

HAMILTON HAPPENINGS

HYDRO-ELECTRIC IS COMMENDED BY BRYAN

Trend of Modern Government, Says Nebraskan Orator, is Toward Public Ownership.

HAMILTON, May 14.—(Special.)—In the course of the evening with the world in his room at the Waldorf Hotel to-night Wm. Jennings Bryan of Lincoln, Nebraska, referred to the Ontario hydro-electric power scheme which he commended highly. He said that the trend of modern government was towards public ownership of public utilities, and that in the United States about sixteen-sevenths of the municipal waterworks were owned by the municipalities, and that a large part of the municipal gas systems were under the same ownership. He did not think that the principle of public ownership had been so widely adopted in his country as in England and Canada.

Mr. Bryan was the one busy man in Hamilton to-day, no less than four large audiences having the pleasure of hearing his silver voice. At 11 o'clock this morning he addressed the congregation of James-street Baptist Church in defence of the authenticity and inspiration of the Bible. At Knox Church at 3 p.m. he spoke on "Faith," and at 4 p.m. he repeated his "Principle of Peace" oration to a crowded house at the Temple Theatre, while Centenary Methodist Church heard him at 7 p.m. on the subject of foreign missions. Although the first three of these addresses have been often repeated by Mr. Bryan, none of them has lost its effectiveness on that account. His "Principle of Peace" is the most popular of the orator's, but the seven years it has been in use has not dulled it in any way, nor has Mr. Bryan lost any of his powerful persuasiveness and magnetism in dealing with the theme. Mr. Bryan will leave Hamilton to-morrow morning for Stratford. Asked when he would next visit Hamilton he could not say, but he intends making a tour of the maritime provinces before long.

Mystery Still Unexplained. The disappearance of Hugh Martel from his home in Hamilton last night still remains unexplained. The theory now advanced by his wife for Martel's absence is that he had been to Hamilton and received some drug which temporarily deranged his mind, and that he had intended to return to his home in Hamilton. Chief of Police T. W. Dandras to-day received information that a man answering the description of Martel published in the Toronto World on Saturday had been seen that day at Hamilton. Chief of Police Martel is a man being in his territory, but a close watch will be kept for Martel to-day. Major Lee will to-morrow assume the role of pacificator when he will attempt to bring the striking carpenters and structural iron workers and their employers to terms. This he has been asked to do by the strikers. As the mayor has the full confidence of all parties to the labor dispute, it is felt that if mediation he accomplish anything he is the man for the job.

Ten athletes of the Hamilton Canadian League team to win five Canadian cups of silver from Niagara University by a score of 2 to 1. The students scored one in the three innings, and it was not till the seventh that the pro boys were able to get one across the plate. With the ball in the ninth, the visitors filled the bases with no outs, but Kearney, the Hamilton pitcher, pitched a gem, and by holding by Kolesch saved the day. In the home team's half of the tenth, Kolesch scored the winning run on a base decision, which the visitors disputed. Charlie Conkle, the umpire, represented some unsportsmanlike language by the student catcher, and the two came to blows. The umpire, who players however, prevented any damage to either contestant. Hotel Hanrahan, corner Barton and Catherine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1906, Modern and strictly first-class. Rates \$1.50 to \$2.00 per day. Phone 2465.

ATTACKED BY MOORS French Column in Morocco Rout Tribesmen.

EL KNITRA, Morocco, May 8.—(Delayed in Transmission.)—Major Vidal yesterday conducted a reconnaissance to the south and was attacked by Moors. Quick fire was turned on the tribesmen, who were dispersed with a loss of 20 killed or wounded. The French had one dead wounded. The body of a native scout was found in a mutilated condition. The column afterwards captured the Moor, who was concerned in this murder, and shot him. The camp to-night was twice assailed by the shots from the outskirts. A convoy from Melilla on its way to Salee was attacked by a swarm of horsemen. The Spanish charged, scattering many of them. The native raid, co-operating with the French, had two men killed. The enemy's dead numbered twelve.

NO ANTI-CHINESE POLICY. ST. PETERSBURG, May 13.—The New York in its editorial of to-morrow will deny the rumors published here that negotiations have been going on between Russia and Japan for a common anti-Chinese policy. The paper will say, however, that the Japanese and Russian Governments are negotiating for two conventions, one for the mutual extradition of criminals and the other for the mutual registration of patents.

Hatch Wins Marathon. ST. LOUIS, Mo., May 13.—Sidney Hatch of Chicago, unattached, won the seventh annual Marathon race of the Missouri Athletic Club this afternoon by covering 26 miles and 85 yards in 2:04:55. Joe Forshaw of the M.A.C. finished second, five minutes behind Hatch, and Joe Eriehsen of the M.A.C. came in third, five minutes after Forshaw. Thirty-six local and visiting long-distance runners started from Presbiterian, Ill. The course took the runners thru Belleville, East St. Louis, and across the Eads bridge to the clubhouse, a block from the western terminus of the bridge. J. J. Philvart of Chicago, winner of the race, did not run to-day.

EXPECT COMPROMISE ON HOUSE OF LORDS

Unionists Will Demand Settlement Favorable to Themselves as to Government.

LONDON (via Glace Bay), May 14.—(N. Y. Tribune cable.)—The Spectator advises the Unionists to take the parliament bill plus Lansdowne's bill minus the creation of peers as a choice of evils. This counsel is based upon the obvious fact that the prime minister has received guarantees from the opposition by which the government may be relieved of the necessity for reforming the house of lords. Reasons for the compromise are as cogent, but there is no evidence that the Unionist leaders are prepared to accept a settlement more favorable on the surface to the government than themselves. Mr. Balfour may be more conciliatory when he speaks at Newcastle next week for the presence of Lord Lansdowne has encouraged the idea that the opposition will put up with a reformed chamber which is not over-ruled in power with the commons. For clever political manoeuvres not yet ended, Mr. Asquith, without doubt, will take the reform bill as substitute for the present one. He is not over-ruled in power with the commons. For clever political manoeuvres not yet ended, Mr. Asquith, without doubt, will take the reform bill as substitute for the present one. He is not over-ruled in power with the commons.

Public apathy respecting constitutional issues becomes dangerous. The chancellor's budget and insurance scheme deeply interest the masses, who understand the tactical movement and subtle strategy involved in the struggle between the houses. Radicals in the confidence of the government assert that several cabinet changes may be expected after the coronation. It is even hinted in the Unionist lobbies that Lloyd George may retire in consequence of ill health, but there is undue anxiety in that quarter regarding the bill of the leader, who is popularizing government measures.

SCARBORO COUNCIL DID WELL

The action of Reeve Annis and a majority of the members in adhering to their former decision to expend \$400 in the putting of concrete sidewalks in Agincourt, the village dividing a similar amount, seems on the face of it to have been a wise decision. The case of Agincourt is a peculiar one and in view of its central position and the great advantage the sidewalk will be well spent. The same offer applies to Malvern or any other village in the municipality, and it is the duty of the council to see that the money will be well spent. The same offer applies to Malvern or any other village in the municipality, and it is the duty of the council to see that the money will be well spent.

THE BENEFITS OF OCEAN TRAVELLING.

It is said that a trip abroad will do more toward making new men and new women than all of the theories ever advanced by medical men. The cures effected by the bracing yet soothing, unadulterated ocean air, due to its saline and other chemical ingredients, and its greater amount of oxygen and ozone, are attracting universal attention to the great advantages of the ocean trip. Besides being nature's most improved scale, it also gives a wider vision and a different view of men and things. In regard to the benefits and advantages of the ocean trip, there is no doubt, but the perplexing question heretofore has been the expense and how to overcome it. The Anchor Line offers a solution of the problem in its new and better equipped steamship service. Once on board one of its new commodious twin-screw steamships the passenger comes to experience a higher and better life, and forgets that trouble ever existed. The 7-12 days' voyage is one of pleasurable companionship and activity, or of absolute rest and seclusion, according to the desire of the individual—a trip for those who wish to retain their health as much as for those who have lost their health. The experience of the Anchor Line, as well as the accommodation and comforts provided on all steamships of the Anchor Line have won for it an enviable reputation among ocean travellers. All the ships in the service are equipped with the Marconi wireless telegraph. The Anchor Line Illustrated Book of Routes may be had free upon request to the general agents, Henderson Brothers, 17 and 19 Broadway, New York.

Taking Stringent Precautions.

OTTAWA, May 14.—Militia orders this year aim at the man who converts typhoid around with him, though himself apparently well. They state that "no officer non-commissioned officer or man of the militia, permanent or active, who has suffered from typhoid fever, within twelve months" will be allowed to proceed to Petawawa camp unless it has been satisfactorily proved that he is not a "carrier."

York County and Suburbs

WEST TORONTO. WEST TORONTO, May 14.—(Special.)—The Davenport football team defeated the Stunderland yesterday afternoon in a game on the Jane-st. grounds, by a score of 6 to 1. Both these teams play in the Toronto District League. A game was played on the same ground, by a score of 6 to 1. Both these teams play in the Toronto District League.

WEST TORONTO, May 14.—(Special.)—The death occurred yesterday of Edward W. Minnis of 1772 Dufferin-st., Earlscourt. The deceased was 46 years of age, and leaves a widow. The funeral will take place to-morrow afternoon at Prospect Cemetery at 2:30 o'clock.

Peace Sunday

May 21 has been designated as "Peace Sunday" in Toronto, and a public meeting will be held in Association Hall at 3 p.m., when a discussion will take place on "Canada into an American treaty." President Falconer of Toronto University will preside, and a feature of the program will be the reading of various points by clergy of the different denominations, as well as representatives from the Women's National Council and Trade and Labor Council. Among the speakers will be: President Falconer, Rev. Dr. Hing, Rev. J. J. Hutchison and Rabbi Jacobs. The public are invited.

Earlscourt. S. O. E. Have Fine Parade—Street Cleaning Inefficient.

EARLSCOURT, May 14.—(Special.)—The Earlscourt Lodge, S.O.E.E.S., No. 308, together with a number of brethren from the lodges at 2:30 this afternoon proceeded to Boon-avenue Methodist Church, where an eloquent and instructive address was given by Rev. A. Marrett, the visiting pastor. There was a large attendance of the brethren generally, and the splendid appearance of the members was generally commended upon. Earlscourt Lodge, S.O.E.E.S. is a thriving organization. H. L. Trimble of Mount Dennis is said to be the owner of the Earlscourt property, and it is thought to constitute a new record along this line. Property belonging to Harris is coming in for a lot of adverse criticism these days, by reason of the refusal or neglect of some of his subordinates to clear away the garbage on the days scheduled. During the week, a notice was received that the department would hereafter call twice, but the men on duty and the streets have been littered with garbage for days. Earlscourt wants the garbage taken away twice a week, and wants it taken regularly at that.

PICKERING. Newsy Notes Picked Up in and Around the Village.

PICKERING, May 14.—(Special.)—Pickering township council meets to-morrow (Monday) at one o'clock, at Brougham, for the regular transaction of business. The issue to be used at the centennial celebration has arrived, and has been forwarded to the several churches throughout the township. Mr. Hoover and W. A. Fuller secured five additional subscribers in a trip along the lake shore a few days ago. W. Richardson, J. A. Gormley, W. W. Sparks, Cuthbert Brown, E. Davidson, W. Gee, T. C. Brown, E. Broome, R. W. Smith, and J. Broome, are the names of the census enumerators for Pickering. Owen Strickland and daughter narrowly escaped a serious accident, their horse frightened by an auto. The driver of the auto, who was at the time, at once stepped on the brakes, but the horse, in its fright, reared up and struck the driver on the head, resulting in a severe injury. The number was secured and prosecution will follow.

NEWMARKET. Growth of Town Is, Especially Gratifying.

NEWMARKET, May 14.—(Special.)—The town's assessment shows a substantial gain for the year, increasing by over \$100,000. The total assessment now is \$1,022,655, being just double that of eight years ago. It is made up briefly as follows: Land values, \$234,595; buildings, \$788,060.

GREEPS LIKE A SERPENT

Catarrh is an insidious disease, scarcely noticeable at first, but horribly relentless if not checked. No disease makes such inroads into weak constitutions as Catarrh. It spreads from the place of being to the lungs, bronchial tubes, stomach, intestines, and before long all the organs of the body are affected. A splendid remedy, attended with remarkable success in curing Catarrh, has lately come prominently to the front. Its name is Catarrhazone, and no case is recorded where it failed to quickly relieve and cure. The strong points about Catarrhazone are that it is both a local and constitutional treatment. It not only acts directly on the local symptoms, but also purifies the blood of all Catarrhal poisons, builds up and strengthens the system. Catarrhazone supplies an abundance of medicated air, which is breathed in at the mouth, and after passing through every air cell and air passage of the breathing organs, is slowly exhaled through the nostrils. This penetrating volatile antiseptic at once kills the germs that cause Catarrh, and it may be used before spreading when once established. It is so healing and soothing that the inflamed membranes and sore spots are restored to normal and healthy condition in a few days. Catarrhazone cleanses the nose and throat and keeps them entirely free of mucus and discharge. It prevents drooping in the throat, cures headache and makes breathing easy and the breath pure and sweet. Catarrhazone is so benefited quickly and positively cured by Catarrhazone. The complete outfit costs only \$1.00. Medium size, 50c; trial size, 25c. Sold by all druggists and dealers or The Catarrhazone Co., Kingston, Ont.

YONGE-STREET FARM SOLD.

Zone of High-priced Land is Widening. It is now definitely stated that the 150-acre farm belonging to John McKenzie of Willowdale has been sold for \$80,000, and that it will be broken up into small garden plots. The farm is situated on the south side of the street formerly owned by John Morgan and which was likewise sold within the last six months. The farm is situated on the south side of the street formerly owned by John Morgan and which was likewise sold within the last six months. The farm is situated on the south side of the street formerly owned by John Morgan and which was likewise sold within the last six months.

WEST YORK LICENSES.

The West York License Commissioners, James McNeill, Mayor; Chairman; George Holdenby, Mimico, and R. G. McCormick of West Toronto, with Inspector Mackenzie, met yesterday to consider the application of W. H. Miles of Humber Bay for the transfer of his license to the Grand Trunk Railway of Canada, which was granted. Also the application of W. S. O'Leary of Humber Bay for the transfer of his license to M. E. O'Leary of Toronto. This transfer was not granted, as after criticizing the two parties, the license failed to come to an agreement, and the business will still be conducted by W. S. O'Leary.

VICTORIA SQUARE.

Victoria Square, May 12.—The Victoria-square branch of the W. Institute will hold their annual meeting at the home of Mrs. T. Frisby, on Wednesday, May 17, at 2:30. Program—Paper by Miss L. Reynolds, Toronto; solo by Miss Eyer due to Misses Hood. Members are all requested to attend this meeting. Everybody welcome. Election of officers. Mrs. A. E. Jemmy, secy.

NEW LABOR PARTY.

MONTREAL, May 13.—At a meeting of the executive board of the Montreal National Trades and Labor Council yesterday, it was decided to organize a political labor party in connection with the council, and to place its headquarters in several constituencies in eastern Canada. The new labor party will be conducted on lines similar to that of the British labor party.

BE THE WINDOW OF THE SOUL

It requires the most delicate care and attention. It is the most sensitive of all the human organs, and is the most easily injured and destroyed. You can protect the eye from many dangers by wearing good glasses, and using the correct lenses to suit individual sight. Our work has made us famous in this respect. We keep artificial eyes.

Pastor Russell's Sermon

LYNCHBURG, Virginia, May 14.—Pastor Russell of Brooklyn, New York, N.Y., preached twice here to-day, the first time at 10 o'clock. We report one of the discourses, which was preached from the words of the apostle, "Christ brought life and immortality to light through the gospel." The speaker said: "We have a number of times mentioned the glorious exaltation promised to the faithful, and this attainment will be thru, or by means of, the power of God working in the heart as the result of faith in the atoning sacrifice of the precious promises" (II Peter 1, 4). These will not be coerced into obedience—their will be voluntary submission to the divine will. The test of their will be loyalty and faithfulness to God to the very limit—to the extreme of self-denial, and voluntary humiliation. The speaker said: "The apostle writes concerning the church, the elect 'little flock' of called, chosen and faithful ones. He tells us that by perseverance in well-doing we are to attain glory, honor and immortality; and that this reward, to the faithful, will come in the first resurrection, when mortality shall be clothed upon with immortality, when the new body, glorious and of the divine nature, will be granted to each of the faithful, as instead of the present and imperfect bodies of the present time" (Romans 11, 8, 7; I Corinthians xv, 54).

Immortality

The immortality for which the apostle declares the church is to seek is of a different kind entirely from that which the world may expect. It is a different kind even from that which the angels possess. It is the immortality which is a feature or quality of the divine nature. This immortality, the Scriptures assure us, was originally possessed by the heavenly Father alone. We read: "The Father alone hath immortality, dwelling in the light which no man can approach, whom no man hath seen nor can see. The only-Begotten of the Father, the Logos, when made flesh, revealed the Father to mankind (John 1, 18). The faithfulness of the Logos as the Son of God, Jesus, was rewarded by the Father with glory, honor and immortality—the divine nature. And this great privilege has been granted to all elect 'little flock' of the church, to become associated with Jesus in the sufferings of this present time and in the glory to follow. Our Lord Jesus corroborated the assurance by saying: 'As the Father hath inherent life (immortality in the highest sense of the world—deathlessness), so hath He given unto the Son that He should have life in Himself, and that He might give it unto whomsoever He would—the Bride class, the overcomers, 'more than conquerors'."

Immortality

The redemption to be accomplished by the Redeemer during His reign as Messiah is to restore all the willing and obedient in human perfection and divine favor, as these were enjoyed by Adam before his transgression. All the fully-willing and obedient, returning to relationship with God thru the Redeemer, will be destroyed in the second death. The test will be to do (thru, so crucial, that God desires no others as He be no more crying, no more dying, which implies that there will be no more sin—that the lessons connected with human and angelic transgression will be so thoroughly learned that those found worthy of eternal life will have their characters eternally fixed in respect to righteousness and sin, as God's character is fixed and unchangeable. The Scriptures, as we have already stated, make the word 'immortality' in a more restricted sense than is common in our general usage. They apply the word to the Father and to the Son, and to the bride, the Lamb's wife. The blessing of everlasting life provided for angels and for men found obedient to the divine will is Scripturally called, not 'immortality, but 'everlasting life.' Thus the Scriptures explain the twofold work of Christ: (1) The work for the world, in providing for all the willing and obedient of mankind, everlasting life; (2) the work for the church, in making possible for the willing and obedient of the bride class, glory, honor and immortality, the divine nature. The Scriptural expression is that 'Christ brought life and immortality to light thru the gospel.' If Timothy 1, 10. Everlasting life was intimated in the remote past, but not specifically stated. The declaration that 'the ransom of the woman should bruise the serpent's head' implied a recovery from sin and death, a victory over the adversary, a release of mankind from the dead. But it was not specific. The promise of Go do Abraham, that in his seed all the families of the earth should be blessed, contained an intimation of the restoration of the fallen condition, a restitution to normal life conditions. But there was also given intimations of coming blessings thru a great Messiah, but failed to say that eternal life would be the grand result.

Tag Day in Ottawa.

OTTAWA, May 14.—Saturday was "Tag Day" for the Ottawa hospitals and realized \$8,654, some \$2,000 less than last year.
