SATURDAY MORNING

To-Night's Great Concert. The concert by the renowned Seidl Or-hestra and Mme Rive-King, the eminent anist, takes place to-night in the Masse; ently, the audience will be a thoroughly presentative one, musically and fash ably, and will be very large. Although there has been a steady demand for seats, some good ones are still to be had, but early application for them to-day, is advised. The box office will be open from 9 o'clock this morning until 5 o'clock this afternoon, the doors being opened at 7.20 and the concert beginning at 8.15 to-night. The number of rush seats for this event is limited to 441 and those who intend going should secure their places to-day and avoid the crush at the doors. The program to be presented will be a most enjoyable one and embraces the overture to Euryanthe by Weber, Hungarian rhapsody by Liszt, Wiener Blut waltzes by Strauss and many other interesting and enjoyable numbers. In memoriam of the late Anton Seldi, the orchestra will play Siegfried's Funeral March by Wagner. Mme. Rive-King will play Rubenstein's D minor concerto. The Street Railway Company have promised a special service of cars to and from the concert.

"The Heart of Chicago," which opens week's engagement at the Toronto Ope House on Monday evening, is reported have the most realistic railroad scene ev wanted for some time by the constability of that district, who were unable to capture him. When arrested he carried a loaded revolver. All the grain was found in a shack occupied by them at Allandale. This morning Edward Roland pleaded guilty. The prisoners were remanded to allow their records, to be looked up.

Children's Ald Seciety.

The monthly board meeting of this so-

His Grace at the Passion Play. Accompanied by Father Walsh, Father Ryan, the Sisters of Loretto and St. Joseph, the Christian Brothers and the children from the Catholic orphanage, His Grace attended a private presentation of the Passion Play given at Association Hall yesterday morning. His Grace expressed his delight at the admirable views and instructive lecture. It is a treat which should not be missed next week.

To-day at the Grand here was a Brilliant assemblage at the and Opera House last evening. There two performances to-day. "One of the tit" should attract at the matinee a great may of the younger generation, boys and s, as the play is eminently suited to m, and the reserve seats for the manee are only 50 cents.

At the Grand Next Week,

One of the most important theatrical events of the year is the engagement of Otis Skinner, for he is conceded by competent dramatic writers to be the greatest exponent of the romantic drama that the stage possesses. He has achieved greatness while yet a young man; he is handsome; he is magnetic. Mr. Skinner returns to Toronto and will cm Monday evening open a week's engagement at the Grand. The play which Mr. Skinner will present is the one in which he was seen during his recent engagement at the same theatre, "Prince Rudolph," which has been one of the really genuine dramatic successes of the year.

It Will be Like Nellie Farren's. That the public appreciate the excellent of the program and the merits of the gran penniar ballad benefit to Mrs. H. M. Bigl popular ballad benefit to Mrs. H. M. Bilght in Massey Hall next Tuesday was amply proved yesterday morning, when the rush of subscribers was so great that a quick ticket-selling record was established, some 400 tickets being sold in 20 minutes. Many of the subscribers took large numbers of tickets, which fact partiy explains the rapidity. A splendid program is to be rendered by the famous artists, who are engaged and it will be the first time that so many leading Canadian musicians will be heard together at such popular prices. The plan for the general public opens this morning at Massey Hall.

The week of April 18 will see a show that is exactly cut to fit the cosy little Bijon, representing the highest priced artists and being almost puritanical in its extreme of refinement. Manager Robinson has engaged for this event William H. Windom, the ed for this event William H. Windom, the celebrated alto and song writer, author of "The Fatal Wedding," assisted by his Blackstone Quartet, a well-trained colored aggregation; John and Bertha Gleason, Ine "creme de la creme" of song and dance artists: Smith and Fuller are refreshing with their musical novelties; James Richmond Gliroy, a second Ezra Kendall, a monologist of talent, known as "the man with the green gloves"; Miss Mabel Craig a vandeville star, and ending with the three brothers Fortune, in a comedy bat that should pack the theatre to the full.

Mons. F. X. Mercier, Canada's popular tenor, will be tendered a benefit concert in Association Hall on May 2. Mr. Mercier intends leaving for Europe to perfect his musical education with eminent professors abroad, after which he will return to the city and give Torontonians the benefit of his voice improvement. The entertainment will be under the patronage of His Honor the Lieutenant-Governor and Miss Mowat. Generous citizens will no donot patronize this affair, as the expenses of the trip are great and anyone who has had occasion to be connected with charitable concerts in the past will remember Mr. Mercler's glad response to their call for talent in making these affairs a success. Among those who will assist in the very excellent program are Miss Beverley Robinson, Miss konsali, Signor Delasco, Mr. J. H. Cameron, Mr. Beardmore and Mons. Mercler. Certainly a treat is in store for those who attend this concert. It Will be a Great Treat.

A very large audience greeted Mrs. Somers, and her excellently drilled classes of boys, girls and young ladies at Association Hall last night. The performance was very creditable, the various drills and morches, embracing many new and difficult movements, passing off very smoothly. The pantonime, "Maud Muller," which closed the entertainment, was particularly worthy of mention. The recitations by Misses Melville and McKendry and the vocal duet by Miss Mollle Baker and Mr. Percy Boyd were warmly applauded. Physical Culture Exhibition.

IMPSON'S

Canada's Modern

Departmental Store

The Best Store For Dress Goods!

Novelty dress stuffs touch the thought of all shoppers. Hundreds of new styles are on show, but the half cannot be displayed. You'll not see elsewhere such a proud array of rich novelties as greet you here.

Whole ranges of superb dress goods have had no word yet in the papers. Items are picked up here and there for the printer, but space is limited. We throw out suggestions and ask you to come and see.

The open secret of this Dress Goods success lies in the fact that the head of the stock lives in the retail business. All the talk at the counters he knows, and he learns to understand the delicacy of taste and the precise knowledge of goods that so mark and distinguish the Toronto public.

Absorbing all these ideas, he goes between the seasons to London, Paris and Berlin, collecting from each centre and many smaller points the best things for this market. Many a woman in the chat of a small transaction has dropped words of wisdom that have inspired the buyer beyond the sea. Our European organization never buys dress goods without the presence of the head of the stock, but it does carefully examine and inspect before shipment. Thus we show only perfect goods and cure dissatisfaction in advance.

Ladies' Shirt Waists, made of Black Mysore cloth, with laundered cuffs and HEINTZMAN & CO. TRANSPOSING PIANO....

Only to the extent that a transposing piano measures up to every requirement of the skilled musician does it fulfil its purposes. The success of the Heintzman transposing piano is in evidence everywhere.

Mrs. Marie B. Klingfeldt writes: "The Upright Transposing Plano you so kindly loaned us at our pupils' recital was in every way a first class instrument, and not alone excelled in touch and tone quality, but also in its unique action. I was particularly struck with the resonant, and, if I might add, concrous quality of the bass tone, which appealed to my earlin a manner like unto the sustaining tones of a double basso in on orchestra. Your transposing pianos are especially valuable and adapted to yocalists, who not alone have the great advantage of being able to transpose their songs, according to pitch and range of voice, but also giving them that essential support—by the resonant tone quality throughout—in the bass, when playing the accompaniments. I cannot recommend too highly these Transposing Pianos for both voice and instrumental accompaniments."

The prediction of experienced musicians that the Transposing piano is to be the piano of the future does not seem to be over stated.
