How You May Throw Away Your Glasses

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunate, then these glasses may be ruining your eyes instead of helping them. Thousands who wear these "windows" may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once: Go to any active drug store and get a bottle of Bon-Opto tablets. Dissolve one Bon-Opto tablet in 1 glass of water. With this harmless liquid solution bathe the eyes two to four times daily, and you are likely to be astonished at the results right from the start. Many who have been told that they have astigmatism, eye-strain, cataract, sore eyelids, weak eyes, conjunctivitis and other eye disorders, report wonderful benefits from the use of this prescription. Get this prescription filled and use it; you may no longer need your glasses, or if you do, they will be only like crutches and every few years they must be changed to fit the ever-increasing weakness of vision, so better see if you can, like many others, get clear, healthy, strong, magnetic eyes through the prescription here given. The Valmas Drug Co., of Toronto, will fill the daily prescription by mail, if your druggist cannot.

"A friend who is a nurse said for me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. Brown, 1109 Auburn Avenue, Cleveland, Ohio.

J. A. MacKellan, Leinster street, roses A. MacKellan performing the ceremony. Mr. and Mrs. Robertson will sail next week from Montreal for the old country, as Mr. Robertson is returning home to enlist.

The bride was attended by her sister, Miss Hazel Irwin, who was becomingly dressed in blue and carried a bouquet of bridal roses. A. MacKellan acted as groomsmen. THE GIRL THAT IS PALE SHOULD READ THIS.

She is in danger, her system is run-down, weak—she needs nourishment, needs richer blood. More than all else she needs Ferronine, needs a tonic which brings back the nerve energy which rapid growth and study have exhausted. The old-time vigor, happy spirits and new strength return with Ferronine. The delicate mind is energized, strengthened and rebuilt. Isn't it worth while using Ferronine when it surely does so much. People think that war adjective "cushy" is a derivative of cushion, and therefore means "something soft." Its real derivation is quite different. "Cushy" is a Hindustani word, meaning something between "suitable" and "filthy." If you ask Indian soldiers to volunteer for a dangerous task, one comes up and says "bam cushy bah," he means that he's the man for your money.

FOUR WEEKS IN HOSPITAL.

Mrs. Brown Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk. For if I stepped on a little stone I would almost faint. One day I did faint and my husband was so tender and so kind to me, I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pain."
