.  
Mixie—A friend of mine fell asleep in the bathtub with the water running.  
Tricie—Did the tub overflow?  
Mixie—Nope, luckily he sleeps with his mouth open.

## THE SUCCESS CAMP ORDER CANCELLED

Rural Units Will Train at Local Headquarters—Will Disappoint Many.

(St. John Globe.)  
There will be no military camp at Sussex this year. Orders to that effect were received at military headquarters this morning. Talking with the Globe, Col. Sparling said they had thought that the Sussex camp had been cancelled, as had orders for all training camps for other than the permanent force units. The order said that a scheme was being prepared for the training of all units, including rural units, at their local headquarters, but details of this scheme are not at the moment available. In notifying the various units of the cancellation of the camp orders, Col. Sparling said attention was directed to this scheme of local training so that organization work could be completed in preparation for the training orders when issued.

Many local young men who had arranged to get their holidays and go to Camp Sussex will be greatly disappointed.

The Graphic now has a supply of the latest and best seed forms which will be supplied to magistrates at \$1.50 per dozen or 15c. each.

## ST. PETER'S CHURCH PASSEPIAC, QUE.

Sunday School and Bible Class 10 a.m.  
Morning Prayer and sermon 10.30 a.m.

Be known as The Town of Campbellton Fire Station Debentures, in denominations of \$100 each and bearing interest at the rate of 6%—Carried.

Coun. Ingram moved that the Town Clerk be authorized to ask for the balance due town under the Housing Scheme.—Carried.  
The Council then adjourned.
