Editor for Nova Scotia.

For the Season of 1892 and 3, we will
give Teachers special prices for

PIANOS AND ORGANS,

Which can be selected from the largest stock now on sale in the Lower Provinces. Our continual and uninterrupted Piano Business for the last thirty years, with the fact that we continue to lead in the magnitude and character of our goods, should make our prices very much lower than can be had elsewhere. In fact the piano trade, as well as the public generally, know quite well that by calling at the warerooms of C. FLOOD & SONS they can get the best goods and an immense stock to select from. Teachers can rely on the best treatment and the most liberal terms of payment by calling personally or ordering by letter, which can be sure of prompt attention.

Catalogues, Terms of payment and every information furnished on application.

Subscribers should promptly notify the REVIEW of change of addresses. Communications from New Brunswick and Prince Edward Island should be addressed EDUCATIONAL REVIEW, St. John; from Nova Scotia and Newfoundland to W. T. Kennedy, Academy, Halifax.

SEVERAL articles intended for this issue of the REVIEW have to be left out on account of their length. Again we say to our contributors: Be brief and to the point.

IN our advertising columns will be found two interesting announcements of Summer Schools to be held in July of this year. The Summer School is an institution where instruction and recreation may be most profitably and pleasantly combined, and we hope that very many teachers will make arrangements to devote a portion of their vacation at least to the Summer School.

EVERY progressive teacher finds that a good dictionary and an encyclopedia are indispensable for his daily preparation for the class-room. Webster's new International Dictionary is a priceless treasure in a school, whilst a good encyclopedia of modern price is scarcely less of a necessity. In regard to the latter, our readers would do well to consult the advertisement of Messrs. T. C. Allen & Co. in another column.

UNDOUBTEDLY the greatest blessing in a school-room is an abundance of pure air. Read the advertisement of the Robb Engineering Company in another column.
