REMEMBER, CROUP

Generally comes like a thief in the night. It may attack your child at any hour. Are you prepared for it? Ayer's Cherry Pectoral gives speedy relief in this disease. It is also the best medicine for colds, coughs, hoarseness, sore throat, and all disorders of the breathing apparatus, is prompt in its action and pleasant to the taste. Keep it in the house. C. J. Woolridge, Wortham, Texas, says: "One of my children had croup. The case was attended by our physician, and was supposed to be well under control. One night, I was startled by the child's hard breathing, and on going to it found it strangling. It had nearly ceased to breathe. Realizing that the little sufferer's alarming condition had become possible in spite of the medicines it had taken, I reasoned that such remedies would be of no avail. Having a part of a bottle of Ayer's Cherry Pectoral in the house, I gave the child three doses, at short intervals, and anxiously waited results. From the moment the Pectoral was given, the child's breathing grew easier, and in a short time it was sleeping quietly and breathing naturally. The child is alive and well to-day, and I do not hesitate to say that Ayer's Cherry Pectoral saved its life."

"I am never without Ayer's Cherry Pectoral—the best remedy for croup."—Mrs. J. M. Bohn, Red Bluff, Cal.
