The year 1894 being the first full year since the organization of our congregation, it is only at its close that we can judge of the permanency of the work already accomplished.

Along with almost every other congregation in this part of the city, we have felt the severe financial depression that has prevailed of late, yet, in the face of all this, the liberality of our members and adherents has enabled us to close the year free of debt.

Judging from the reports that are given below, we are quite safe in saying that there has been progress in every department of the Church's work, and that spiritually and financially, the Lord has blessed our labours.

BOARD OF MANAGEMENT.—In presenting their annual report they do so with feelings of the greatest satisfaction, which can be attested to by the handsome balance on hand at the close of the year, amounting to \$443.47.

Including the balance on hand from last year and the annual grant from St. Paul's, the total receipts amounted to \$1,982.09, and the expenditure to \$1,538.62, divided as follows: Pastor's and Care-taker's salaries, and interest on mortgage, \$1,155.96; fuel, water and light, \$131.81; repairs and new work on church, \$127.85; insurance, \$40.38; sundry expenses, \$82.62.
