May 24th, the Queen's Birthday, was duly honored all over the Dominion. The Grand Review in Quebec outshone everything else, being attended by troops from Ontario, Quebec and New Brunswick, and having the presence of the Governor General and the Princess Louise.

Ottawa, May 20.—Some twenty tenders were received for the construction of water tanks on the Canada Pacific Railway, but the contract has not been awarded as far as known. A Winnipeg tenderer is said to be the lowest for the construction of the emigrant sheds at that place.

It is projected to build an Elevated Railway between Hochelaga and St. Henri, for the purpose of carrying the Rolling Stock of the various railways from one line to another, and for city passengers traffic. The company will shortly make application to the Local Legislature for an act of incorporation.

Richibucto, May 21.—Barque "Aspotogan," of and from Pictou, N. S., about 700 tons register, bound to Montreal, coal laden, went ashore at Richibucto Cape, near the Lighthouse, on Wednesday morning at daylight. A quantity of coal was thrown overboard, yesterday, but at latest accounts the vessel was still aground.

Ottawa, May 22, His Excellency the Governor General has ordered that drawback on material actually used in the construction of any ship or vessel built, and registered in Canada under Governors pass, between 15th March, 1879, and 1st January, 1880, may be paid by the Minister of Customs to the builder of any such ship or vessel, under such regulations as to him may appear necessary provided that such drawback shall not exceed an amount equal to 40 cents per registered ton, when constructed with iron knees. That a drawback may be granted on materials used in the construction of ships since the 1st Jan., 1880, at the rate of 75 cents per tons on iron-kneed ships or vessels classed for nine years. At the rate of 65 cents on iron kneed ships or vessels classed for 7 years, and at the rate of 55 cents on all ships or vessels not iron-kneed.

Very general indignation is felt all over Canada at the action of the President of the United States with reference to the Fortune Bay, Nfld., *embroglio*. He has sent to Congress a message embodying Secretary Evarts' report on the case, and a recommendation that the steps he advocates be taken at once. In accordance with that recommendation a Bill will be immediately submitted to Congress providing (1) for the repeal of that clause of the Washington Treaty which admits Canadian fish and fish oil, free of duty, (2) the re-imposition of the fish duty in force when the treaty was negotiated, and (3) the payment of the Fortune Bay claims out of the amount thus collected. If these changes become law, as no doubt they will, the three-mile limit must be strictly enforced, and American fishermen must not be allowed to fish within that distance of our shores. If the United States so deliberately repudiate Treaty obligations then the sooner we withdraw altogether from such one-sided compact the better for ourselves. It will not be our fishermen but the consumers of the United States who will suffer by the abrogation of existing treaties.

BRADBURY PIANOS

LEAD THE WORLD.

Received SEVEN PREMIUMS and GOLD MEDALS in Four Weeks.

Over 16,000 in Use.

Dr. C. H. Fowler, Editor of *The Christian Advocate*, says: "In preference to any Piano made, we bought and use the Bradbury in my family. We all vote solid that it has no equal in workmanship, sweet tone, and every thing desired. May you always win!"

The peculiar charm of this Piano is its adaptation to the human voice as an accompaniment, owing to its sympathetic, mellow, yet rich and powerful singing tones.

From personal acquaintance with this firm, we can induce them as worthy of the fullest confidence of the public. We are using the Bradbury Pianos in our families, and they give entire satisfaction.
