ECZEMA ON FACE

Was So Bad Had to Stay in House

All skin diseases such as eczema or salt rheum, itching or burning rashes, eruptions, ulcers, boils, pimples, etc., are all caused by bad blood, and while not usually attended with any fatal results, may sooner or later develop into some serious blood trouble, and the entire system become affected.

Burdock Blood Bitters, that old and well-known remedy, will cleanse the blood of all its impurities, and by this means cure all skin diseases and other blood troubles.

Mrs. Ernest Andrews, Hamilton, Ont., writes: "My face was covered with eczema and was so terribly bad I had to stay in the house. I had ten different doctors but got so tired of their treatment that I went and bought a bottle of Burdock Blood Bitters, and it helped me so I kept on taking it. Now I am cured, and have a lovely skin."

"People who used to see me when I was so bad and see me now will not believe it, but I always tell them that nothing cured me but Burdock Blood Bitters."

Johnson Gives Ruling.

Chicago, May 30.—After examining baseballs used by Pitcher Cy Falkenberg, of the Philadelphia club, and Eddie Cicotte of Chicago, President Johnson, of the American League, ruled last night that the protest filed against the alleged illegal delivery was without foundation. Clark Griffith, manager of the Washington club, protested against what he termed the "shine" ball used by Cicotte and Manager Fohl, of the Cleveland club, and against the "Licorice" ball hurled by Falkenberg. Fohl and Griffith said the alleged tampering with the balls caused them to hop freakishly in their delivery. The balls were sent to Johnson for his examination.

"Home Run" Baker Injured.

In the eighteenth inning of the afternoon game between New York and Philadelphia, Wednesday, Baker was so badly hurt that he was forced to leave the game. Thinking that Johnson intended to punt, Baker ran in, but the batsman swung hard and knocked a fast grounder which took a bad bound and struck Baker in the face.

Why Leading Business Men of the Dominion Are Wearing English & Scotch Woollen Co. Made-to-Measure-Clothes.

SOME folks have formed the idea that we are making clothes wholly for the sort of men who can't afford to go to high priced tailors. This idea is almost 75% wrong. The fact is, that most of the men who are taking advantage of our service are men who are well able to afford the highest priced clothes.

There is a common-sense reason for them coming to us. One of the greatest satisfactions that a good business man gets out of life comes from the pleasure of putting over a good trade. Point out any man who has made his mark in Finance, and you point out a man whose constant aim is to get the best quality at the least cost.

Regardless of price he is always alert to an opportunity to get clothes at a money saving price. There is no pocket-book snobbery among successful traders.

English and Scotch Woollen Co.

NO MORE NO LESS

Made To Your Measure

BIG business men of the Dominion by the hundreds have responded to our offer, because they realize that we are offering a wonderful trade at our price of \$15.00 for genuine Made-to-Measure Clothes. We don't have to argue with them to convince them that this offer is feasible to us. It is an accepted axiom in business that the big producer is the low-price dictator and the superior value-giver. Our output of thousands upon thousands of suits or overcoats a year is evidence enough to any keen professional trader that we can make prices and offer quality that no one-man tailor shop can dream of matching.

a statement issued at the recent meeting of the Western Golf Association at Chicago to the effect that the new ruling of the W. G. A. doing away with stymies applies to all Canadian golf.

"The Western Golf Association did take radical action and eliminated stymies, but the ruling does not apply to Canadian golf," says Mr. Lyon, many times national champion. The new rule does not have any effect on golf as played in Canada. Our game is played under the rules of the Royal and Ancient Golf Club of St. Andrews, and consequently we play stymies, states Mr. Lyon.

A GRAND OBJECT LESSON

To the Editor of The Times-Star:
Sir.—The city of Rockford, Illinois, has now a population of 45,401. It was under prohibition for two years from May 7th, 1908, to May 7th, 1910, when it again became wet. The two years after it became wet as compared with the two dry years, showed the following results:

| | |
|---------------------------------------|---------------|
| Under Prohibition | Under License |
| Total arrests 2,681 | 5,122 |
| Arrests for drunkenness 455 | 1,222 |
| For disorderly conduct 581 | 750 |
| Drunk and Disorderly 187 | 424 |

Citizens were roused by this startling record and voted again for prohibition, which went into operation in May, 1912, and the city is not likely to abandon prohibition again. Liquor selling has become disreputable and to be associated with it is discreditable. The mayor of the city, which is a manufacturing city, reports in part as follows:

"Rockford is immeasurably better off without the saloons. The man who works, the man who employs him, the

this is true. D. S. Conrad, secretary of the Rockford Merchants' and Business Men's Association, told me recently that out of 160 members of his association 138 voted the dry ticket. The reason is obvious. Not nearly so much credit is asked during the dry times, and credit when given is good. Old bills are being paid, and it goes without saying that when a laborer cashes his cheque in a grocery store, meat market or other store, it goes further toward supplying his family with the necessities of life than when cashed in a saloon. Our business men have learned this lesson so that I doubt if this generation will ever have to learn it again.

merchant, the banker all realize that the "Employees of labor, with the Work-

men's Compensation Act staring them in the face, have found that their men are not as liable to accident in a dry city as in a wet one. Employers of 1 have found also that in the severe petition of these times, a man who is not handicapped, the man with brain not clouded by alcohol, is going to render him the most efficient service."

The mayor also pointed to the great increase in savings accounts, the low rate, great municipal prosperity, small number of sudden deaths, and finally that the physicians of the city are practically a unit in refusing to prescribe liquor for any cause whatever.
