

# PEERLESS PERFECTION

## Absolute Security

WHEN you go away for a day or turn in for the night, you are certain your stock is locked in—they can't get over, under or through the spaces—a perfect fence for hilly or uneven ground, through streams; protects poultry, ducks, geese, sheep and hogs. Can't sag or break down and will turn an unruly horse.

### Peerless Perfection Fencing

is made of best heavy Open Hearth steel fence wire, the impurities burned out and all the strength and toughness left in. Makes the fence elastic and springy. It will not snap or break under sudden shocks or quick atmospheric changes. Our method of galvanizing prevents rust and the coating will not flake, peel or chip off. Every intersection is securely clamped with the famous Peerless Lock.

Send for catalog. It also describes our farm gates, poultry fencing and ornamental fencing.

Dealers nearly everywhere. Agents wanted in unassigned territory.

## Deering Drills

### for Good, Quick Planting

**DEERING** drills do away with delay at planting time. They have a workman-like way of sticking steadily to business until the job is done that does away with most of the terrors of our short planting season.

Deering drills first make a furrow just deep enough, then plant the kernels regularly, according to the quantity per acre you want to sow, and then cover them thoroughly to an even depth. They are light-draft machines with strong frames, large, easily-filled grain and fertilizer boxes, and accurate double run feed. They are made in single disk and hoe styles with 11 and 13-furrow openers.

The Deering local dealer is the man to see when you are ready to look at drills. See his sample drills, or write to us for a catalogue showing all the good features of Deering drills.

## Two Bushels to One Next Season—Sure

Let's help Food Controller Hanna double the food production this year. If you do your part, you will **DOUBLE YOUR PROFITS**. Doing something for your country and for yourself at the same time is good patriotism and good business. "Double Your Crops," you may say, "is very good advice, but how is it to be done?" We answer, "by using the very highest grade of Fertilizer," such as our "Best-by-Test" Brands. Consult with us about your soil and your crops and we will help you decide what is best to do. Every pound of our Fertilizer is guaranteed.

We have full supply of all kinds up to full strength of analysis. We give special rates where farmers club together and order in car load lots.

## How did You get Through the Harvest?

### Better - Cheaper POWER

When we think of the small number of hired men that were available, we wonder how the Canadian farmers got through their work. What few men that could be found were inexperienced.

And this condition is likely to exist until the war is over.

If ever there was a time for labor-saving machinery on the farm, that time is NOW. You will find the Page Farm Engine inexpensive, and a wonderful little worker all the time.

The Page Farm Engine is sturdily constructed, built especially for farm work. You will find it always ready and willing to work. You can depend on the Page. Page Farm Engines are sold direct to your farm, thus eliminating agent's commission. Send for full particulars to-day.
