of the Transient Poor, was the one with which the speaker had, a lot to do. If a Provincial person is found without a friend here, he is taken to the City Home, where upon having been examined under oath, he tells of his home town, he is sent there, if there is a county or other home in that place or if not then he is taken care of at the City Home in Halifax and it is charged against his Municipality. The government of Nova cotia spends ten thousand dollars in Home, other places like County or Town farms, or in sending people away. There were the fewest last year This was because things were working better. The City Home costs twenty-four cents for each patient "We are badly off." said he, "from

being unable to prevent undersirables reaching here. The poor type of immigrant goes west, then fails and gets back to this city as the port of his entry into Canada. The law is, that in two years' time an immigrant becomes a charge on the Canadian community, then the steamer which brought him over must bear the expense of his transportation. But the authorities are so slow at mes in rendering, proper justice. There is a ! five-hundred dollar fine for landing an undersirable immigrant. The speaker referred to the operation of the law in some cases mentioning the I. C. R. and C. P. R. as sometimes being involved. One of the strong points in the ad-
