#### HARVARD, 11; VERMONT, 6.

The attendance was the largest at the initial game for many years, and the heavy hitting of the home team was cheered. The playing of Captain Dexter was the feature, as he contributed a home run and made five brilliant catches in left field. The visitors played well, considering their lack of practice.

#### CLEVELAND AMERICANS WON.

TOLEDO, O., April 6.—The opening of the baseball season here today resulted in a victory for the Cleveland team of the American League, which defeated the Toledo team of the American Association five to three after a hard fought 11 inning contest. #### TENNIS

##### MISS SUTTON TO COMPETE.

NEW YORK, April 6.—It was announced today that Miss May Sutton of California, who won the English lawn tennis championship in 1905, is to play in series of indoor tournaments at the St. Nicholas rink in this city beginning on Thursday, April 11, and continuing until May 2.

The purpose of the tournament is to select a team of American women, probably captained by Miss Sutton, to visit the meetings in England, Scotland and Ireland this summer to play a series of international matches with English women. Among the American women tennis experts who will take part in the New York tournament and may compose the international team are Miss Helen Homans, Miss Elizabeth H. Moore, who held the National championship for four years, Margaret Wallach, the runner-up last year, and Miss Marion Fenn.

In the New York series Miss Sutton is scheduled for an afternoon match on Saturday, April 27, against one of the top ranking men of this country. It is said that either Holcombe Ward, William Larned or Karl Behr, Jr., will be her opponent.

The only event of importance in which ranking men will contest will be the doubles. This is scheduled for Saturday, Monday and Tuesday, April 29, 30 and 31.

#### GOOD RACES AT ROLLAWAY.

There were two good races in the Queen's rink on Saturday night, the first between Smith and Gleason, in which Gleason gave Smith a half lap handicap, and for a time it seemed as though he would not be able to catch the smaller boy, who had numerous friends in the audience. Towards the end of the race, however, his staying qualities helped him out and he won the race by several yards.

The second race was one of the best yet skated in the rink. There were four starters, Alward, Olive, Wilson and Nixon. The distance to be skated was unknown to the competitors, the given number of laps having been sealed in an envelope which was opened after the race commenced. The result was that the competitors, not knowing how long or how short the distance might be, skated fast from the start and kept the pace up continually. Wilson fell in the second lap, but regained his feet and soon came into the running.

For nine laps the men then kept together, Alward having the lead. Olive then jumped ahead and in a tangle he and Alward were thrown to the floor. This gave Nixon an opportunity which he took, gaining almost a lap on the others, who were blocked. They got up again and tried to catch Nixon, but found it impossible. Alward and Olive had a hard fight for second place. Olive fell again in the last lap, Alward getting second position, with Olive third. The distance was seventeen laps. Time, 44.
