thinness

The diseases of thinness are scrofula in children, consumption in grown people, poverty of blood in either. They thrive on leanness. Fat is the best means of overcoming them. Everybody knows cod-liver oil makes the healthiest fat. In Scott's Emulsion of cod-liver oil the taste is hidden, the oil is digested, it is ready to make fat.

When you ask for Scott's Emulsion and your druggist gives you a package in a salmon-colored wrapper with the picture of the man and fish on it—you can trust that man!

The undersigned will receive Tenders for the Purchase of Terminable Annuities running for a period of forty years, issued by the Province of Ontario under authority of an Act of the Provincial Parliament (7 Vict., cap. 31).
 The Annuities will be in the form of certificates signed by the Provincial Treasurer guaranteeing half yearly payments at the office of the Provincial Treasurer in Toronto of sums of \$100, or larger sums, on the 30th day of June and 31st day of December in each year for forty years from 30th day of June next, the first half-yearly certificates being payable on the 31st December next.
 The total amount of Annuities to be issued in 1896 and for which Tenders are asked, is \$8,000 annually, but tenders will be received for any part of the same not less than \$200 annually.

Notifications of allotments will be given to tenderers on or before 4th September, and payments from accepted tenderers will be required to be made within ten days thereafter.

Note.—Illustration of calculation on interest basis.—At the rate of 3 1/2 per cent. per annum (or in strictness 1 1/2 per cent. half-yearly), a present payment of \$2,144 would represent an annuity of \$100 for forty years payable half-yearly, while the actual yearly payment for the forty years would be a fraction above 4.66 per cent. on the principal sum.

A WOMAN'S MESSAGE.

CONVEYING WORDS OF HOPE TO THE AFFLICTED.

Had Suffered From Heart Trouble and Liver Complaint, Which Wrecked Her Nervous System—Is Now as Well as Ever.
 From the Carleton Place Herald.

Truth, it is said, is sometimes stranger than fiction, and in no way has this phrase been better exemplified than in the plain unvarnished statement of Mrs. W. H. Edwards, of Carleton Place, to a reporter of the Herald a few weeks ago. Mrs. Edwards is well known in this town, having lived here for nearly twenty-five years. The story she related we will give in her own words. She said: "In July of 1894 I was taken ill with fever, caused by blood poisoning, and laid hovering between life and death for eight weeks. After the doctor succeeded in breaking up the fever my heart began to trouble me, jaundice and liver complaint also set in; I could not sleep and my nerves were terribly unstrung. During my illness, after the fever left me, I was attended by no less than three doctors, but their medicines seemed of no avail as I lay for months in a terribly emaciated condition and never expected to be around again. This state of affairs lasted until, about Christmas, when a doctor suggested to me to try Dr. Williams' Pink Pills. My husband procured a few boxes and I then began their use although with but little confidence in them. By the time I had used three boxes I began to feel a little better and began to get an appetite. This encouraged me to persevere in the use of the pills, and I still continued to improve. I began to sleep well, my heart ceased to bother me and my nervous system which had received such a fierce shock was again fully restored. My liver trouble also disappeared, in fact I became almost a new creature. I now feel as well as I ever did in my life. I have used in all eight boxes and still continue to take an occasional pill if I feel any way depressed. Yes, she said, I am thankful to think that I tried Dr. Williams' Pink Pills because I believe no other medicine could have effected such a cure in me and have so effectually built me up. I am perfectly willing that this simple statement of mine should be published, and hope some poor suffering creature may see it and be restored to health as I was."

Dr. Williams' Pink Pills make pure, rich blood, thus reaching the root of disease and driving it out of the system, curing when other medicines fail. Most of the ills afflicting mankind are due to an impoverished condition of the blood, or weak or shattered nerves, and for all these Pink Pills are a specific which speedily restores the sufferer to health. These pills are never sold in any form, except in the company's boxes, the wrapper round which bears the full name "Dr. Williams' Pink Pills for Pale People." All others are counterfeits, and should always be refused. Get the genuine and be made well.
