

GALLANT N. B.
AVIATOR IN CITY

Lieut. Shives Had Thrilling Experience

WAS OVER GERMAN TERRITORY

Wounded by Shell But Made His Way Back 25 Miles to Depot—Will Return to War Next Month

An interesting visitor in the city is Lieutenant R. K. Shives of the Royal Flying Corps. Lieutenant Shives, who is a son of Mrs. and the late Kilgour Shives of Campbellton, has been invalided home to recuperate from wounds received at the front. His furlough is comparatively short and he is due again in England on September 8. During his stay in the city he is the guest of his aunt, Miss Mills of Coburg street.

After many thrilling experiences in the air, Lieutenant Shives met disaster during a recent mission. He was flying over the enemy's lines and had penetrated ten miles into German territory when they got his range and the shrapnel began to burst around him. He continued his work of observation until a shell exploded within a few yards of him, wounding him severely and damaging his machine.

With grim determination he held on and headed for home, dodging the missiles of the enemy he flew. Soon he was out of range, although not yet out of danger as ten miles of enemy territory had to be covered before he got to comparative safety. Still he held on and, as the miles streamed past, kept on his way until he sighted his own depot, twenty-five miles from where he had been wounded. Here he alighted, without further disaster, and was promptly taken in charge by the surgeons. This was on April 30, and he has been on the invalid list ever since.

Those who know the circumstances surrounding the incident, as well as his previous career, have words of highest praise for the gallantry of the young New Brunswick aviator.

HOLLAND PUTS IT UP
SQUARELY TO GERMANY

London, Aug. 2.—The German government has given a pledge to hold and not destroy or molest Dutch ships carrying foodstuffs to England, according to a Copenhagen despatch to the Express. This decision is the result of a visit to Berlin by Cornelius K. Van Aalst, president of the Overseas Trust, and another Dutch commissioner. The Express says Van Aalst presented an ultimatum to the authorities in Berlin to the following effect:

"Unless Germany agrees not to interfere with Dutch ships bound for England with food cargoes, Holland will close her eastern frontier. Otherwise the Entente may stop dealing in exports from America and the Dutch colonies."

The trip of the Dutch commissioner was the result of representations by the Entente that Holland was selling large quantities of foodstuffs in Germany, while her food trade in Holland had almost ceased. Holland replied that trade with England was made dangerous by German submarines. The Entente, while fearing reprisals by the Entente, then undertook the trip to Berlin, and after a series of conferences, obtained Germany's acceptance of his demands.

ASSEMBLY ROOM IN PLANS
FOR NEW SCHOOL SHOWN
ON THE GROUND FLOOR

A special meeting of the board of school trustees will be held this evening to consider plans for the new Bentley street school building. Several sets of optional plans have been prepared by the architect, F. Neil Brodie, and these will be submitted for selection.

The general idea which is being followed is that of a two-story building, with basement, with eight class rooms and assembly hall. The plans prepared all show numerous entrances and exits with easy escapes for use in cases of emergency.

One of the interesting features of the plans is the arrangement for the assembly room on the ground floor which makes it easy of access when used for public purposes.

PROVES HERSELF "FREDERICK THE GREAT"

Pauline Frederick Marvelous in Famous Play "The Spider"

If a mother has deserted her baby daughter and her husband to share the fortunes of a prostitute, she does she make atonement for her deed by paying the death penalty for a crime committed by that daughter. This is the proposition set forth in "The Spider," a Famous Players-Paranount Picture, in which beautiful Pauline Frederick is starred at the Opera House tomorrow, Friday and Saturday. Beside its tense dramatic situations, the play has the additional interest of presenting Miss Frederick in two absolutely different roles, the one a notorious Parisian beauty, and the other her charming and ingenious daughter whom the woman deserted when she was a little baby.

The tremendous power of Miss Frederick's dramatic art and the wide range of her capabilities were never so forcefully brought out in any one production as in "The Spider." Miss Frederick in "Bella Donna," portrayed a cruel adventuress whose vindictiveness and avarice proved her own undoing, but in her latest appearance she is called upon to present a character of the most delicate and wonderful mastery of this great difficulty is a lasting monument to her art.

Valerie St. Cyr is the beauty who ran away with Count Du Plessy, leaving her baby daughter and her husband to share the fortunes of a prostitute. When the little girl, Joan, matures, she becomes engaged to Julian St. Seena, a puritanical young artist who never suspects the relation of Valerie to his fiancée, refuses to paint the former's portrait because she does not come up to his moral standards. Piqued at the artist's snub, and equally ignorant of Joan's identity, Valerie contrives to become his model by pretending to be penniless. She falls in love with Julian but when he repulses her, she seeks vengeance for the insult.

The count has taken a fancy to Joan, the girl who was abandoned by her father, and she plans to abduct the girl. The count takes her to one of his private haunts but when she realizes her danger, Joan stabs him and escapes. Valerie, who worked the count, summons the police. Meanwhile Valerie has learned that Joan, the girl who was abandoned by her father, is her own daughter. Rushing to the count's hideout, she finds him dying and as the gardener enters she decides to make final reparation to her daughter by declaring herself guilty.

Convicted by her own statements, Valerie goes to her death with an expression of almost heavenly contentment upon her face, happy in the belief that she has made atonement for her early deed.

Frank Losee and Thomas Holding are among the well known players who appear in support of Miss Frederick in this great Famous Players production.

SHAMEFUL ATTACK IS
MADE BY GLEANER

Fredericton Paper Resumes Government Support by Grossly Slandering E. S. Carter

The Fredericton Gleaner, which sulked in its tent during the Westmorland by-election campaign and even ventured some sharp criticism of the government, has returned to the fold. As an illustration of the sort of campaign the provincial government proposes to conduct, the Times copies the following shameful attack in yesterday's Gleaner upon Mr. E. S. Carter, to whom more than to any other man the province owes its present knowledge of the carnival of graft that has condemned the government and disgraced the province.

The Gleaner says:—

"E. S. Carter, who appears to be the leader of what is left of the provincial opposition, has another grievance, or something of that kind. At the Sunbury convention, in which he could not get more than a few votes, he was nominated, he endeavored also to 'pull' a dollar each from the delegates present upon the organization of the convention, and now threatens to exclude all independent press reporters from the Sunbury convention. It is suggested that this is quite in keeping with his tactics, for, unfortunately for Mr. Carter, it has been his aim to make the public and to keep them as much in the dark as possible as to the facts and the conditions; and he appears to have hoped to do this through the reports and the matter that he supplies to the St. John Telegraph. And again, he would like very much to have to abandon his demand for a dollar from each delegate, and if the reporters could get three dollars or thereabouts each, he would be able to turn his attention more to the facts and the conditions, and he appears to have hoped to do this through the reports and the matter that he supplies to the St. John Telegraph. And again, he would like very much to have to abandon his demand for a dollar from each delegate, and if the reporters could get three dollars or thereabouts each, he would be able to turn his attention more to the facts and the conditions, and he appears to have hoped to do this through the reports and the matter that he supplies to the St. John Telegraph.
