

THE SEMI-WEEKLY TELEGRAPH, ST. JOHN N. B., JULY 3, 1901.

A SUCCESSFUL SURGEON-DENTIST.

In our midst we have one of the most enterprising young practitioners in Canada. The finest list of references ever presented in the history of this province. Where people from all parts of the provinces go when in quest of reliable dentistry. Dr. J. D. Maher has the exclusive right to use the Famous Hale method in this city. Faces familiar to all. A page worth preserving.

Our contemporary, the Globe, on Saturday evening, printed the following interesting interview with Dr. J. D. Maher, of North End, which will, no doubt, be pursued with interest by readers of The Telegraph. It is quite a tribute to Dr. Maher as a Surgeon-Dentist.

presenting a beautiful appearance. The place was recently beautifully decorated by Mr. Joseph Craig. The walls are covered with choice steel engravings, and the rooms furnished with the best of everything by Messrs. M., R. & A.

justly lay claim to being the "Father of Painless Dentistry" in New Brunswick, and the Hale system cannot be used by any other dentist in the city of St. John, although Dr. Maher's sole agent in Canada, has sold to other dentists the exclusive right to use it in certain parts of Canada.

HON. H. R. McCLELLAN, Lieutenant Governor of New Brunswick.

has been one of the chief factors of his success, and he spares no pains or money to secure the best of everything for his patients, and his charges are as reasonable as they could be—only the very best materials being used.

stant use in this city is today more popular than ever. It is a question whether there is another dental office in Canada that turns out such thorough and such a quantity of dental work as do the Boston Dental Parlors of St. John, of which Dr. Maher is proprietor.

After ten years of a constantly increasing and strictly up-to-date practice, Dr. Maher has so well established himself in his profession that his name is a household word in the Maritime Provinces wherever this subject dentistry of a superior character is discussed.

O. M. MELANSON, M. P. P.

Employing only those who are adept at the business, it is no wonder that the quality of the work is of so high a character. Thousands of patients feel grateful for the easy and painless manner in which they have had teeth extracted or filled.

of a lady assistant, are open daily from 9 a. m. until 9 p. m. We present today cuts of the rooms, which fall to do them justice, as they cannot easily be photographed; however, the work performed by Messrs. Ebi and Wesley is particularly good considering the disadvantages.

When a reporter called the other day he was surprised to find that all the offices had been returned from top to bottom,

He is at present arranging for a branch office here in the South End, which will no doubt be in keeping with the one in the North End, which has no superior in Canada. Now that the vacation is coming parents should not fail to have their children's teeth attended to, as they are powerful factors in assisting digestion, which means good health.

We present here a few names and testimonials of the many hundreds of which Dr. Maher has been the recipient, the fact of having the endorsement and the permission to use the names of the following best known and trustworthy officials, clergymen, physicians and citizens is a no-

but at the present time there may be many difficulties in the way of carrying out your suggestions. Many parents would consider it an interference with their individual rights, and the trustees of school boards would hesitate, under the present state of the law, before allowing such examination to take place. I think, however, you deserve credit for bringing this matter before the public, and in due time your efforts may bear fruit. Yours sincerely, L. J. TWEEDIE.
