James Val. Morton Wanted  
by U. S. Authorities for  
Alleged Bigamy.

EX-MEMBER OF 33RD

Believed Implicated in Trou-  
ble of Regiment While  
in Training.

James Val-Morton, an alleged former German spy, arrested on a farm near the fourth concession of London Township at the request of the district attorney and the British consul in Cleveland, is waiting in the Midland county jail here for officers from Cleveland to take him to that city, where he is wanted on charges of bigamy and embezzlement. Val-Morton has not admitted that he will fight extradition, and so far as could be learned, he has no objection to being taken to the United States. He has been in the army for some time, and he has been in the army for some time, and he has been in the army for some time.

## BUILDING ACTIVITY IN CITY CONTINUES ITS UPWARD TREND

First Five Days of April Has  
Record of 24 Permits.

Building was never so active in London as at the present time, at least so far as small contracts are concerned. Comparatively few large enterprises have been started yet, but building activity is well in the lead of the record attained by this time last year. It is expected that many large buildings will be commenced within a short time now that the warmer weather seems to have arrived to stay. There is every prospect of the year being a record one for the building industry, according to Building Inspector Arthur M. Piper.

## HORTICULTURAL SOCIETY DISCUSSES SPRING FLOWERS

Interesting Addresses By M. W. Althouse and R. A. Finn.

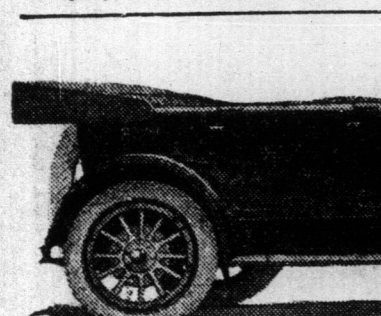

"Spring Flowers in the Garden" was the subject of a fine address given by M. W. Althouse to a large gathering of members of the Horticultural Society in Hyman Hall on Monday evening. Mr. Althouse dealt chiefly with the flowers that are beginning to show signs of life at present, among these being the early tulips, crocuses and hyacinths. He urged all those who have not specialized in these flowers to do so. He referred to the fact that many of the wild flowers are being gradually exterminated and asked that members of the society do their best to preserve them. Mr. Althouse exhibited several fine specimens of early flowers.

R. A. Finn, district agricultural representative, spoke on "Best Fertilizers for the City Gardens." He advised if barnyard manure was unavailable, to use leaves that had been collected in the fall. If neither of these could be had the only alternative left was commercial fertilizer. This is a more concentrated food than manure and leaves. He explained briefly the best kinds of fertilizers that can be used for orchards, shrubs, lawns, vegetable gardens and flowers.

Mr. Finn exhibited a number of his fern collections.

## Off the Rails

John Steward, 468 Hill street, this city, employed at the local G. T. R. freight sheds, suffered a painful injury on Monday afternoon, when a heavy steel plate fell on his right foot severely crushing his big toe. He was given first aid and medical treatment. Mr. Steward will be confined to his home for some days. Owing to the fact that there was no medical chest in the sheds or in the freight office, a few of those who sought to administer first aid was greatly hampered. The two clerks who bound the wounds were forced to use unsterilized factory cotton and a pocket handkerchief.

ONLY A PALTRY \$2.—Thieves broke into the G. T. R. station at Hyde Park during Monday night. Their efforts were rewarded by less than two dollars, which was found in the till. Nothing was disturbed. Entrance was gained when the thieves smashed the lock on the door.

EVEN THE PLATFORM YIELDED.—Considerable excitement and a few watery mouths prevailed for many minutes at the G. T. R. station early this morning, when a Canadian Express Company's truck, bearing 110 cases of whiskey, upset. Every case on the truck was tipped over the platform. On only four of the 1,200 bottles were broken. With the aid of cups and all available tin much of the trickling liquor was salvaged. The load proved too heavy for the platform, and two of the planks gave way, throwing the truck on its side.

WHISKEY BEING SHIPPED.—For the first time in many months whiskey has been shipped out of Walkerville to points east. Several hundred cases arrived in this city today for transfer.

INSTRUCTIONS FOR INCOME TAX PAYERS

Continued From Page One.

and two of your returns and submit them to the inspector of taxation at London or the assistant inspectors at Walkerville or Stratford for calculation.

The same method of calculation obtains whether for farmers or others. This part refers to both Form T1 and Form T2.

First—The normal tax. For the part of the income below \$5,000 the same rate of 4 per cent as is levied on small incomes is used. For the part of the income over \$5,000 the rate is 8 per cent.

Second—The surtax. On the part of the income between \$5,000 and \$6,000 a surtax of 1 per cent is levied in addition to the normal tax. On the part of the income between \$6,000 and \$10,000 a surtax of 2 per cent is levied. On each successive \$2,000 an additional 1 per cent is levied until the rate of 65 per cent is reached on incomes over \$10,000.

Third—The 5 per cent additional tax. On all incomes of \$5,000 and over an additional 5 per cent is added to the sum of the normal and surtax.

ALLOWANCES.

No allowance is made from the surtax and the additional tax for dividends, or children. The only deductions from the normal tax, the taxpayer is allowed 8 per cent on Canadian dividends and 8 per cent on \$200 for each dependent child. But where the taxpayer is charged only 4 per cent normal tax only 4 per cent is allowed. (See illustrations below.)
