

6. 5. "Purposes not prohibited under this Convention" means:

(a) Industrial, agricultural, research, medical, pharmaceutical or other peaceful purposes; domestic law enforcement and riot control purposes; and military purposes not connected with the use of chemical weapons;

(b) Protective purposes, namely those directly related to protection against chemical weapons.

7. 6. "Production Capacity" means:

The annual quantitative potential for manufacturing a specific substance based on the technological process actually used or, if the process is not yet operational, planned to be used at the relevant facility. It shall be deemed to be equal to the nameplate capacity or, if the nameplate capacity is not available, to the design capacity. The nameplate capacity is the product output under conditions optimized for maximum quantity for the production facility, as demonstrated by one or more test-runs. The design capacity is the corresponding theoretically calculated product output.

8. 7. "Organization" means the Organization for the Prohibition of Chemical Weapons established pursuant to Article VIII of this Convention.

9. 8. "Production" of a chemical means its formation through chemical reaction.

10. 9. "Processing" of a chemical means a physical process, such as formulation, extraction and purification, in which a chemical is not converted into another chemical.

11. 10. "Consumption" of a chemical means its conversion into another chemical via a chemical reaction.
