Winnipeg, June 21.—The minister of labor, Hon. Gideon D. Robertson, smiled when shown the report from Toronto that the trades and labor council was demanding his resignation because of the alleged proposed summary trial of Winnipeg strike leaders taken into custody Tuesday morning. The minister remarked that they seem to be committing the offence they are taking exception to, and condemning without a trial at all.

STRIKE NEARING AN END.

In the reply, it is pointed out that the returned soldiers who were engaged for duty when the freight handlers quit their jobs will be kept on permanently if they care to stay with the company. 

Winnipeg. June 21.—Plans for a "silent parade" this afternoon of returned soldiers sympathetic to the market square last night, has led to the re-publication of Mayor Charles F. Gray's proclamation forbidding all street parades during the continuance of the strike. The demonstration is scheduled for 2 o'clock in the afternoon.

A call was made at the meeting for the disbandment of the Winnipeg citizens' committee, and this was accom-

panied by a demand that the convention in the board of trade building be thrown open to meetings of the returned men.
