Meteorological Office, Victoria, B.C., 5th to 11th September, 1900. The week opened with an extensive area

of high atmospheric pressure over the province, and central in Alberta. This passed away to the East and was succeeded on Thursday evening by a low area from the ocean, which crossed the northern part of the province. On Friday an extensive high area developed over Al- J. Russell be appointed permanent proberta, while a rather pronounced low area hovered over the greater part of British Columbia, causing partly cloudy weather and showers on Sunday. Since then the barometer has remained moderately high in this district, and some exceedingly fine days have been enjoyed, the week closing with bright clear weather.

Bush fires have been prevalent on the neighborhood.

Victoria reports nearly 66 hours of bright sunshine and .01 of an inch of rainfall. The highest temperature, 77, occurred on the 11th, and the lowest, 49, on the 10th. Westminster reports rainfall .34 inch. Highest temperature, 76, on 11th, lowest, 46, on 5th and 10th.

Kamloops reports .20 inch rain. Highest temperature, 74, on 7th and 9th, lowest, 50, on 5th, 8th, 10th and 11th. Barkerville reports no rainfall. Highest temperature, 72, on 11th, lowest, 34, on Ingram, J. Peterson, and N. Becci.

In the Northwest Territories and Manitoba the rainfall has been very considerable during the week, and temperatures bave been only moderately high.

(From Tuesday's Daily.) -A valuable horse in Julius West's stables, Vancouver street, was badly injured on Sunday night through one of the other animals in the building breaking loose and attacking it.

To partially congestion the steamer Danu heaviest cargo vessel of the ( all the salmon for which she has roo This will leave her late in arriving back here.

(From Thursday's Daily.) Word has been received from the

North of the wreck of the Flyer Line river, near the scene of the late Floren S disaster, when without a minut. warning passengers and crew we cipitated into the icy waters a lives were lost. Just below the the river a submerged reef of rocks stretches almost across terminating in a solid point that within a few inches of the sur over which the water boils. It this rock that the Bonanza King struck the current driving her on amidships the starboard side as the pilot was vai ly endeavoring to hold her close to left bank, where the narrow chan permits a hazardous passage. As t doomed steamer struck the rock sheer through the sheathing and the buil making a huge, ragged opening, through which the water poured. The dang was instantly comprehended and full steam ahead the captain drove vessel ashore. His prompt act und hold was entirely full of water and current was washing over the lower dec

The greenue cutter Bear arrived Nome on August 26th from a trip No Point Barray, who had gone Nor the schooner Bowhead this spring. E destitute Kotzebue miners, includ Sound in 1898, these people are the left in that country.

A WORD TO MOTHERS

Mothers of children affected with cre or a sever cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form and may be given as confidently to the babe as to an adult. The great success that has attended its use in th treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale by Henderson Bros., wholesale agents, Victoria and Vancouver.

OF SUSPICIOUS ORIGIN.

A fire started last evening in the alley in the rear of Lenz & Leiser's whole sale store that bears the earmarks of incendiarism. It was discovered in the midst of about 250 empty packing cases. dry as tinder and filled with excelsion and a general lot of rubbish. Fortun ately the flames were seen before the gained headway, and extinguished with out calling out the fire department, though a number of the members we present to lend a hand in averting wha Chief Deasy says might have been most serious conflagration had the flames gained headway. It is odd that a fir should have started in the same pl a year ago, and to the fire chief it look much as though some person, or I make an investigation.
