

## CONSTIPATION

**CURED BY THE USE OF  
MILBURN'S  
LAXA-LIVER PILLS**

Constipation is one of the most frequent, and at the same time, one of the most serious of the minor ailments to which mankind is subject, and should never be allowed to continue.

A free motion of the bowels daily should be the rule with every one who aspires to perfect health.

Mrs. Fred. Hall, 299 Hibernia Road, Montreal, Que., writes:—"Having been troubled for years with constipation and trying everything I knew of, a friend advised me to use Milburn's Laxa-Liver Pills. I used four and a half vials and I am completely cured. I can gladly recommend them to all who suffer from constipation.

Milburn's Laxa-Liver Pills are 25 cents per vial, or 5 vials for \$1.00, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### GOSSIP.

At Truman's Pioneer Stud Farm, Bushnell, Ill., on October 27th, 39 head of Shire mares and fillies sold by auction for an average of \$580, the highest price being \$925, for the black four-year-old, Moulton Valetta.

Volume 28, of the British Shropshire Flockbook, has been received at this office, thanks to the Secretaries, Alfred Mansell & Co., Shrewsbury. This volume contains entries of rams numbering from 13333 to 13566, a list of sires used in many flocks, a register and index of exported Shropshires from Sept. 29th, 1908, to Sept. 29th, 1909, a list of members, together with a list of prizewinners, and fine illustrations of pure-bred and grade or cross-breds, showing the prepotency of Shropshire sires.

### EDUCATIONAL VALUE OF THE CHICAGO STOCK SHOW.

The International Live-stock Exposition (which will run from November 26th to December 3rd, at the Union Stock-yards, Chicago), from a comparatively small beginning, eleven years ago, has assumed such importance in the live-stock world as to render its annual occurrence a necessity, not only on account of its being the high court of appeal, the court of last resort to stockmen, but because it sets the stamp of approval upon those of our domesticated animals that are most in demand, and establishes a standard among stock which, if adhered to, is believed to realize for the breeder, feeder and farmer the highest price for his produce.

The ordinary observer has little idea of what this Exposition is, what it teaches, and what it means. It must be seen to be appreciated, it must be studied to be understood.

At this show, he sees the best of every breed, his field for comparison is immense, and his opportunities for practical instruction almost limitless. By attending this show, he combines business with pleasure, knowledge with practice, and education with example. It is the school of rapid learning for the stockman, a free education that remains in his head, and carries with it the methods whereby the best live stock is produced and the most money made.

### MAPLE LEAF SHORTHORNS.

The Maple Leaf herd of Scotch Shorthorn cattle, the property of Israel Groff, of Elmira, Ont., are going into winter quarters in prime condition. The high-class quality of this herd is well known, they have stood the test of criticism for a great many years, and have found favor with the exacting buying public, amply demonstrated by the ready way in which the surplus stock is picked up year by year as herd-headers. Mr. Groff has lately purchased the grandly-fleshed bull, Julia's Jilt, sired by the renowned Imp. Golden Drop Victor, dam Imp. Julia, of the popular Jilt tribe. He is a massive, red, four-year-old, of show type, thick-fleshed and model lines. His predecessor was the white Valley Farm Argonaut, a Duchess of Gloster-bred son of Scottish Fashion. He was sold at the Guelph sale last June, which was the biggest mistake Mr. Groff ever made in his career as a Shorthorn breeder, as every one of his get are put up on show lines. Before him was Chancellor's Model, a son of Imp. Bipton Chancellor, and out of Imp. Marchioness 4th. He did a world of good for the herd, and left it better than he found it. In young bulls, there is a red yearling, Miss Ramsden-bred son of his, and a roan seven-months-old Rosemary-bred son of Valley Farm Argonaut, which is one of the best young bulls we have seen this year. He is a topper all over. His dam is by the Golden Drop bull, Springhurst, and grandam by Imp. Joy of Morning. The females are of the Crimshank Lady Fanny, Jealousy, Clementine, Rosemary, Crimson Flower, and Miss Ramsden tribes, imported and Canadian-bred, among which are a number of extra well-fleshed heifers, fashionably bred, that are for sale. Mr. Groff has also for sale a limited number of choice young Berkshire sows, from four to six months of age.

# Granite Harvester Oil

**For Reapers, Threshers,  
Plows, Harrows**

Insures better work from the new machine and lengthens the life of the old. Wherever bearings are loose or boxes worn it takes up the play and acts like a cushion.

Changes of weather do not affect it.

**Gasolene  
and  
Kerosene  
Engines**

### Standard Gas Engine Oil

is the only oil you need. It provides perfect lubrication under high temperatures without appreciable carbon deposits on rings or cylinders, and is equally good for the external bearings.

**Steam Traction  
Engines  
and  
Steam Plants**

### Capitol Cylinder Oil

delivers more power, and makes the engine run better and longer with less wear and tear, because its friction-reducing properties are exactly fitted to the requirements of steam traction engines and steam plants.

**Traction Engines,  
Wagons, Etc.**

### Mica Axle Grease

makes the wheel as nearly frictionless as possible and reduces the wear on axle and box. It ends axle troubles, saves energy in the horse, and when used on axles of traction engines economizes fuel and power.
