"It isn't at all strange that crack puglilits are good easters," said the old New York sport last week. 'Some of the old-time champions knew how to order and lived on the fat of the land. Tom Hyer, for instance, was the idol of the old Washington Market butchers and could go as far as he liked.

"'Here, Tom, is one of the finest five-pound steaks that I've ever cut! I'll send it across to the restaurant and have it cooked to a charm for you!" said Bob Bennett, one of Hyer's

"Poor Con Reardon, who was acclentally killed while sparring with Fitzsimmons at Syracuse several years ago, could eat a leg of mutton without the slightest inconvenience. Reardon was training a fighter once down at cloney Island, when Faddy Gorman, the Australian middleweight, told the proprietor of the hotel that Reardon could carry more food in his stomach than he could on this back. This so alarmed the landlord that he promptive a couple of thousand plunks at a time. I saw Law and Coburn many a time dining in the swellest hotels along old Broadway, It was Law who gave away \$30,000 worth of diamon to some sports and pugllists at Saratoga one day, just as presents. It was no wonder, therefore, that Coburn bookme a high liver with such a liberal friend behind him with an open purs But this eating and drinking soon made an old man of Coburn tong border his time.

"Bord Fitzsimmons was never what I would call a high-class feeder, especially if

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forforever; nine cases out of ten are caused by Catarrh, which is nothing but an inflammed condition of the mucous surfaces.

We will give One Hundred Dollars for

mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Olearly Wrong

A political speaker was atacking the Government of the day with more venom than reason. A man at the back of the hall at last cried out: "You're wrong, sir!" A little nettled the orator continued, without heeding. Presently, in answer to another strong question, came again, "You're wrong, sir!" The speaker looked angry but continued on the war-path. "You're wrong, sir! again rang out.
Angrily addressing the persistent
one, the orator cried: "Look here, I ON THE could tell this man something about this government which would make his hair stand on end!"

FINE LIST OF ENTRIES

FOR TODAY'S SPORTS

The La Tour Rowing Association will hold their aquatic sports on Lity Lake this afternoon, when a fine list of events will be pulled off. Many pronunced and well-known athletes are on the entry list, and only fine weather is needed to make the aquatics a big success. The executive has worked hard for the past few weeks, and their efforts have been successful far beyond their expectations. A good afternoon's sport is promised those who take in the aquatics this afternoon. The following will be the officials: Referee, Chief Clark. Judges—Postmaster Sears, Graham Patterson and George Scott. Starter, C. W. Bell. Clerk of course, Charles McManus.

MINEOLA, N. Y., Aug. 20—C. Foster Willard's first attempt to win the trophy offered by the Scientific American for the lengest flight by an aeroplane, failed today because of an accident to the framework of his machine, the Golden Flyer. One of the supports of the rear horizontal rudder was broken in starting and this prevented the vertical rudder from working. After flying in a semi-circle for nearly a mile Willard was compelled to alight and postpone further attempts to talk the trophy until next week. The flight was wingested by a great crowd of spectators who came out from New, York and from the surrounding country places in their automobiles.

2 AND 8 P. M,

VIENNA, Aug. 20—Myrlads of ocusts have made their appearance in the district of Nagykoro, in Hungary, where they are devastating the corps.

One hundred and eighty horse and steam rollers have been collected from far and near, and are being driven far and near, and are being driven far and near, and are being driven far and insects together, as this has been found to be the only way to check the plague.

When the insects first made their appearance the farmers applied for help to the Ministry of Agriculture at Eudapest, and, as they did not get what they wanted at once, they sent a large case full of live locusts to the nin ster.
