

AN IDEAL PEPSIN!

PHYSICIANS. PRESCRIBE

P., D. & CO.'S

ASEPTIC PEPSIN.

Pepsins as heretofore known have left very much to be desired, most of them indicating by their odor the putrescent mucus and other objectionable constituents which must necessarily prove irritating, especially to the delicate stomach of an infant, invalid or dyspeptic.

We now supply a new and improved Pepsin Product (ASEPTIC PEPSIN, 1 to 4000, P., D. & Co.'s), in the full confidence that it will at once recommend itself to the favorable attention of the Medical Profession.

It is twice as active as any other pepsin now on the market, and by the process of manufacture which we pursue, is deprived of all septic constituents. This process renders it very palatable so that the most fastidious palate could not possibly object to its taste.

Samples and literature will gladly be supplied upon application.
