ST. DAVID'S CHURCH TO BE REBUILT

Financial Committee Appointed to Secure Funds to Provide Adequate and Modern Facilities

The congregation of St. David's Presbyterian church is proceeding with the plans for the restoration of their church building, which was destroyed by fire recently. A finance committee has been selected to look after the work of raising the necessary additional funds and the committee has organized with John Willet, K. C., as chairman; D. W. Ledingham, vice-chairman, and James MacMurray secretary.

In rebuilding the church auditorium will be located on the ground floor and the Sunday School and other departments will be housed in an extension which will be erected in the rear, reached from the street by a covered passage way.

At a meeting to be held Tuesday in Ottawa, questions of national moment will be discussed by the war committee and representatives of labor from various sections of Canada. J. L. Sugrue of the local Trades and Labor Council will leave tonight for Ottawa to attend the meeting.

279 Jesus is So Near to Me

1. My sins had always ruled my heart, No freedom had I known; And all I found more joy in this brief time Than all that sin had given; And He who came and found this joy complete; He of-fers it to you, His full and free as Cal-vy-ry, There's nothing left to do But sim-ply take our

Chorus:
1-2 night, He's real to me. O yes, He's real to me. O yes, He's real to me.
3. God, He's real to me. ver-y real to me, ver-y

The above is one of the hymns made popular by the meetings of Evangelist Kenyon in the Charlotte street Baptist church, West St. John.

New York Pastor to Speak at Imperial Theatre on "The World War in Prophecy"

"The World War," or "Present Day Events Reviewed in the Light of Divine Prophecy," is the subject of a most interesting lecture to be delivered at the Imperial Theatre Sunday, January 27, 1918, at 3 p. m., by Pastor W. J. Thorn, of New York, to which the public is cordially invited.

Mr. Thorn has spent many years on the lecture platform and is a popular and forceful speaker. His profound insight into Bible prophecies and their interpretations has helped many to accept the Holy Scriptures as the divinely inspired oracles of God, and the only true guide to the human race.

The speaker will consider at this time the question uppermost in the minds of the majority of the thinking people of earth. For more than three years millions of men have been engaged in deadly conflict, unparalleled in the world's history. More than thirty millions of men are there now. Other millions are looking on with bated breath and sad heart and asking, "Why was all this necessary?" What will be the end of these things?

That this war was clearly foretold over two thousand years ago by the holy writers of Scripture will be one of the many interesting facts brought to the public's attention by the speaker. That it came on schedule time, its purpose and what the outcome will be are other points he will elucidate by the Word of God. All are welcome. All seats are free and no collection will be taken.

GET READY FOR United Mission

FOLLY TO DISTURB STATUS OF C. P. R.

New York, Jan. 26.—The Wall Street Journal, in today's edition, publishes a leading editorial on what is described as a "blaze-up in western Canada over the agitation for government ownership of all the railways, including the Canadian Pacific."

"Not all of the co-operative socialists, advocates of state socialism and proponents of what is called communally, from all the farmers, mercantile and lumber associations combined, could transfer the Canadian Pacific Railroad to the government, even were the government itself willing," the editorial intones. "They could eat it up, but they could not hold it a single instant, as it is known today and at its value to them today, after they got it. The Canadians need not go one step beyond their own border to decide whether a government-owned road can maintain its most valuable asset. It is just because it cannot be done that part of the prairie press has for some months past wished to make up the deficits of the government-owned roads by expropriating the Canadian lines and go one step beyond their own border to decide whether a government-owned road can maintain its most valuable asset. It is just because it cannot be done that part of the prairie press has for some months past wished to make up the deficits of the government-owned roads by expropriating the Canadian lines and go one step beyond their own border to decide whether a government-owned road can maintain its most valuable asset. It is just because it cannot be done that part of the prairie press has for some months past wished to make up the deficits of the government-owned roads by expropriating the Canadian lines and go one step beyond their own border to decide whether a government-owned road can maintain its most valuable asset. It is just because it cannot be done that part of the prairie press has for some months past wished to make up the deficits of the government-owned roads by expropriating the Canadian lines and go one step beyond their own border to decide whether a government-owned road can maintain its most valuable asset. It is just because it cannot be done that part of the prairie press has for some months past wished to make up the deficits of the government-owned roads by expropriating the Canadian lines and go one step beyond their own border to decide whether a government-owned road can maintain its most valuable asset.
