Night Latches**

Afford real security and certain protection. Deadlocking latches that cannot be forced or tampered with through the door crack.

**Yale Padlocks**

Are made in many styles and many sizes. Sturdy, dependable locks for every padlocking need inside and outside the house.

Half a Century's Usage

Yale products have received nearly fifty years of endorsement by the world, the endorsement of *usage*.

The Yale ideal of enduring and satisfactory service has been built into every Yale product since 1869.

The presence of that name Yale upon locks and hardware is a visible guarantee of real security, artistic decoration, and provable durability.

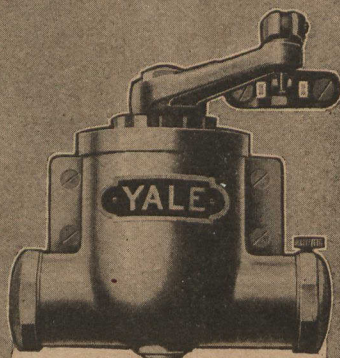

Yale products are made in Canada.

Look for the name "Yale" on the locks and hardware you buy.
