ACCOMMODATION FOR 30,000

Provided in Toronto for Those Who Will Attend the Coming Epworth League Convention.

Dr. Walter Wilmott, who has charge of the E. L. official programs, told The World yesterday that only 40 programs had been asked for as yet by Canada, whereas requests for more than 1000 had come from the United States ,and the convention is hardly a week away.

Dr. Bell, who has had charge of the arrangements for providing homes for the coming Epworth League Convention, announces that he has places for a little over 20,000. It is estimated that the hotels will accommodate 5000, and probably 5000 more will be entertained by personal friends. It is, therefore, estimated that accommodation has been secured for fully 30,000 persons.

Since the citizens have awakened to the magnitude of the gathering offers for accommodation have been coming in freely, and it is believed that every person who comes will secure a comfortable stopping place.

The billeting of the speakers has been completed, and good places have been found for all. The committee found this work to be somewhat difficult, on account of many of the best homes being closed at this season of the year, and their occupants out of the city.

About 30 ministers have been billeted at Knox College, which has been kindly thrown open for the accommodation of delegates.

McMaster Hall has also been placed at the disposal of the House Committee, and will be occupied by a delegation from the State of New York under the direction of Rev. J. H. Race, Binghamton.

FOR THE CHURCH'S GOOD.

How Several Hundred People Spent a Pleasant Evening in a Good Cause.

Garden parties seem to be the spirit of the summer among the city churches, and yesterday a very delightful one was held in connection with St. John's Church, at the residence of Mrs. Scales, 54 Wellington-place. The rear lawn was a beautiful place with flower, fruit and various other booths, making fascinating baits.

Only a few stragglers visited the garden in the afternoon, but last evening people went with a vim, several hundred passing in and out, delaying to hear the wailing and thrumming of the harpies, which made sweet the night air, and to enjoy the tempting ices.

The long summer house at the end of the lawn made an attractive and inviting retreat for many a one, while during the pauses of Gnonma's Orchestra the cooing of a hundred doves overhead inspired the most delicious sentiment.

The program was varied with songs by Mrs. Youngheart, Miss Petley (who has just returned from New York) and several others.

Mrs. Scales was very kind and attentive to all the guests of the day, and, with her many assistants, did everything to make the visitors have a pleasant time.

Stratford's Ex-Residents Celebrate.

On Tuesday afternoon the third annual reunion of ex-residents of Stratford was held in High Park. There was an attendance of about 200, all of whom enjoyed their outing thoroughly. A splendid tea was served by the ladies, after which an adjournment was had to the pavilion, overlooking Grenadier Pond, for the purpose of permanent organization. Mr. Simon McCutcheon acted as chairman and Mr. Shaw as secretary. Speeches were limited to one minute. Officers were chosen and a committee appointed to select a suitable name for the new organization. It was decided to hold a moonlight street car ride in a few weeks. Congratulations were also sent to the Mayor of Stratford. An adjournment was made, subject to the call of the president. Then all joined hands and sang "God Save the Queen" and "Auld Lang Syne," thus bringing to a close the most successful gathering yet held.

University Degrees.

Editor World: One cannot sufficiently admire the good taste with which the late pastor of the Metropolitan Church declined the proffered title of D.D. It is in antithesis to the mania of receptivity by others of the clerical class. Almost every one of the pastors of the churches that of the Anglican Church who presides over their spiritual interests flourishes a D.D. degree or LL.D. degree plastered on the church boards, and conferred for the most part by one-horse colleges in the United States, whose diplomas would not be recognized for a moment by Oxford, Cambridge or any German university, and the vain holders of which degrees in nine out of ten cases could not explain, if asked, what a negative angle is, nor could they read, much less translate, a line of Greek, as we used to say, ad apertum librum. Clericals are addicted to the vain show of life as much as we poor, fallible mortals not of the white tie.

One Who Worked for his D.C.L. Degree.

Canadian Home Journal.

The Jubilee edition of The Canadian Home Journal, published in Toronto, has just reached us. It is artistically gotten up, full of spirit, well illustrated, and in every way lays just claim to be the leading ladies' paper of Canada. Music, art, fashions, games, the household, fascinating and seasonable stories written specially for The Journal, bright, timely articles on books, people and current events, are among its leading features, and commend it to every woman in the Dominion.

Successful Garden Party.

Westmoreland-avenue Methodist Ladies' Aid Society held a successful garden party last night at the residence of Mr. R. Robinson, 562 Delaware-avenue. Miss Annie Snyder, who has rapidly won fame as an elocutionist of rare ability, delighted the large audience with her inimitable selections. She is an artiste of an exceptionally high order, and her repercolre is replete with humor, wit and pathos. An orchestra from Yonge-street Methodist Church discoursed sweet music, and a very pleasant evening was spent by all.

Away Down East.

From east to west people have heart trouble. This causes violent headaches, neuralgia, nerve trouble and prostration. Says Mrs. Somers of Moncton, N.B.: "I tried many remedies, but never found anything to give me such prompt relief as Milburn's Heart and Nerve Pills have done. I suffered from the above symptoms, but now gladly testify to the cure these wonderful pills have made in my case, and I hope all sufferers will try them."

At Toledo clover seed closed at $4.20 for October.

Bradstreet reports a decrease in wheat for the week of 1,360,000 bushels east of the Rockies, and an increase of 200,000 bushels in Europe and afloat. World's decrease 1,160,000 bushels.

Car receipts of grain at Chicago to-day: Wheat 12, corn 600, oats 452. Estimated for Thursday: Wheat 9, corn 330, oats 185.

Estimated receipts of hogs at Chicago today 27,000; official Tuesday 11,266; left over 3500; estimated for Thursday 34,000. Market active and strong; heavy shippers $3.15 to $3.55.

Cattle receipts at Chicago to-day 15,000; market steady to 10c lower.

Corn in Chicago was active and strong to-day. There is talk of September going to 30c.

The weather map predicts destructive storms in the spring wheat belt.

Receipts of wheat at Minneapolis and Duluth to-day 167 cars, as against 438 cars the corresponding day of last year.

Exports at New York to-day: Flour 13,005 barrels and 13,484 sacks; wheat 15,901 bushels.

With the present dearth of domestic supplies of wheat and the existing rate of exports, the prospect is for a smaller available supply in America on Aug. 1 than is now reported. Bradstreet says: Should the July decrease amount to an average of recent years, say 10,000,000 bushels, it points to a probable total of the world's available supply of wheat on Aug. 1 of only about 68,000,000 bushels, a smaller total than has been reported at a like date for eight years.

TORONTO FRUIT MARKET.

The fruit offerings yesterday were not nearly so large as on Tuesday. The consignments of strawberries were considerably diminished, showing that the season for them is drawing to a close.

Cherries and red currants, red and black raspberries and gooseberries are beginning to come in more freely; also new potatoes, cabbage and beans are more plentiful. About 3500 packages came by boat and rail and prices were as follows: Strawberries 2½c to 3½c, raspberries 10c to 12c, cherries 40c to 80c per basket, red currants 30c to 50c per basket, gooseberries 15c to 50c per basket, new potatoes $1 per bushel, cabbage $1 per bbl. and beans 40c to 60c per basket.

TIPS FROM WALL STREET.

The market closed firm.

The most active stocks to-day were: Sugar 28,700 shares, P.M. 3200, W.U. 3800, Rock Island 3800, St. Paul 20,300, Jersey Central 2700, N.Q. 4500, Reading 3500, L.N. 1900, Burlington 16,400, Omaha 2000, Manhattan 8200, T.C.I. 2900, Tobacco 2600, Atchison, pf., 2100.

McIntyre & Wardwell received the following despatch from New York to-day:

The market was strong this afternoon, more on the absence of any pressure to sell stocks than any demand from outside sources. What little demand there has been seemed to be largely professional, due to covering of short contracts by the room dealers, who speculate on superficial indications. Burlington, St. Paul, Northwest and Sugar were notably strong and more active than any other portion of the list. The strength of the market was also in face of the liquidation of a large line of long stocks for the account of a prominent trader who is going to Europe. Later in the day London bought back some of the stocks it sold this morning. The Senate is to begin five-minute speeches on the tariff this afternoon, which is beginning to end. The proposal to put an internal revenue tax on sugar meets with no favor. Sterling exchange is dull, at $4.87 for demand. The Southern Railroad's gross for fourth week in June decreased $35,000. A decision in Baltimore & Ohio preferred stock case is expected this week. Rock Island officials say the current improvement in traffic and earnings is well maintained.

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

The market opened firm and lafter became strong but inactive. Cables were accompanied with some large buying orders. The strain over July is passing quietly and the deliveries of the first new wheat are watched carefully. Minneapolis authorities speak of a possible harvesting spring wheat crop aggregating 200,000,000 bushels for the two Dakotas and Minnesota. We note less disposition to sell on the breaks and an apparent desire to buy the good grade wheat on the principle that it is good quality and will make farmers as willing to hold as it will make the millers and elevator men anxious to buy. Wheat is not very high-priced, and with the slightest bullish news would do better. The weather in the section north of Oklahoma and throughout the States now harvesting is, and will continue very interesting to wheat traders.

A storm period of three days, such as is often seen at this time of year, might reduce the crop prospects sufficiently to cause vigorous covering by short sellers already getting out a rather liberal line. The grain trade is watching reports on corn crop from Kansas and Nebraska. Good rains have fallen over the greater part of the corn belt in those states during the past 48 hours and relieved the severe damage for the present. The market closed strong around top prices for the day.

Corn ruled very active and on the whole strong, the range covering 1¼ cents. There was a good trade, both local and outside. Receipts were 600 cars. There is no abatement to the hot weather through the corn belt and much danger is feared in consequence. Commission people were the most prominent sellers early and the buying was considered good. The market became very strong during the last hour of the session and the price quickly advanced to 28c, closing firm at the top.

Provisions ruled moderately active and slightly lower to-day. Receipts were 27,000 hogs. Local operators bought pork on opening prices and professionals and commission people sold both pork and lard. Weare bought ribs. The market turned dull during the last hour and closed tame. Domestic markets were reported shade lower. Cash demand fair. Estimated hogs for to-morrow 34,000.

$225,000 TO LOAN At 4½ to 5½ per cent. on Real Estate Security, in sums to suit. Rents collected. Valuations and Arbitrations attended to.

McIntyre & Wardwell received the following despatch from Chicago to-day:

Wheat—The better tone to cable advices and liberal buying for foreign account started the market firm to-day and it presented a strong front all day, particularly in the closing hour of the session when one reported large continental demand at the seaboard it advanced about ¾c and closed firm around the top prices of the day. Cables firm and New York reports 50 loads winter wheat worked for Continent. A feature of strength is the meagre movement of new wheat to primary points, but this can be expected as country millers generally will probably absorb first run of receipts. There was a little milling demand here to-day and 30,000 bushels No. 1 Northern wheat sold. We continue friendly to market and advise purchases on weak spots.

Provisions—Opened lower on free selling of September ribs by packers and lard by John Cudahy's brokers. Later John Barrett bought about 1,500,000 lbs. September ribs at $4.45 and selling was scattering. The advance in corn and wheat prevented further decline in provisions. Market closes strong at about the highest prices of the day. Estimated hogs to-morrow 33,000.
