

A Skating Masquerade

Whether one is a participator or merely a spectator, the fancy dress skating parties given at the big Montreal rinks will be found among the interesting features of the Carnival season. The grace of the ladies, the swift strength of the men, the dazzling costumes of all lands and all periods, and the music of the bands combine to make the occasion memorable for visitors.

Inviting Quarters

This is the interior of the comfortable home of the Park Toboggan Club at the head of the famous slide. The members are essentially "out-of-doors" people, but there are times when they appreciate a cosy fire and a brief rest in a mission arm-chair.
