## ROYAL SAW A TRAGEDY AT ASCOT RACES

### Insane Man Trampled by Horse He Attempted to Hold Up.

## NOT CONNECTED WITH THE SUFFRAGETTES

### Harold Hewitt, Educated, Middle Aged and Independently Rich, Will Pay Penalty With Life for Foolhardy Act

Ascot, England, June 19.—The race for the Ascot Gold Cup, one of the most coveted prizes of the English turf, was marred today by an incident similar to that which brought the King's horse down in the Derby when Allie Widding Davison sought and found death in the cause of the militant suffragettes. In this case it was a man, Harold Hewitt, who emulated Miss Davison's feat.

According to the Ascot police, Hewitt was not connected with the suffragettes and was of unsound mind, of a type peculiarly liable to be carried away by the initiative impulse. He received the same penalty for his temerity as did Miss Davison, a fracture at the base of the skull. At a late hour tonight Hewitt was lying unconscious in a hospital, after undergoing an operation in the forenoon hope that his life might be saved.

## Royalties Saw It.

King George and Queen Mary, ex-King Manuel of Portugal, Crown Prince and Crown Princess of Sweden, the Duke of Connaught, governor-general of Canada, and Princess Patricia, and a number of lesser royalties, were watching the race from the Royal stand. Coming down the straight, August Belmont's famous colt Tracery, a son of Rockland, shot into the lead. He was going like a well-oiled piece of machinery, and soon had the nearest horse several lengths behind. Seemingly Tracery was assured of an easy victory.

Suddenly a man jumped from the rails waving a red flag with one hand and with the other pointing a revolver at Tracery. He shouted:

"Pull up, pull up, or I'll shoot you." Whalley did his best to divert the horse's course, but failed. Tracery striking the man fell in the chest in his shoulder, sent him flying several yards, and came down on his nose. Whalley shot clear out of the saddle, but, being an adept at taking a toss fell on his back and rolled to safety under the rails.

In Serious Condition.

In the meantime the other horses came thundering on, one of them giving the author of all the trouble a good spraying, a terrible kick on the head in passing.

Save for the bruises Whalley was uninjured, and when the King sent for him he walked stiffly to the Royal box to receive congratulations on his escape.

Hewitt is about fifty years of age. According to the police he is a cultured man, having been educated at Harrow and Cambridge, and is possessed of independent means. He had, however, shown evidences of religious mania. A Bible was found on him, the 7th leaves of which were not of the last entry was made a few hours before his mad act. It was:

"Oh, the weariness of these races. If I fall in my intention to stop the gold cup I hope I shall not hurt any of these jockeys. These races bring out all that is worst in humanity."

## INVESTIGATION TO BE HELD AT KINGSTON

### Conduct and Operation of Penitentiary to be Looked into by Government as Result of Complaints.

Special to The Standard. Ottawa, June 19.—The Minister of Justice will shortly arrange for an investigation into the conduct and operation of Kingston penitentiary.

From time to time there have been rumors of unrest in the institution, and when Warden Elst returned during the winter, J. C. Irvine was moved down from Stony Mountain penitentiary to Kingston. Certain other changes have been made, but there is said to be still reason for inquiry, not only with regard to the staff, but also the whole system of penology in the light of modern ideas of dealing with the criminal class.

## CALL IT CARELESSNESS THAT THEY DEVIATED FROM THE MARCONI SCANDAL

### Marconi Scandal in British House Ends With Application of Liberal Whitewash Brush to Ministers Whose Conduct Was Questioned—They Were Merely Careless But Not Dishonest.

London, June 19.—That this house, after hearing the statement of the Attorney General and the Chancellor of the Exchequer, in reference to their purchases of shares in the Marconi Company of America, accepts their expression of regret that such purchases were made and that they were not mentioned in the debate of Oct. 11 last, and acquits them of acting otherwise than in good faith and reproaches the charges of corruption against the ministers, which have been proved to be absolutely false.

With this substitute motion proposed by William Ryland Dent Atkins, adopted by a vote of 346 to 268, the House of Commons tonight officially closed the Marconi affair.

The heavy guns of both parties—the Prime Minister, Mr. Asquith, and the Secretary for Foreign Affairs, Sir Edward Grey, in behalf of their colleagues under investigation, and A. J. Balfour and Andrew Bonar Law, for the Conservatives—led the defence and attack.

A Strict Party Vote.

The speeches of the Prime Minister and the Secretary for Foreign Affairs gave the impression that the advocates were not enthusiastic over their clients. Mr. Balfour and Mr. Law had the appearance of performing a

## ANNIVERSARY CELEBRATION OF SHRINERS LUXUR TEMPLE OF THE MYSTIC SHRINE TO HOLD BIG DANCE THIS EVENING—Elaborate Preparations.

The tenth anniversary of the inception of Luxor Temple of the Mystic Shrine in this city will be celebrated in right royal style by the shriners this evening when a programme in which all the well known local talent will participate, will be rendered and a ball held. The shriners, their guests and their wives and daughters will constitute the assembly, and a big time is assured to all.

Masonic Temple, German street, has taken on a gala appearance in honor of the occasion, and from the large banquet rooms on the top floor, all has been gaily decorated with flags, the insignia of the order and hunting, and the ball room has been prettily decorated.

Over the platform at one end of the room is hung the flag of Luxor. Jacks and enigma are tastefully hung starting from the edge of the ceiling and running to the centre long streamers of green, red and blue add to the effect. The ladies' dressing room is tastefully arranged with rugs, dressing tables, and last but not least, appropriate mirrors. Two private rooms have been given over for this purpose and are fitted up correctly, most of the nobles being married men.

During the early part of the evening a musical programme will be rendered after which dancing and other forms of amusement will be in order. Supper will be served at midnight, and in all an excellent good time is being looked forward to.

Luxor Temple was instituted in St. John ten years ago, and it is the purpose of the members to celebrate their wedding with good effect. The first officers were installed by the Karmak Lodge of Montreal. The late Dr. Heberington was the first president. George E. Blake, the present chief of the fire department, held office for two years, and Colonel J. L. McAvity for one year. P. H. Barr is the present potentate, with Charles Robinson as recorder. Since its inception the order has been very successful in its work, and looks forward to continued success. Visiting nobles will find the ladies string outside the door this evening upon presentation of their pulp colored green and white.

## MARITIME PROVINCES WILL NOT BE AFFECTED

Ottawa, June 19.—In connection with the alteration in the rules of the road designed to make navigation rules on the Great Lakes harmonious as between Canadian and United States shipping, the shipping interests have been advised that any changes will be effective only on the Lachine Canal and westward, Montreal Harbor and the river eastward and the Maritime Provinces will not be affected. There has been opposition to any change which might lead to confusion and resultant accidents.

## COMMISSION GETTING PLANS FOR ELEVATORS

### Tenders for Granaries to Relieve Congestion in West Will be Called for Soon—A Number to be Built.

Special to The Standard. Ottawa, June 19.—Plans are being prepared by the Grain Commission for the new interior terminal elevators at Saskatoon and Moosejaw, and tenders will be invited shortly. The elevators are designed to relieve the congestion and avoid blockades after each harvest. Each will be of three or four million bushels capacity. The commission is now engaged in investigations to determine the location of additional elevators in Alberta.

The celebrant was the Bishop of Quebec, the sermon being preached by the Bishop of Algoma, who gave an interesting summary of the progress of the university during the past sixty years.

The day's proceedings began with early celebration of holy communion. At 11 o'clock services were held in the college chapel. The celebrant was the Bishop of Quebec, the sermon being preached by the Bishop of Algoma, who gave an interesting summary of the progress of the university during the past sixty years.

TORNADO IN KENTUCKY. WATT TO HANG IN AMHERST. Amherst, N. S., June 19.—Chief Justice Townsend today sentenced Charles Watt, found guilty yesterday by the grand jury of murdering his sister's infant child, to be hanged between six and twelve on August 28, 1913. In sentencing the prisoner the judge said he fully concurred in the verdict and while the matter would be referred to the Department of Justice he could hold out no hope.

VICTORIA OF SPAIN GIVES BIRTH TO SON. Madrid, June 19.—Queen Victoria of Spain gave birth to a son tonight. This is the sixth child born to Queen Victoria, the fourth being stillborn.

King Alfonso and Victoria, Princess of Battenberg, were married May 31, 1906.

No Heavy Blows.

Another witness of the afternoon was Eddie Smith, of Chicago, the referee of the fight. He said that there were no heavy blows struck as far as the contest went, and he was surprised when he saw McCarty go down slowly and more so when he did not rise.

He explained the rules under which the contest took place, which were the Marquis of Queensbury rules, with slight modifications, which meant that there was to be no hitting in the clinch. Smith said he had seen many fights, amateur and professional, but for 25 years he had been unable to find out the difference between a boxing contest and a prize fight. The last witness of the afternoon was Joe Price, sporting editor of the Albertan, who told what he knew of the contest and described the various blows previous to the fall of McCarty.

The case was adjourned until tomorrow.

## MEDICAL RECIPROCITY SHOWS AN ASSURED FUTURE

### Dominion Medical Council Takes Important Step in Interests of Canadian Medical Men—Provides Dominion License Under Certain Conditions—Dr. Roddick First Member of New Council.

Ottawa, June 19.—The Dominion Medical Council which has been in session here for the past three days, concluded this afternoon. The organization under the Dominion Medical Act was completed, and bylaws and regulations were adopted for submission to the government, whose approval is necessary. Arrangements also were made for the first Dominion examinations. They will begin at Montreal on October 7th.

The Dominion register will open at Ottawa on July 1, which is not only the first step towards the confederation of the Canadian medical profession. The first annual meeting will be held here on June 16th of next year. The council, which embraces thirty-two members representing the provinces and universities, are all medical professionals.

Medical Reciprocity.

The final establishment of the council marks the completion of the scheme of medical reciprocity which has long been advocated. The moving spirit in it was Dr. T. G. Roddick, of Montreal, the president. Heretofore there have been a series of provincial councils whose terms held good only in the province where they were issued. The provincial councils are not abolished, but a medical graduate who now passes the Dominion council, may without further examination, practice anywhere in Canada upon registering with the provincial body.

Physicians of good standing for ten years before October, 1912, may procure the diploma without examination upon payment of a fee of \$100. For a medical graduate who locates in any province and intends to practise there the Dominion examination will not be necessary. He cannot, however, practice in any other province on the strength of the provincial license. This privilege is granted only to those who pass the federal council or register without examination after having practiced ten years.

Wipes Out Provincial Limits.

The fundamental principle of the bill is to do away with provincial limitations and provide that a physician who secures the Dominion certificate may practice in any province without the necessity of undergoing an examination before the provincial authorities. Hon. Dr. Roche, minister of the interior, who convened the first council meeting in Ottawa last October, was elected an honorary member, and Dr. R. W. Powell, of Ottawa, is the registrar.

The first name on the Dominion register will be that of Dr. Roddick, the president and father of the bill. The act was first passed by the Dominion parliament and afterwards ratified by the different legislatures.

In another entry he refers to his intention "to give my body as a protest against society conventions."

The Ascot cup was won by the five-year-old Prince Palatine, owned by P. Pilkington. The race was at two and a half miles, with 3,500 sovereigns added.

Prospects of Balkan Peace Not So Bright Now—Meeting of Premiers Will Probably Be Called Off.

London, June 19.—Bulgaria yesterday delivered a note to the Serbian government practically declining the latter's request for a revision of the anti-Belium treaty, and the possibility of a peaceful settlement of the Balkan trouble is receding.

Apparently Bulgaria will accept Russian arbitration only within the limits of the treaty, while Serbia is desirous of having all the disputed questions referred to Russia. Thus a new deadlock has arisen and the projected meeting of the four premiers at St. Petersburg gives no sign of materializing.

ARTHUR PELKEY ARRAIGNED FOR MANSLAUGHTER CHARGE IN CALGARY IN CONNECTION WITH LUTHER MCCARTY'S DEATH.

Calgary, June 19.—Arthur Pelkey was placed on trial this morning on a charge of manslaughter in connection with the death of Luther McCarty, a boxing bout here on Victoria Day. Pelkey was arraigned before Chief Justice Harvey and pleaded not guilty. A large part of the forenoon was spent in the selection of the jury and shortly after eleven o'clock Billy McCarty, manager of McCarty, was placed on the stand, and he reiterated the evidence given by him at the coroner's inquest at the foot of the mountain.

Dr. H. H. Mosher remained steadfast in his opinion that some external force had caused the dislocation of the neck of McCarty, which brought on the hemorrhage and the resultant death.

Boyer immediately dove down and brought Miss Rideout to the surface and she was pulled into the boat by Hannigan. Boyer then went after Miss Hannigan and succeeded, after a hard struggle, in getting her into the boat.

Boyer's clothing, which contained a watch and \$45 was in the canoe and, strange to say, were still there when the canoe was righted. The place where the accident occurred is near a shear boom where the current is swift and about 20 feet in depth.

P., Clarence Jamieson, M. P., John R. McLeod, of Halifax, and Mr. Douglas, M. P. of Sydney, a party of twelve in all, arrived here tonight and leave tomorrow to make an inspection of the P. E. I. TWENTY THOUSAND MAY STRIKE IN CHICAGO.

## ORDERS WILL AFFECT N. B. REGIMENTS

### Cut Off a Squadron from the 8th and 28th Hussars.

## GENERAL REDUCTION IN CAVALRY THE AIM

### Signalling Corps to Go Under Canvas\$ SHRDLU RDLUN New Name—Newcastle Field Battery To Be Disbanded.

Ottawa, June 19.—Military general orders issued today contain notice of several changes in reorganization of considerable interest. One of these is a rather general cutting down of cavalry regiments from four to three squadrons.

Among the corps dealt with are the 1st Hussars, London; 24th Greys Horse, Woodstock; 11th Hussars, Richmond, Que.; 8th Hussars, Sussex, N. B.; 28th New Brunswick Hussars and 19th Alberta Dragoons. In each case a squadron is disbanded.

Two rural infantry regiments are converted into city corps. One is the 26th Waterloo regiment, and the other the 99th Manitoba Rangers of Brandon.

The Montreal ammunition park is disbanded.

The 12th field battery Newcastle, N. B., is disbanded with a view to reorganization.

The signalling corps undergoes reorganization, which includes the name of the corps. It is henceforth to be termed the Canadian Signal Corps. The establishment of the corps is set at 18 officers and 258 other ranks. There are to be six divisional signalling officers, who will be Majors or Captains, and twelve brigade section signalling officers who will be Lieutenants or Captains. For this year's training the establishment will be 37 officers and 104 other ranks.

An order appears removing Napan Point, Ottawa, from the list of saluting stations. For many years the salute at the opening and closing of parliament have been fired from that battery, but the increasing age and infirmity of the old muzzles have rendered its abandonment necessary.

HAVE NARROW ESCAPE  
WHEN CANOE UPSETS

### Boat Caught in Current—R. L. Boyer After Hard Fight Rescues Two Lady Companions.

Woodstock, June 19.—R. L. Boyer, fish warden of Victoria County, who was in town yesterday, and Miss Ida Rideout and Miss Hannigan, started from the boathouse at the foot of Queen street about 9:30 last evening to enjoy a canoe trip. They were sailing down abreast of the boat when they heard a voice calling a short distance behind. It proved to be Miss Hannigan's brother and the canoe was turned to wait for him. The current was swift and his boat was going fast. Before the canoe could be paddled out of his way it was struck amidship and completely turned over, throwing the three inmates into the water.

Boyer immediately dove down and brought Miss Rideout to the surface and she was pulled into the boat by Hannigan. Boyer then went after Miss Hannigan and succeeded, after a hard struggle, in getting her into the boat.

Boyer's clothing, which contained a watch and \$45 was in the canoe and, strange to say, were still there when the canoe was righted. The place where the accident occurred is near a shear boom where the current is swift and about 20 feet in depth.

Charlottetown, P. E. I., June 19.—Hon. Frank Cochrane, Minister of Railways, accompanied by General Manager F. P. Gutelius, Superintendent T. P. Brady, and their secretaries, John Stanfield, M. P., Clarence Jamieson, M. P., John R. McLeod, of Halifax, and Mr. Douglas, M. P. of Sydney, a party of twelve in all, arrived here tonight and leave tomorrow to make an inspection of the P. E. I. Railway. They will remain on the island till Saturday night.

TWENTY THOUSAND MAY STRIKE IN CHICAGO.

Chicago, June 19.—The lockout of twenty thousand men engaged in the buildings trade here recently threatened by contractors who are putting up buildings in the downtown district became effective today.

WOMEN BARRED FROM ENGLISH VESTRIES.

London, Ont. June 19.—The Synod tonight, after a debate lasting all the afternoon and evening, defeated the proposal to allow women votes in the vestries. The vote was, Clergy 41 for to 30 against, laity 20 for to 17 against. A two-thirds vote was necessary and the vote was seven short of that number among the clergy and five among the laity.

## VIEW OF THE WRECK ON NEW HAVEN ROAD AT STAMFORD, CONN.

The above picture shows the recent wreck on the New York, New Haven and Hartford Railroad at Stamford, Conn., when five persons were killed and a score seriously injured. The terrific force with which the two trains came together can be seen by the way the engine has almost completely telescoped one of the coaches. This makes the fourth serious wreck in the last two years on this railroad, causing the loss of thirty lives and serious injury to more than two hundred and fifty persons.
