

tion, Commercial Branches, and Domestic Science, under Teachers of the highest professional standing. In the matter of Domestic Science and Art a Normal Course for Teachers has been provided. The leading characteristic of the College is sound scholarship, based on Christian Principles. The Rev. Doctor Hare has been Principal since its inauguration in 1874.

For twenty-nine years Doctor Hare has presided over the studies of thousands of young ladies who have attended the Ontario Ladies' College at Whitby. He is a native of the County of Carleton. At the early age of thirteen he entered Victoria University. A few years afterwards he taught the Public School at Richmond, and in 1873 he took his degree of Bachelor of Arts at Victoria. In his University course he not only won a scholarship, but took many first prizes, including Honour Metaphysics, Hebrew and Scripture History. On graduating he was ordained as a Minister, and served as such at Chatham, Smith's Falls and London.

In 1874, the year of the foundation of the Ontario Ladies' College, he was appointed to the Principalship, which position he filled with such success that he was, in 1879, appointed Domestic, or Moral, Governor, (in succession to the Reverend J. E. Sander-son, M.A., who returned to the work of the Ministry), as well as Principal.

Doctor Hare received the degree of Master of Arts from Victoria University in 1876, and won his Degree of Ph.D. from the Illinois Wesleyan University.

For the first few years of the College Mrs. Hare held the office of Lady Principal, during which time she did much to advance the Social and Religious life of the College. Then followed Miss Adams, a well-known Canadian Educator of long experience and distinguished ability. The present Lady Principal is Miss N. Burkholder, B.A., a Lady of broad culture and pleasing address, eminently fitted to fill acceptably the position to which she has been appointed. For several years the attendance of resident Students has been from 130 to 150, with about 30 day Students. Notwithstanding the large additions already made to the Building, the Board of Directors are again thinking of an enlargement of the College, so as to meet the requirements of the constantly increasing attendance of Students.
