Dear Sir:

With reference to your letter file No. 5008-D8-20(ARQ) dated July 14th 1959, which has recently been forwarded to me.

The aircraft in question, CF-DHT, was destroyed on the ground by a windstorm on July 4th 1955, your office being informed of the incident a few days later. The wreckage, which was beyond repair, was disposed of piecemeal, and I may safely say that the aircraft has been permanently withdrawn from use.

I regret that the Certificates of Registration and Airworthiness have been mislaid in the ensuing four years, however you may consider this letter a request for their cancellation.

Please note that my adress is now as above, of which your office was advised some four months ago.

Yours very truly,

J.H.K. Nener.
