LETTISH GOVERNMENT ABANDONS RIGA, FOLLOWING ATTACK

EXPECT LAPOINTE TO BE THE LEADER
DEBEC LIBERALS

Also by Carrying By-Elections Will Succeed Laurier in Chieftain's Riding.

Special to The Toronto World.
Ottawa, Oct. 12.—The announcement that Ernest Lapointe is to give up his seat as member of the house for Kamouraska and contest East Quebec with the approaching by-election is not without significance. It is interpreted to mean that Mr. Lapointe will re-enter the house a few days hence not only as the successor of Sir Wilfrid Laurier as the member for East Quebec, but also as his successor as Liberal leader in the province of Quebec.

It is noted that the factional fight in Quebec East which promises to seriously embarrass the Liberal party, was settled, not by Hon. Mackenzie King or by his old friend, Hon. Rodolphe Lemieux, but by Ernest Lapointe, Jacques Bureau and their associates. The event also synchronizes with the departure of Mr. Lohieux and Hon. L. Bédard on Thursday evening, and a more or less definite rumor of Mr. Lemieux's early retirement from public life.

Had a Serious Phase.
The quarrel in Quebec had assumed a serious phase of national interest to the Liberal party because it gave an opening for Armand Lavergne to contest the vacant constituency. Here Lavergne by any chance been chosen to succeed Sir Wilfrid Laurier as the member for East Quebec, inferences would have been drawn to the great prejudice of the Liberal party through the Dominion. The unanimous selection of Mr. Lapointe as the Liberal candidate will probably put an end to the candidacy of Armand Lavergne, and it is freely predicted that Lapointe will be returned on Oct. 20 by acclamation.

Another feature of interest in the affair is the evident determination of the younger element of Quebec Liberals who are supporting Lapointe and Mr. Bureau to get away from any association with the Nationalists. They will no doubt draw considerable strength from the supporters of Bourassa and Lavergne, but they are all the more anxious on that account to keep the editor of Le Devoir and his first lieutenant at arm's length.

Greenport, N. Y., Oct. 12.—Engine trouble today prevented Vice-Admiral Mark Kerr from completing his flight from Parsippany, N. J., to Roosevelt Field, Mineola, in the Handley-Page bombing machine, "Atlantic," which landed here Thursday night. Another attempt to reach Mineola will be made Monday.

IVENS IS PROHIBITED FROM MAKING ADDRESS AT THE PEOPLE'S FORUM

Western Strike Leader Is Refused Permission to Talk on Prohibition—Stormy Audience and Heckling Greets Speakers.

Rev. William Ivens, ex-president of the Winnipeg strike council, who was to have given an address on prohibition at a meeting of the People's Forum last night at the Strand Theatre, was not permitted to speak. Mr. C. Robinson, manager of the Strand Theatre, stated to Mr. Greenwood Brown, president of the People's Forum, that, as manager of the theatre, he would not allow Mr. Ivens to speak in it. Mr. Brown understood that Mr. Robinson had also been approached on two occasions by the Dominion police to the same purpose. Mr. Wesley Barker, a member of the executive of the open forum, who was present at the meeting last night, stated afterwards that at the meeting of the executive of his organization on Tuesday evening next, he would bring up the question of asking Mr. Ivens to open the season of the open forum commencing at Foresters' Hall on Sunday next, when the question of Dominion interference with public meetings would be tested out.

Meeting Was Stormy.
This was not the only difficulty in the way of the meeting last night. An organized attempt to break up the meeting was alleged by another member of the forum. J. W. Bengough was subjected for Mr. Ivens, and to judge from the attitude of the majority of the audience it would seem that they had come to the meeting with a ready will to do as much as possible for the speaker. Mr. Bengough was constantly interrupted and at times shouted down, but with a ready will had a reply for every rebuke, and eventually got thru his chaff-talk to the advantage of prohibition. After

WILSON'S RECOVERY A SLOW PROCESS

Physician Refuses to Comment on Report That He Has Brain Lesion.
Washington, Oct. 12.—While President Wilson is believed by his physicians to be on the road to recovery, the process will be slow and tedious. The president, it was said today at the White House, must resign himself to strict observation of the physicians' orders, to put aside all thought of his office while convalescing, and remain in bed until danger of relapse has passed.

The physician's bulletin read: "The president is in good spirits and has had a restful day. Grayson."
Dr. Grayson said today he would not comment on the published letter that he had written to the House of Representatives, to a constituent, saying that the president had a brain lesion, and refusing to discuss the matter. He would not deny the statement, but he would not depart from his policy of standing on his official bulletins and refusing to discuss the matter.

STOLEN LIMOUSINE CRASHES INTO AUTO

Boy Thieves Outclass Pursuers in Race for Liberty.
Two motor cars were damaged and one man injured at noon Sunday when five boys, driving a stolen limousine, crashed into a lighter car at King and Sackville streets. The boys are alleged to have taken the limousine owned by A. E. Brouse, 157 St. George street, from in front of St. Paul's Church, Bloor street, and to have driven it east along Bloor to Sherbourne and south to King. Driving east on King street, the boy that was driving the car lost control and collided with a car driven by Fred Dixon, 541 Dundas street. William Callahan, 541 Dundas street, owner of the automobile was thrown out of the sidewalk, fracturing his collarbone. Three thieves seeing an accident was unavoidable, jumped from the car and ran north on Sumach street. SESSION TO LAST TWO MORE WEEKS

Bill Providing for Acquisition of G. T. R. to Prolong Business of Parliament.
Ottawa, Oct. 12.—There is little expectation at the capital that the session will be brought to a close within two weeks, and there are some members who think it may last until the beginning of November. It is generally believed that the bill providing for the acquisition of the Grand Trunk Railway will be provocative of a considerable debate in both the commonsense and the senate, and the same observation applies with equal force to the bills dealing with prohibition.

It does not admit of the reasons put forth by Germany for the delay.
