Overland

\$850

Roadster \$825
Model 75—f.o.b. Toronto

This car is the result of a definite purpose to supply a definite need with definite finality.

It is built for the man whose purse cannot afford a big expensive car—

For the man whose pride cannot afford an unsightly, little, uncomfortable car—

And it is a very definite success.

Beauty is not necessarily a matter of size.

Neither does size altogether control comfort.

But skill, experience and facilities are required to build a small, beautiful, comfortable, economical car.

In a word, this car required Overland organization.

And here is the small, light car—complete to the last detail.

Its performance is on a par with its beauty, comfort and completeness.

And its price—\$850—is far below any former price for any completely equipped automobile—regardless of appearance or comfort considerations.

A glance at the car impresses you immediately with its beauty and finish.

As you look it over and read its specifications, you realize its absolute completeness.

But you must ride in it to appreciate its comfort.

You must drive it to get the thrill its performance will give you.

You can own one of these cars.

But act promptly—for no car was ever in such demand.

In spite of record productions and advancing prices, there is a shortage of cars.

The demand naturally centres on top class at bottom price—this small light car.

And no other car at anywhere near its price can compare with this one for beauty, performance, comfort, completeness and economy.
