

Minister's Office

MEMORANDUM

C.

February 8, 1932.

Dr. Scott.

The Minister has had some correspondence with regard to the appointment of a Medical Officer to accompany the Indian Treaty Party, which will be going into the country north of Edmonton this year.

Will you please advise me if a medical officer will be required, also when the party is expected to leave, how long it will be away from Edmonton, the remuneration, and if the latter includes travelling expenses.

Is an appointment of this kind made by the Civil Service Commission?

Private Secretary.

Indian Affairs. (RG 10, Volume 6878, file 1-28-3-1 pt. 3)
