

The FIRE-PROOF TRACTION ENGINE

STILL THE FAVORITE.

OVER 1,400
sold in Canada, of which number
Fully 100 are Traction.

The most Successful and Practical
TRACTION ENGINE BUILT

THE FIRE-PROOF CHAMPION
- ON THE ROAD -

OUR TRACTION

HAS THE OLD RELIABLE
LOCOMOTIVE LINK MOTION

Engine is connected to Traction by
Adjustable Friction Shoes!

Working on inside of fly-wheel, so that it can be
instantly started, stopped or reversed
without jar or noise.

THE LINK BELTING
used has all the advantages of belting and gearing. It
can easily be taken off and adjusted by our new
COUPLER LINK.

THE ONLY SAFE TRACTION FOR CLIMBING HILLS.

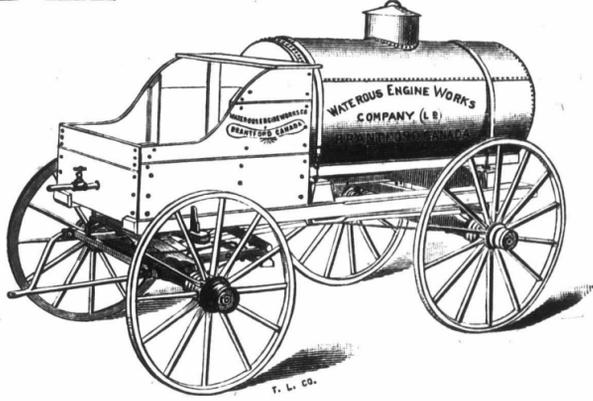

THE MOST POWERFUL.

Most of its weight being on its

10-inch FACE DRIVING-WHEELS

HANDIEST.—Every part being within reach
without using a step-ladder.

**Only Farm Engine Built that is Safe
from Fire.**
