# Fairchild's Essence of Pepsine

is an extract of the gastric juice obtained directly  
from the fresh stomach glands

It contains all the essential organic and  
inorganic soluble constituents of the gas-  
tric juice—the enzymes in their native  
nucleo-proteid form and in their natural  
association.

Fairchild's Essence is a clear, bright  
solution, devoid of all suggestion of  
animal origin; is highly agreeable, car-  
minative and stomachic, and these  
qualities enhance the therapeutic effect  
of the gastric principles themselves.
