

MONTREAL MINING EXCHANGE.

A feeling of uncertainty, as to prices, prevailed at the opening of the session, but as soon as the nervous fraternity had sold Payne at 310 and Virtue at 38, and found they really could sell, they cancelled selling orders in both these stocks and turned buyers at the same prices. Golden Star was offered down to 65. This stock has gone down without warranty, and on such declines should be bought. Manipulation from the West is accountable for the late decline in it.

Big Three was sold at 20½ and 21, Black Tail was steady around 23. Quite a fair trade was done in Slocan-Sovereign at 27, and Montreal-London brought 51. Though, except for Payne, there was no natural rise in prices the general feeling was better at the end of the session than for some days past.

Payne—1000, 310.
Big Three—2500, 20½, 250, 21.
Slocan-Sovereign—5000, 27, 3500, 27.
Virtue—2000, 38, 500, 39.
Black Tail—3000, 23.
Golden Star—500, 66, 1000, 65.
Montreal-London—1000, 51.

AFTERNOON BOARD.

The improved feeling noted at the morning session extended into the afternoon. The feeling is much better generally, and the late drop is looked upon as a benefit to the stocks, as it will show to weak traders the dangers of ore-buying and make them more careful before overloading.

AFTERNOON SALES.

Virtue—2000, 39.
Payne Mining Co.—500, 325.
Big Three—5500, 20½.
