On motion of Mr. Cartwright for a third reading of the Tariff Bill, a discussion arose on an amendment to recommit the bill, in order to expunge the clauses relating to tobacco grown in Canada.

Dr. Tupper said this was a native industry, which the increased tax was calculated to destroy. He had voted on a former occasion against a proposition to repeal the tax on native tobacco; but he would vote against an increase of the tax, as this bill proposed, especially when it had been clearly shown that there was no necessity for the increased three millions taxation.

After a debate the amendment was lost—yeas, 51; hays, 108.

Mr. Baby moved that tea and coffee be struck from the taxable articles.

Dr. Tupper strongly opposed this tax. He showed that the Finance Minister had secured by revotes more revenue than would be received from the tea and coffee tax. These unexpended balances brought forward more than covered the revenue likely to be raised from tea and coffee.

Mr. McKay spoke in favor of the tax.
