THE  
March of Improvement

The 1st Annual Spring Meeting of the Owen McGarvey & Son, while returning to the home of our friends and business associates for the day, had a large and successful sale in the furniture department. For nearly half a century, we have been known as the leading furniture store in Montreal. That we have remained so is due to our new water-proof, Nos. 1840, 1841, and 1842, Notre Dame Street, Montreal, which is entirely of British Patent Glass, the two large show windows containing two of the largest pieces of glass in the world, according to an article which appeared in the Montreal Standard in the *Domestic Free Press*. A call on our Water-proof will convince you that we are not only the best, but the most reliable of our kind. We have also a large stock of Owen McGarvey & Son's Patent Glass, for sale in Montreal, to be found in the New Passenger Elevator, which is not only a great convenience to our customers, but a very profitable one to our business. A visit to our Show Rooms.
