## PREDICT FOUR FIGURES IN LOGGIE MAJORITY

Northumberland Lumbermen All for the Liberal Candidate—A Striking Lesson on Reciprocity Benefit

Newcastle, Sept. 11.—With the lumber interests of the Miramichi solidly in favor of reciprocity, W. S. Loggie, the Liberal candidate for Northumberland, is sure to be returned with a majority in the vicinity of 1,000 votes. Since the nomination of Mr. Loggie as his opponent the election of Mr. Loggie has been conceded, but it is only in the last few days since all the leading lumber operators have come out squarely in favor of Mr. Loggie's candidature that the estimates of his majority have run into four figures.

Hon. John Morrissey, chief commissioner of public works in the Hazon government, is doing everything in his power for Mr. Loggie, short of going on the stump, and he recently very bitterly the interference of Hon. Dr. Landry, who addressed several meetings in the county in support of Mr. Morrissey. Hon. Mr. Morrissey's son is touring the county with Mr. Loggie and uses his father's name in appealing to the people to vote for reciprocity.

Directly across from Newcastle can be seen a striking monument to the value of the trade agreement. Millions of feet of sawn lumber, representing the entire season's cut, are piled along the waterfront at Lynch's mill, not a single stick having been shipped by this firm this summer. There is no demand for lumber at present in the English market and the duty prevents profitable shipment to the United States.

All the Northumberland lumbermen are looking forward to a new era of prosperity under reciprocity.

## HERE'S A PARTISAN OFFICIAL ALL RIGHT

Sheriff Johnson, of Kent, Refused Returning Officer the Use of Court House to Hold Election Court.

Richibucto, Sept. 11.—Sheriff Johnson, one of the appointees of the Hazon government, created a sensation today when he refused the use of the court house to Returning Officer J. B. Goggin for election purposes.

The respectable wing of the Tory party were thrown into consternation over this high-handed action and one prominent member of the party offered Mr. Goggin the use of one of his vacant offices to carry on the election business.

Instructions are awaited from Ottawa as to nomination and declaration days proceedings, which may be held in Rexton. The point blank refusal of the electors to longer listen to Dr. Landry, Col. Sheridan and the chilling reception accorded Senator Porter has made the Tory leaders frantic, but even in their desperation it is hard to conceive the object in denying the returning officer the use of the court house. Further developments are awaited with much interest.

## SPORT NEWS OF A DAY, HOME AND ABROAD

## Baseball

Big Larry McLean.

Larry McLean, Cincinnati's giant catcher, and considered one of the best backstops in the country, can play with no other big league club.

McLean and Griffiths don't hitch. McLean's rebellious nature has caused constant trouble on the Cincinnati team this year. The Reds thought the easiest way out of it was to release McLean. They asked for waivers on him and fifteen clubs, including Detroit, immediately waived. Every other big league club is acquainted with McLean's habits and doesn't care for his services.

A heavy batsman, brilliant catcher, McLean has but one playing fault, and that is his lack of speed on the bases. This, however, seems to be a prevailing fault with backstops.

Lowell Team Here Tomorrow.

The Lowell team will arrive in the city tomorrow for their first game with the Marathons here. Games will also be played on Thursday, Friday and Saturday. The Lowell team is expected to be the best seen here this season. The Lowell team are reported bringing all their regular men and the Greeks will put their best team on the field.

## For The Guide.

Manager Page of the Marathons yesterday received a letter from the A. G. Spaulding Co. asking him if he would be able to secure several photographs of the Lowell and Marathon teams during their games here for the 1912 Spaulding baseball guide, and also pictures of one or two other teams in the city. He replied that it would be possible and consequently snaps of both teams will be taken during the stay of the New Englanders here.

Won in Calais.

The Lowell baseball team defeated the Calais team in Calais yesterday 15 to 3. Warwick pitched for the winners and Ryan and O'Neil for the Calais team.

## Former St. John Players.

Joe Page yesterday received a letter from Al. White, who left here a couple of weeks ago for Chicago to accept a position as backstop with the Chicago Americans. He writes that he and Pinkerton, who played shortstop with the St. John here this season, have been let out to the Des Moines team for the balance of the season, and that they expected to be recalled next season. The Des Moines team is a fast one. Both Pinkerton and White have played in several games and have made good impressions with the fans.

## On Local Links.

The annual medal play match for the Thorne cup was contested on Saturday last and resulted in a tie between Charles Sprague and Andrew Jack. This is a 27-hole match, scratch. Mr. Sprague's score was 77, 38 and 39. Mr. Jack's score was 78, 39 and 39. The championship semi-finals were played last week, and Charles Sprague and H. S. Stetson were left for the final. They are to play off in a few days.

The second round of the Stetson handicap is being played this week.

## The Scottish American again asks the question who is or is the greatest golfer in the world.

Crises who by actual experience have a right to speak of the comparative merits of the three declare that Tom Morris, jun. was the greatest; but we of the present generation have very little outside the record of his performances to go upon. Conceiving a few years before his death with old Tom Morris on the relative merits of Harry Vardon and his son the St. Andrews hero himself modestly replied: "They tell me, they that have seen both, that Tommy was a better putter." George Duncan seems to incline to the view that Vardon is the greatest golfer of all time, while Armand Massy is equally pronounced in favor of James Braid.

## Races in Toronto.

Toronto, Sept. 11.—The exhibition fifteen mile Marathon, the feature event of the athletic meet, that closed the fair, was won by Roy Holden, of Toronto; Dellow of Parkville, a new long distance runner, of promise was third.

Mel Sheppard of New York won the mile race from Jack Tait, coming within one second of O'Brien's one mile Canadian record.

The surprise of the day was M. J. Pollock's victory in the 220 yard dash over J. Archer, the sprinter of the New York A. C. Pollock is a member of the New York Y. M. C. A.

## Tennis

British Pair Won.

## HOW TO TREAT HAY FEVER

## Take "Fruit-a-tives" if You Want Relief

Hay Fever is not a nervous trouble. The real cause is impure blood, due to defective action of bowels, kidneys and skin. In ninety per cent of the cases of Hay Fever, there is Chronic Constipation, Weak Stomach or Indigestion.

This is proved by the fact that sprays, gargles and other local treatments do not cure Hay Fever. Only medicine that will stimulate the bowels, kidneys and skin, and thus remove the poisons in the body which produce the sneezing and nervousness.

"Fruit-a-tives" is the only medicine in the world made from fruit juice.

50c. a box, 6 for \$2.50, or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

## They defeated T. C. Bundy of California and Raymond D. Little of New York in three straight sets, 6-3, 7-5, 6-4.

As the series now stands the Americans have won two points and the British Isles team one.

It was the remarkable steadiness of the Britons which held the Americans in the doublet, the Greeks are under his terrific speed, by which they forced their driving, caused them to overtake leads of 4-3 and 5-3 in the second set and 4-2 in the third set.

## Aquatic

Barry Holds Title.

London, Sept. 11.—Ernest Barry the champion sculler of England, retained his title this afternoon, in a match with W. H. Fogwell, the New Zealand champion, in the 1000 yard championship course from Putney to Mortlake. A prize of \$2,000 accompanied the title. The New Zealanders held the lead for a third of the distance, when Barry forged to the front and won easily by three and a half lengths. The winner's time was twenty-two minutes fourteen seconds.

The Duke's Congratulations.

Toronto, Ont., Sept. 12.—The Duke of Connaught called his congratulations to the R. C. Y. C. upon the successful completion of the Fishery cup series. The R. C. Y. C. defender is named after the duke's daughter.

## Sheriff Says No.

Milwaukee, Wis., Sept. 11.—The West-Milwaukee ten round no decision boxing contest, scheduled for Sept. 15 here, will not be permitted if Sheriff William A. Arnold, Socialist, of Milwaukee County, can prevent it.

Matchmaker Frank A. Mulken, of the National Athletic Club, says the bout will be put on according to programme.

Governor Takes No Part.

Spring Lake, N. J., Sept. 11.—Governor Francis E. McGovern of Wisconsin, declared tonight that he would not interfere in any way with the plans for preventing or permitting the proposed Volney Davis Farland fight in Milwaukee next Friday night. He was not in possession of information sufficient, he said, to enable him to act. "I left no instructions with the mayor, or of Milwaukee, as has been reported," Mr. McGovern said. "And I am unable to act at long range to say whether the exhibition will be a boxing match or a prize fight."

Under the laws of Wisconsin a boxing match is not objectionable, but prize fighting is prohibited by law. Practically all I know about this matter is what I have read in the papers, and the accounts have been so conflicting I should not wish to pass judgment on the question on these reports at once at such long range. Therefore, I shall have to leave the question to be decided by the local authorities and Acting Governor Morris, should he see fit to investigate."

## Chess

The Masters at Play.

Carlsbad, Sept. 11.—At the end of the sixteenth round of the international chess tournament Teichmann and Retzius are tied with 11½ each; Schlechter second with 11.

## VAN HORNE AND BOURASSA

To the Editor of The Times:

Sir,—Backed by Mr. Van Horne and his cohorts of millionaire trusts, combines and mergers, the incendiary utterances of the inexperienced and youthful Bourassa to antagonize the peaceful efforts of one of the noblest statesmen of our age yet appearing (Laurel), the youthful enthusiast lacks the sense of justice to his English speaking brother-in-law in Canada who, after defeat of the French by blood and war, were so magnanimous as to give Bourassa's forefathers (what no other nation outside the British were ever known to do), the freedom of all the domestic, religious and family rights they had always enjoyed in Canada, to further oppress you and destroy every attempt of the working man to think for himself or his betterment.

Beware of corporation magnates who pile up excess of riches at the expense of the sweat of overworked labor, who would give you employment, but only on enervated terms. Laurier's terms are freedom and fair wages and fair play for all. Bourassa's for his race alone. Van Horne's to wrest all the comforts of life from the laborer for the sake of the overjoy and over-wealth of a few. Choose the kind conscience, dictates. What the labor associations of the world have done for all the workers more comforts in life the Liberal government is doing for all classes of people for fifteen years.

Yours respectfully,  
J. S. CLIMO.

**OPERA HOUSE**

Shakespeare's Romeo and Juliet was the offering of Constance Crawley and her associate players last evening in the Opera House, and a fair sized audience gathered to witness the presentation. Miss Crawley was splendidly cast as Juliet and her beautiful stage presence combined with clever acting made a fine impression, while the actor who enacted the role of Romeo, although his name was not printed on the programme, played the part effectively and gracefully. J. V. Kelley as Romeo's father, and Arthur Maude as his friend, were good, as were Frank Kimball as the friar, and Miss Newcombe as Juliet's nurse.

She and her company of players will again present Romeo and Juliet tonight, this being the final performance of Shakespeare's beautiful love story in this city. At the matinee tomorrow the bill, by general request, will be Edmund Rostand's fantastic Dresden China comedy, The Romanes, the dainty beauty and cleanliness of which was an unusual amount of favorable comment on its presentation last week. This little play is probably the cleanest in sentiment and most beautiful in language that will be seen and heard in St. John for some time to come. In order that the younger element of our city may have an opportunity to enjoy this almost fairy tale, the prices are to be placed for this performance at a low rate to all parts of the house. On Wednesday evening A Florentine Tragedy and Taming of the Shrew will be repeated. On Thursday night and for the balance of the week, including the Saturday matinee, Gabrielle d'Annunzio's master work, Francesca da Rimini, will be presented for the first time in this city.
