Twenty-five shares of Maritime Bank stock were sold at 98. A large piece of land at Bay Shore was withdrawn at auction, only \$100 being bid. The management of the opera house advertised a series of gift concerts at which prizes aggregating \$20,000 are to be given to the holders of lucky tickets. This plan caused much discussion and is strongly opposed by clergymen.

**HE WAS BADLY HURT.**

Garrett Hennessy, who was hurt some weeks ago by being struck with a sliding load of freight in the hold of the Orleana lying at the L. C. & N. wharf, was more seriously injured than was at first believed. Many of the smaller bones in both of his feet have been crushed and it will be some time before he is able to move about.

## POLICE COURT.

A Fish Story—An Assault Case—One Drunk.

Between nine and ten o'clock last evening as Officer Marshall strolled along Britain street he saw William Britt coming out of H. P. Robertson's fish warehouse with two well developed and full grown codfish in his arms. Marshall made enquiries and was given various yarns as to the source of supply, but as the stories sounded fishy he took Britt in charge and locked him up on suspicion of stealing. This morning the prisoner was brought before the magistrate and remanded. The fish are held by the police and tomorrow is Friday, too. James McCann, for being drunk on Mill street, was fined four dollars or ten days.

In the assault case between Joseph Monteith and John Breen the former wished to withdraw the information he had given, but failing in this he displayed considerable uncertainty as to who had assaulted him. He knew that some fellows had done it, and that Breen was with the gang, but could not say whether Breen had struck him or not. The magistrate said that of the two Monteith was the worst offender, for the course of conduct he had pursued. At last accounts the two young men were still sitting on the bench.

This afternoon Breen was fined twenty dollars or two months in jail.

## VERY HIGH TIDES.

Over the Wharves and Into the Stores To-day.

It is not every day in the week that people can parade on a raft or row a boat all over the North and South wharves, or that they can sail from the end of the Ballast wharf to the office door, or that persons crossing the ferry have to climb a steep hill to reach the steamer. But all these things happened this morning when the wind and tide were in their efforts to wash away the accumulated dust from many of the buildings along the harbor front. The tide was an unusually high one, the highest that has been experienced for at least four years, and easily beating the last flood—the day after the Lady Smith celebration.

The floods of the great deep covered the earth, but no person is known to have followed Noah's example, and in spite of the unusual height of the water very little damage was done. Since the last flood tide, merchants along the water front have taken precautions against similar occurrences. The floors of stores and offices have been raised, and where perishable goods are kept on hand they are raised beyond the point of danger. But this has not been done in all cases and as a consequence there was this forenoon much hustling to shift goods out of reach of the water. The spring tide, due to touch its highest point at noon, was assisted in no small degree by the strong north-east wind that was piling the water up the harbor. By ten o'clock the ends of North and South wharves were covered, and at eleven the majority of the stores and offices had been flooded, and pedestrians were only able to move about in rubber boots. Merchants sat on their desks dangling their legs and watching the rats which sought safety on the various pieces of furniture. The end of the North wharf floated gracefully to and fro and the entire side lifted up and down with the motion of the waves. On the Ballast wharf the water gradually crawled up until it reached the steps leading to the office at the end of the main shed. On Courtenay Bay, where the banks are fairly steep, no damage was done, but on the lower parts of the shore the water flowed freely and in the old Haymarket or fair grounds on the Westmorland road it was almost deep enough for swimming. At the York cotton mill the water touched the new shed recently erected in the rear of the mill.

The tide was not any higher than usual at Indian Point. In spite of the unusual height of the water, however, any damage was done, with the exception of some firewood which floated off the wharves. Much inconvenience was however caused. The sight at the breakwater was a magnificent one. Forced by the strong winds the breakers hurled themselves on with tremendous force, and dashing against the rocks the spray was thrown high over the breakwater. A continuous mass of flying spray and foam.

## PING-PONG.

The preliminaries in the tournament under the auspices of the Y. M. C. A. and Athletic Association of Trinity church, will be continued this evening. Entries will close at 8 o'clock. The winners so far are E. March, R. Wright, G. Clarke, C. Titus and St. George Clarke. A team will be chosen from these contestants to represent the church in outside matches. Next week the Trinity ping pongers will try conclusions with a team from the Mission church.

## KINDNESS APPRECIATED.

The patients at the Home for Incurables wish through the Star to express their appreciation of the many kindnesses shown them by the many car conductors who pass the home in their cars. The conductors give them the daily papers regularly and in many other ways express their sympathy for the sufferers. All the conductors are to be thanked, and among them the name of Harry G. Clark and Arthur Dingee are particularly mentioned.

## LOTS OF CATTLE.

Two trainloads of cattle and sheep for the Montserrat reached the city between nine and ten o'clock this morning by the I. C. R. These trains stop at Gilbert's Island, from where they are broken and sent to the Ballast wharf and the West Side. About eighteen carloads went to Sand Point, where the live stock are this afternoon being loaded. The others are being transferred to the West Side by the barge St. Lawrence.

In all 898 head of cattle and 1,144 sheep were received for the Montserrat.

## HIGH BAIL.

Charles E. Czekwith, of Kentville, N. S., charged with failing to account for \$2,300 from the Chemist-Fertilizer Co., Ltd., was yesterday sent up for trial by Magistrate Ritchie. The bail was fixed at \$3,000. The defendant's counsel considered this unreasonable and will probably apply to a judge of a higher court to fix the amount of the bonds necessary.

## BOYS' MISSION.

Next Sunday night a union meeting of the Boys' Mission and No. 5 Bar-tracks Salvation Army will be held in the Mission hall on Mill street. Major Howell conducts the service, and there will be special music, both vocal and instrumental. A silver collection will be taken at the door.

## RIFLE SHOOTING.

The enterprise of R. J. Wilkins in providing a rifle gallery in connection with his cigar store, 81 King street, is recognized outside of the city as well as within its limits. Hampton people have arranged to establish a similar institution. There is no better possible practice for our local soldiers.

## BURIED TODAY.

The funeral of the late Mrs. Mary Leahy took place at half past two o'clock this afternoon from her late residence on Mill street to the Cathedral. Service was conducted by Rev. F. Cornish and interment was made in the old Catholic burying ground. There were no pall bearers.

## POLITICAL NOTES.

A grand opposition rally will be held tonight in the York Theatre, when J. D. Hazen, K. C., leader of the opposition, and the city candidates in opposition will address the meeting. Seats will be reserved for ladies. The chair will be taken at eight o'clock. The opposition have gained two seats in Charlotte county.

Fred M. Sprou, J. D. O'Connell and J. A. Moore are in the city this afternoon en route to Westfield to speak this evening.

There is a small crowd at the government convention at Hampton this afternoon. All persons who were willing to come from Sussex to the government convention at Hampton today were provided with free tickets over the I. C. R. One of the prospective candidates was handing out the tickets.

On the last day of the month is the time to strike, to strike quickly and to strike strongly against further maladministration of our provincial affairs.—Chatham Commercial. Mr. Tweedie is opposed by two newspapers in his own town. The one supporting him is edited by a government official.

Hon. William Pugsley is advertised to address the electors of Albert, Albert county, on Tuesday, the 17th inst. The government party there is sorely in need of help.

## RESTIGOUCHE COUNTY.

CAMPBELLTON, N. B., Feb. 11.—While Campbellton audiences are not as a rule demonstrative, the large crowd which assembled tonight to hear Messrs. McLatchey and Labilliois was the most unenthusiastic audience seen here for many years. Mr. McLatchey opened with a lame and labored defence of the Muskoka deal. He called upon the liberals to oppose Mr. Mott because in the last dominion election he had courage enough to take part in the campaign. He asked for support so that Mr. Mott, M. P., might be able to save Restigouche from losing a member in the house of commons. His next appeal to the people was to hold on to the public works department, and he intimated that he might be able to secure an inter-provincial bridge across the Restigouche. He said we had nothing to do with the past policy of the government, but must have regard to its policy for the present and future.

Mr. Labilliois followed with one of his usual pleasant little speeches with nothing in it. He called upon the conservatives to stand by him as he as a conservative stood by them.

## WESTMORLAND'S FOUR GOOD MEN.

SACKVILLE, N. B., Feb. 11.—The opposition convention was held here this afternoon and was attended by three hundred delegates. All the parishes were well represented. J. L. Black acted as chairman, and J. S. Boyd of Moncton as secretary. Brief addresses were given by W. F. Humphrey and O. M. Melanson, after which a nominating committee composed of three delegates from each parish and three from the city of Moncton was appointed. After careful deliberation this committee reported the nomination of Messrs. Humphrey, Melanson, E. B. Black and P. G. Mahony.

Short speeches were given by the candidates and much enthusiasm shown. The candidates are going to put up a stiff fight and are confident of success.

A Sackville letter to the Star says: The opposition convention held here yesterday was largely attended from every parish, about two hundred and fifty being present. Joseph L. Black of Sackville, presided. Great enthusiasm prevailed and the reports from all sections indicate opposition gains as compared with the last contest. Among those present were a number of influential men who supported the government in the last contest, including old liberals of fifty years standing. The ticket selected is regarded as one of the strongest that could be put forward. It consists of W. F. Humphrey and O. M. Melanson, two representatives of the last four years, with Frank Black of Sackville, and E. G. Mahony of Hiramford. These gentlemen all have large interests in the country as manufacturers, merchants and lumbermen, and their election by a large majority is confidently expected. After nomination arrangements were made for carrying on the work of the campaign which is entered upon with the greatest enthusiasm.

## DEAL IN CHARLOTTE CO.

The St. Andrews Beacon publishes a resolution adopted and signed by leading liberals and conservatives of Charlotte county, in which they agree that each party shall select two men and thus avoid a contest in that county. Each side is to accept the two named by the other in convention, and all pledge themselves to fight for the four if anybody opposes them. The names of Hon. George F. Hill, J. D. Chipman, W. F. Todd, George J. Clarke, F. M. Murchie and many other influential men of both federal parties are signed to this agreement.

Both parties hold conventions today to select their two men. There is nothing in the resolution to bind the candidates either to support or oppose the government. It is simply a plan to avoid an election contest. It is also a confession of weakness on the part of the government party, and gives the Telegraph's pet another black eye. There is no division on federal lines in Charlotte. The government was evidently afraid to put a straight ticket. Where's the main body?

The Beacon says: "Consideration for Hon. Mr. Hill, who was known to have been opposed to the calling of an election at this time also influenced to some extent the feelings of the party representatives." Evidently Mr. Hill is getting back at his colleagues.

Reports of a cheery character come from here, and a strong opposition ticket is in process of formation in Kent, among those mentioned as likely candidates being Dr. Keith of Harcourt, John Jardine of Rexton, Dr. Bourque of Richibucto, ex-Warden Teger of Cocagne, Richard Leary of Richibucto and others. The Kent ticket will be announced possibly tomorrow.

**D. MULLIN NOT A CANDIDATE.**  
Says He Will Take No Part in the Coming Election.

One has heard the name of Daniel Mullin, K. C., very frequently, on the streets these last few days and reports concerning his intentions have been many and various. Some time ago it was hinted that he would have liked the nomination on the opposition ticket. Later he was stated as an aspirant for the position now held by Mr. Lantulum. Still more recent has been the report that he meditated the rashness of offering himself as an independent candidate.

Perhaps Mr. Mullin's own statement of his intentions might have some weight against the manderings of the street talkers. "I am not a candidate," he said this morning. "I have no intention of being a candidate for a seat in the local house during the present election. I have no statement to make regarding the situation except that I expect to take no part whatever in the contest."

## WEDDINGS.

The marriage took place at 7.30 o'clock last evening, at St. Jude's church, Carleton, by the rector, Rev. G. F. Seville, of Mabel, daughter of John Durant, to Wesley Williams—all of west side. The groom was supported by Mr. Price, of the North End, and Miss Mabel Robson, of West Side, was bridesmaid. A wedding feast was served at the home of the bride, and many valuable presents were received by the young people.

A very pretty wedding was solemnized at St. Paul's Presbyterian church, Fredericton, yesterday afternoon when Ella Gertrude, eldest daughter of Mr. and Mrs. Fred Whittaker, of George street, and niece of Judge and Mrs. Gregory, was married to Henry Stewart Campbell, eldest son of Donald Campbell, King street.

The marriage of W. T. Pitfield, merchant, of Sussex Corner, and Miss Hattie L., eldest daughter of the late Joseph Harrison, took place last evening at the Methodist church in Sussex. The ceremony was performed by the Rev. J. B. Gough. The church was completely filled with the many friends of the contracting parties, who are both deservedly popular. The bride was becomingly dressed in a steel gray travelling suit with hat to match.

## A SERIOUS CHARGE.

David L. Irvine, a young fellow in the employ of the Auer Light Co. was arrested this forenoon by Deputy Jenkins and Detective Killen on suspicion of stealing a diamond ring, the property of Mrs. Edwin K. McKay, of 153 King street east.

It appears that yesterday Irvine went to Mr. McKay's house for the purpose of adjusting some Auer lights. Some time after he had left Mrs. McKay missed the ring, a solitaire, valued at about eighty dollars, which had been lying with other articles on a jewel
