

RELATION OF NEW RAILWAY BRIDGE TO RIVER TRAFFIC

QUEBEC BRIDGE.

The proposed C. P. R. bridge over Reversing Falls is on the same plan from the floor down with trusses in the river and 150 foot straight cord. C and D-E is shown in picture No. 2 in comparison to the highway bridge. F-G, the straight cord so often referred to as being 2 1/2 feet higher than the present railroad bridge but which is practically all behind and to the right of Split Rock.

HIGHWAY AND RAILWAY BRIDGES.

A-B, centre line highway bridge. C, new C. P. pier on western or Fairville shore. D-E, truss or arch of proposed C. P. bridge extending about 150 feet over the river, nearly in range with Split Rock, most of the distance below the present railroad bridge which is straight from shore to shore and all of the distance below the corresponding arch of the highway bridge. Split Rock is seen just to the right of line A-B and prevents any navigation on that side, the centre of the C. P. bridge is 70 feet to the right of line A-B.

I. L. STEWART IN DEMERARA

Chatham Editor Interviewed by the Chronicle of That City

(Demerara Daily Chronicle, March 22.)

At present staying at the Park Hotel is J. L. Stewart, editor of the "World," Chatham, New Brunswick, who, with a party of Canadians, is on a pleasure trip to the colony. Mr. Stewart, who is one of the oldest newspaper editors in New Brunswick, has been for fifty years an editor. He is also a magazine writer, poet and parliamentarian, having once served as a member of the New Brunswick legislature. His career is varied and interesting. He was a member of the newspaper party organized by Lord Beaverbrook to visit the various theatres of war. This was in response to an invitation to Canadian newspapermen by the British government to visit the scene of war in order that they might be able to inform the people of Canada of the real condition of affairs, and to answer questions as to the reason why more men than were already in the trenches were required; why so much expense was incurred and other questions that arose. The party went into the Canadian camp, the British camp and French camp, spending two nights, sixty feet underground at Verdun where they were safe from the German guns. Although it was against the regulations, Mr. Stewart was the only civilian of the party who was permitted to go up in a bottle plane over the trenches at Vimy Ridge.

Prohibition in Canada.

Mr. Stewart said that one of the questions that was engaging the attention of the Canadian government was the prohibition question. Most of the provinces had passed prohibition laws and these have resulted largely in the illicit selling of bad liquor. There is a good deal of drinking done on the sly. While the measure prohibits the sale of liquor it can still be imported for private use, a privilege that has been greatly abused by persons—boot-leggers they are called—and the question in New Brunswick now is to have the laws so amended as

not to have liquor imported even for private use.

Lumber Market Depressed.

Industrially, Mr. Stewart continued, it was a bad year for the Dominion as a whole. Lumber was one of the principal industries in New Brunswick and the present there was a depression in the lumber market, the dealers having on hand great quantities of lumber which were produced at high cost and which they can only sell now at a loss. As a matter of fact the price of lumber had gone so high that people stopped building houses and the result was that there was over production, so that dealers have either to sell at a low figure or hold the lumber and pay insurance on it.

Getting Back to Normal.

Continuing Mr. Stewart said that the agitation by returned soldiers for increased indemnities was settled now, and the country was pretty well settling down to normal. There is likely to be a reduction in wages, and in some instances manufacturers who are unable to meet expenses by paying high wages are closing down.

In connection with the sugar situation Mr. Stewart informed our representative that the sugar refiners in Canada were all "loaded up" when the slump in prices came about and they were badly hit. As a matter of fact there was hardly a sugar refiner in Canada who had not lost as much money in this last slump as he had made in the three previous "boom" years.

THE CLAN MACKENZIE.

An enjoyable entertainment and dance was given last evening in the Orange Hall, Germain street, by the women's auxiliary of the Clan Mackenzie, when members of the clan and their friends, numbering in all about 150, were present. Mrs. George Shaw, lady chief of the clan, presided, and the programme consisted of a duet by Mrs. Alexander Corbet and Mrs. McKay; and vocal solos by Miss Miss Aird, Mr. Simpson and Joseph Murdoch. Mrs. Douglas Malcolm was the accompanist. Upon the conclusion of the entertainment, dancing was indulged in, the programme including several Scotch dances. A dainty supper was served about midnight.

THREE MARITIME PROVINCES UNITE ON FREIGHT ISSUE

Fredericton, April 12.—United action on the part of the provincial governments of the maritime provinces for the restoration of the old commodity rates and differentials on the Intercolonial section of the Canadian National Railways is assured. Confirmation of this action was given by Hon. R. E. Finn, of the Nova Scotia government, who has been in Fredericton consulting with Hon. W. E. Foster, Premier of New Brunswick, and other members of the government.

After a conference with Premier Foster which was held last night and continued today, Hon. Mr. Finn said he was pleased to be able to announce that the government of Nova Scotia was in entire accord with the position taken by the government of New Brunswick and the Maritime Provinces would present a united front in opposing the application of the rates put into effect by the railway commission of Canada in reference to the Intercolonial Railway since 1916.

The governments of the Maritime Provinces were of the one mind on the point that the Intercolonial railway was not built as a commercial proposition but to make possible confederation and in substantiation of this fact, all governments and all managements of the Intercolonial since confederation until 1916 had established rates that would permit the products of industries in the Maritime provinces to have a freight rate that would take them into the centers of Quebec and Ontario for competitive business.

ARTILLERY EXAMINATIONS.

The annual qualification examination for non-commissioned officers of the 3rd New Brunswick Heavy Brigade was held last evening in the armory, when members of the 15th Heavy Battery and the 6th Siege Battery paraded. Those of the 6th Siege Battery wishing to qualify will parade this evening. Of the men in the two batteries who paraded last evening a large proportion passed the necessary examination. The firing detachment from the brigade for Petawawa Camp will be picked during the week.

Rush Specials at BROWN'S

In order to stimulate business we have marked many lines so low that the most conservative buyer will be induced to purchase now.

I. CHESTER BROWN

32-36 KING SQUARE

NEXT IMPERIAL THEATRE

INDUCTION OF REV. I. BRINDLEY

Rev. Isaac Brindley was inducted as pastor of the Luttrell street church at a very largely attended congregational meeting in the vestry of the church last night. Deacon J. F. Ring presided and R. J. Anderson, chairman of the trustees board, gave a short account of the state of the church. He said the outlook was very bright. A large number of new members had been received since Mr. Brindley's appointment and the absence were received from Rev. J. Heaney, Rev. W. H. Sampson and Rev. Dr. J. A. Morrison. Refreshments were served and a delightful social hour was enjoyed at the close of the programme. The relief society of the church provided the entertainment.

ROYAL STANDARD CHAPTER'S PLANS

The Royal Standard chapter of the Imperial Order of the Daughters of the Empire met last night at the residence of Mrs. H. Fielding Rankine with the regent, Mrs. J. Pope Barnes, in the chair. Two new members were welcomed. Looking far ahead, the chapter made arrangements for its Christmas sale and appointed conveners to take charge of all details in that connection. Votes of

\$10 each were made to the V. O. N. and to the free kindergarten in East St. John.

A flag chart was reported to have been purchased and it will be presented to a school in which the chapter is interested as part of the Empire Day observances. Plans were made for holding a rummage sale this month. Reports were given of a very successful dance held at the residence of Mr. H. A. McKeown this month.

PHILATHEA CLASS BANQUET.

The Philathea Class of the Central Baptist church, which has been holding a series of weekly household gatherings during the winter, had a meeting at

Bond's restaurant last evening. The hostesses were those members of the class who, for various reasons, had been unable to entertain the class at their own homes. The members bring their fancy work to the meetings and auction baskets of home-cooked food. The event last evening was the first of the kind held by the church ladies and proved a great success. After the usual auction the class, numbering about fifty, sat down to a banquet, presided over by Mrs. Herbert Downey. Rev. F. H. and Mrs. Bone also were present. The meeting broke up about midnight. Two more gatherings will be held by the class this season, one of which is to be a masquerade party.

Paris, April 18.—The prettiest colors for spring are displayed in hats, brilliant rose pink, violent blue, and frequently apple green, being worn with sober colored dresses.

Nature knows best

If malt, flour, or starch were necessary for your Baby's proper growth, they would be in Nature's proper food for Baby—his mother's milk. But such things are not in mother's milk—therefore we do not put them in Glaxo.

Glaxo is all milk—pure, full-cream milk, by the Glaxo Process made safe and suitable for Baby, and as readily digestible as his mother's milk. Glaxo contains nothing whatever foreign to milk.

Nature knows best — and Nature's food for a young Baby is milk and milk only. Therefore, if Baby cannot have his mother's milk, let him have Glaxo, the milk which, like his mother's milk, contains everything necessary to build strong bones, firm flesh, sound teeth, steady nerves and brain, and also that reserve of vitality which enables Baby to resist successfully the ailments common to childhood.

With Glaxo you know you are giving your Baby "the best possible chance," whether you take it yourself to improve your own milk — or give it to Baby, either in turn with the breast, or as the sole food from birth.

Glaxo

The Super-Milk

"Builds Bonnie Babies"

Glaxo is sold by Druggists throughout Canada.

If you have any difficulty in obtaining Glaxo, write to the Sole Agents for Canada: HAROLD F. RITCHIE & CO., Limited, 10 McCaul Street, Toronto.

Send 50 cents for the 136-page Glaxo Baby Book

For 50 cents we send you the 136-page Baby Book and a Glaxo Weight Chart. In addition we will send to Expectant Mothers who state the month Baby is expected, our booklet "Before Baby Comes" and a Special Recipe Book. If you do not think the Glaxo Baby Book alone worth more than 50 cents we will willingly refund your money. Write today to our Agents below.

Good babies are contented, well-fed babies. Three generations of them have been nourished on Borden's EAGLE BRAND Condensed Milk.

MARTIN-SENOUR PAINTS AND VARNISHES

FOR EVERY PURPOSE

FOR EVERY SURFACE
