MR. THORNTON CUTS SCHEDULE

(Continued from page 1)
which are to be paid this year. The total cost of work regarded as necessary would be \$18,500, which he proposed to pay for by bond issue, with an additional list totalling \$12,000 dependent on future work in Douglas avenue and Brussels street. The estimates were laid on the table until the street paving programme is decided on.

1918 Assessment, \$86,285.01
1918 Assessment, \$75,483.74
Increase \$10,801.27

Note.—This increase chiefly due to the new schedule for the police force, which was adopted by the Common Council in December, 1918, which amounted to \$88,921, an increase of \$2,762.63 over the previous estimate of \$86,158.37. I have reduced \$16,139.75.

Mr. Fisher asked when the commission would be expected to appoint a new chief and if the appointment would affect the estimates. When Mr. Thornton said he was not prepared to recommend a chief but that the appointment would not affect the estimates, Mr. Fisher said it might be impossible to secure the right man at the figure mentioned.

Mr. Thornton said that he did not think it necessary to give the new man the same salary at which the other left, with the expectation that it would be increased at the end of a year.

He was recommending only one inspector, instead of two as provided in the revised schedule adopted by the council before the recall elections. He also was recommending only forty-one patrolmen instead of forty-five as was cutting out the \$2,500 allowance for extra men. The increases provided for in the previous estimate was \$2,762.63, but he had cut this down by almost half. He was recommending an increase of \$140 for the police clerk, whose salary had been stationary for many years. He also considered recommending the payment of a lump sum to Mrs. O'Leary instead of the annual salary of her deceased son.

The item for a bread and weight inspector's salary was questioned on the ground that the board of health should look after this work.

The commissioner suggested that it might be reasonable to pay new policemen less than those who have several years' service. The mayor explained that the figure formerly fixed was adopted as a maximum not necessarily as a minimum.

To Mr. Fisher, Mr. Thornton said that he considered forty-one patrolmen necessary. Mr. Jones commented that it had been believed that prohibition would make fewer policemen necessary.

The commissioner of safety said he believed he could get along with one chief detective and two instead of three detectives. To avoid confusion it was decided to call the chief detective a detective sergeant.

The estimates were laid over for revision.

The mayor announced that the council would consider grants on Thursday morning.

Mr. Thornton reported that the power company had replaced the street light at the corner of Main and Bridge streets to the satisfaction of the complainant, Mr. Paterson.

Mr. Thornton also reported on a complaint by Captain Royden Thomson regarding disrepair on the part of a driver of the motor ambulance. Captain Thomson had informed him that he did not wish to have the man dismissed if the offence was not repeated with others, and the commissioner had informed the driver that his position depended on his future good conduct.

On motion of Mr. Fisher, the time for receiving tenders for stone crushers was extended one day, and authority given for their consideration by the commissioner of public works, the mayor, city engineer and council clerk.

On motion of Mr. Fisher, the wages of the mechanical foremen were increased from \$4 to \$4.50 a day. Mr. Fisher's motion recommending action by the board of health to safeguard bread was adopted.

The committee arose and reported and the report was approved. Mr. Thornton announced that he expected to be able to present his recommendation for the appointment of a new police chief at the next meeting of the council. The council adjourned.
