Big Fire Chief Gets Too Much

-General City News.

Hamilton, July 21 .- (Special.)-The Specia

avestigating Committee met this evening

and made a general attack on several of the

civic departments. At the start to-night Auditor Whyte addressed the committee in regard to the proposed improvements in the

Tax and Waterworks Departments. He and his colleague, W. Anderson, he said, were of the opinion that the two departments could be managed best consolidated, and under one head. This could be done with three less clerks than at present. They recommended that the city be divided into

novation. It saves them a deal of trouble, and then again, the price is far lower than what a milliner would charge for the same line of goods.

The City Clerk Touched Up.

Next the investigators touched up the City Clerk and his multifarious offices, and Dr. Ryall of the Health Department, but nothing definite was done.

Ald. Hill moved that all salaries from \$1500 up be cut 15 per cent., but the proposal was voted down.

Having tired of their skirmishing, the aldermen gave up till next Monday evening.

The Parks Committee.

The Parks Committee.

The Parks Committee met this evening and transacted a little business. The decision to have the bylaw for the purchase of Dundurn Park submitted to the people was criticized, and Aid. Evans moved, seconded by Aid. Nicholson, that the vote be taken at the next municipal elections. Aid. McFadden supported the amendment, which was declared lost, as the Mayor, Chairman Board and Aid. Burkholder voted against it. The vote will cost the city about \$250, the chairman said. The vote will be taken on Sept. 14.

shows that the estate, which is valued at nearly \$2,000,000, is left practically to Mrs. Sanford and the two daughters, with a provision for Mrs. Jackson Sanford and her daughter, and his nephews and nieces. The executors are Mrs. W. E. Sanford, S. F. Lazier, Q.C., and Mr. Joseph Greene. It will take some time before matters can be arranged to file the papers. He has given nothing to charities, as he thought the Ontario Government takes enough for that purpose by their succession Juties. Private Service Held. This afternoon a private religious service

two districts for the collection of water rates, and that the rates in each district be collected at different times. The auditors found that the cost of running the two departments was \$8700 a year. Ald. Pettigrew suggested that a sub-committee go to Buffalo for pointers. Ald. Findlay, objected, but it was finally agreed that Afd. Findlay, Ald. McAndrew and Auditor Whyte visit Buffalo for that purpose.

Fire and Police Next.

Ald. Findlay suggested the Fire and Police for the purpose. Private Service Held.

This afternoon a private religious service was held at the chapel in Hamilton Cemetery over the remains of the late Senator Sanford. Rev. Mr. Salton, pastor of Centenary Church and Prof. Reynar of Toronto conducted the service. The casket was opened to allow Mrs. Sanford to view the remains, which were well preserved.

Where is Walker? Where is Walker?

Hugh Walker, corner of Breadalbane and Guelph-streets, is missing from his home, in which there are his wife and 12 children. Walker was employed at the Hamilton Cemetery, and some time ago he got a legacy from England. His niece, who has been visiting the family, went away on Monday—the day Walker disappeared. She said she intended visiting friends in Buffalo

Buffalo for that purpose.

Fire and Police Next.

Ald. Findlay suggested the Fire and Police Departments be next investigated. It was his opinion the Fire Department was costing too much money.

There were some hints thrown out in the discussion that followed that the Police Magistrate's salary was too high, and there was no need for a sergeant. It was decided to recommend to the Police Commissioners that they take steps to reduce the expenses of the department.

Turning to the Fire Department, complaint was made that there was too much unused apparatus lying around the stations, and that there was too great a discrepancy between the Chief's salary, \$2000, and that of the foreman, \$720. Ald. McAndrew criticized Chief Atchison at some length, accusing him, among other things, of occupying himself too much with matters outside his department. It was suggested that the Chief's salary be cut down to \$1500. Ald. Findlay suggested that a reduction of 15 per cent. be made on all salaries of \$1500 and over, and 10 per cent. on those of \$1000 up to \$1500. Mayor Teetzel considered this a fairer way.

The City Clerk Touched Up. Mrs. Thos. Buttle's Will. The will of the late Mrs. Thomas Buttle, Hughson-street, was entered for probate today. It was made in 1834, and in it \$43,000 worth of property is disposed of. Nieces and nephews are to get the estate on the death of her husband and William Gathercele. These two are to get the lucome of the property till death.
