New York, April 27.—(Canadian Press). Canadian and U. S. manufacturers of pulp and paper, producing more than one-third of the newspaper paper on the continent, met yesterday with union representatives of their 40,000 employees to determine the wage rate for the coming year, beginning on May 1. A flat increase of four cents an hour for all classes of workers has been proposed by the manufacturers. The union leaders have indicated that this would not be satisfactory.
