

CATARRH—A NEW TREATMENT.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 5,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting from the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No other has attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 303 King Street West, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—All-true Star.

A HOME DRUGGIST TESTIFIES.

Popularity at home is not always the best test of merit, but we point proudly to the fact that no other medicine has won for itself such universal approbation in its own city, state, and country, and among all people, as

Ayer's Sarsaparilla.

The following letter from one of our best-known Massachusetts Druggists should be of interest to every sufferer:—

"Eight years ago I had an attack of Rheumatism, so severe that I could not move from the bed, or dress, without help. I tried several remedies without much if any relief, until I took AYER'S SARSAPARILLA, by the use of two bottles of which I was completely cured. Have sold large quantities of your SARSAPARILLA, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public. E. F. HARRIS, River St., Buckland, Mass., May 18, 1882.

SALT RHEUM.

GEORGE ANDREWS, overseer in the Lowell Carpet Corporation, was for over twenty years before his removal to Lowell afflicted with Salt Rheum in its worst form. Its ulcerations actually covered more than half the surface of his body and limbs. He was entirely cured by AYER'S SARSAPARILLA. See certificate in Ayer's Almanac for 1883.

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists; \$1, six bottles for \$5.

A CRYING EVIL.—Cures are often retinal and ill when Worms are the cause. Dr. Low's Worm Syrup safely expels all Worms.

Scientific and Useful.

TO REMOVE PAINT.—From glass, use powdered pumice stone dampened with alcohol, and applied with a piece of hair cloth.

ANTS AND ROACHES.—Dry salt sprinkled on shelves where there are red ants will drive them away. Wash paints where roaches come with alum water, and it will banish them.

Lydia E. Pinkham's Vegetable Compound is a most valuable medicine for ladies of all ages who may be afflicted with any form of disease peculiar to the sex. Her Remedies are not only put up in liquid form but in Pills and Lozenges in which form they are securely sent through the mails.

MEAT SAUCE.—A good sauce for hot or cold roast beef is made of one teaspoonful of grated horseradish, one teaspoonful of made mustard, four tablespoonfuls of vinegar and one teaspoonful of powdered sugar. Mix well, and serve in a gravy-dish.

LEAD PIPES.—To clean the waste pipes leading from the sink, pour down them a strong solution of potash dissolved in hot water. Be very careful that none of this mixture gets on your hands or clothing, as it will destroy all animal matter that it comes in contact with.

FOR Deep Seated Colds and Coughs, Allen's Lung Balsam cures when all other remedies fail. (See Adv.)

VEAL CHOPS.—A good way to prepare veal chops for breakfast is to dip them in beaten egg, then in fine cracker crumbs, seasoned with pepper and salt, and a little sifted sage; a few thin slices of onion add to the flavour. Fry the chops in hot lard; they need cooking at least twenty minutes, and should be brown when done.

We believe the cause of the wonderful success of our Murray & Lamm's Florida Water may be found in the fact that the principal aim in its preparation is always to give the simple natural perfume of flowers, without any chemical addition whatever, and to avoid, by all means, the great error of making a heavy, sickly, sweet perfume.

To flavour a roast of beef deliciously, to make tender, and to give variety, nothing more is required than a large lemon, cut it in two pieces, squeeze all the juice upon the roast, then, after peeling the lemon, roll it up in the roast. When the lemon is used no water is needed. The roast should be a fat one, to insure good gravy, and the lemon-juice will remove the oily taste sometimes objected to.

NO SUCH WORD AS FAIL.—A failure to relieve or cure summer complaint can never be truthfully applied to Dr. Fowler's Extract of Wild Strawberry. All dealers sell it.

WHITE MOUNTAIN CAKE.—Take one cup of butter beaten to a cream, with two cups of sugar; add one cup of sweet milk, three cups of flour, with two teaspoonfuls of baking powder mixed with it and the well-beaten whites of five eggs. Flavour with lemon and put strawberry jelly between.

MR. C. E. RIGGINS, Beamsville, writes: "A customer who tried a bottle of Northrop & Lyman's Vegetable Discovery, writes: 'It is the best thing he ever used; to quote his own words, 'It just seems to touch the spot affected.' About a year ago he had an attack of bilious fever, and was afraid he was in for another, when I recommended this valuable medicine with such happy results."

ONE-EGG TEA CAKE.—A little more than half a cup of butter, one cup and a-half of sugar, one cup of sweet milk, one egg, three cups of flour, one teaspoonful of soda dissolved in a very little hot water, and two teaspoonfuls of cream of tartar sifted with the flour; one cup of raisins chopped very fine.

PEA SOUP.—Take a quart of shelled peas; boil the pods in a gallon of cold water until all the substance is boiled out of them; then skim them out and put two pounds of beef into the pot. After the meat is boiled to shreds, skim the soup well, strain and return it to the pot; add the peas, with a little parsley, and let it simmer until the peas are quite tender; season with pepper and salt; thicken with a little butter and flour, let it boil up once, and serve.

GILBERT LAIRD, St. Margaret's Hope, Orkney, Scotland, writes: I am requested by several friends to order another parcel of Dr. Thomas' Electric Oil. The lot I got from you having been tested on several cases of rheumatism, has given relief when doctors' medicines have failed to have any effect. The excellent qualities of this medicine should be made known, that the millions of sufferers throughout the world may benefit by its providential discovery.

Advertising Cheats!!!

"It has become so common to write the beginning of an article, in an elegant, interesting manner, 'Then run it into some advertisement that we avoid all such, 'And simply call attention to the merits of Hop Bitters in as plain, honest terms as possible, 'To induce people 'To give them one trial, which so proves their value that they will never use anything else."

"The Remedy so favorably noticed in all the papers, 'Religious and secular, is 'Having a large sale, and is supplanting all other medicines. 'There is no denying the virtues of the Hop plant, and the proprietors of Hop Bitters have shown great shrewdness 'And ability 'In compounding a medicine whose virtues are so palpable to every one's observation."

Did She Die? 'No! 'She lingered and suffered along, pining away all the time for years. 'The doctors doing her no good; 'And at last was cured by this Hop Bitters the papers say so much about. 'Indeed! Indeed! 'How thankful we should be for that medicine."

A Daughter's Misery. 'Eleven years our daughter suffered on a bed of misery, 'From a complication of kidney, liver, rheumatic trouble and Nervous debility, 'Under the care of the best physicians, 'Who gave her disease various names, 'But no relief, 'And now she is restored to us in good health by as simple a remedy as Hop Bitters, that we had shunned for years before using it.—THE PARENTS.

Father is Getting Well. 'My daughters says: 'How much better father is since he used Hop Bitters. 'He is getting well after his long suffering from a disease declared incurable. 'And we are so glad, that he used your Bitters." A Lady, of Utica, N. Y.

A Mr. H., a young coxcomb, one day hearing people speak of age and appearance, said: "Jerold, don't you thing I look much younger than I am?" The reply was: "It is not your looks, my boy; it is your conversation."

ONE trial of Mother Grace's Worm Exterminator will convince you that it has no equal as a worm medicine.

"If ever I marry, I sha'n't seek for mind; mind is too cold. I'll choose an emotional woman." "Don't do it," eagerly exclaimed his bald-headed friend. "Don't do it, I implore you. My wife is an emotional woman."

JOS. BEAUDIN, M.D., Hull, P.Q., writes: Dr. Thomas' Electric Oil commands a large and increasing sale which it richly merits. I have already found it exceedingly useful in fractures and dislocations. I made use of it myself to calm the pains of a broken leg with dislocations of the foot, and in two days I was entirely relieved of the pain."

"Well," says a philosophic friend to the invalid. "Had a good night last night?" "No; I never suffered so in my life." "H'm, that bad! But," brightening up, "you know a bad night is better than no night at all?"

PLEASANT TO THE TASTE.—Children and persons with weak constitutions have always found great difficulty in taking Cod Liver Oil, and from this fact it has not been universally used, but with Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, this prejudice is removed. It is so thoroughly disguised that you cannot detect the Cod Liver Oil. One physician writes to us that it is used almost as a beverage in his family, another person informs us that he had to hide the bottle from his children. For Coughs and Colds, broken down constitutions, and all Lung Diseases, it has no equal.

LITTLE Bertha: "Yes, mamma, I took three bonbons out of the drawer." Mamma: "That was very naughty, my child; but I will forgive you because you confess it." Little Bertha: "Then give me the other, mamma, for I really took only two."
