

MILLER—The World's First Uniform Tires

THIS year, for the first time, motorists have the opportunity of getting Uniform Mileage Tires. Up to now, men have depended on "luck." For who could tell when he bought a tire whether it would run between 5,000 and 10,000 miles, or fail at a thousand?

Miller alone has succeeded in building tires the same. And 99 in 100 Miller Tires outrun the standard guarantees.

Miller discovered that to build tires uniform, the workmen must be uniform, because tires are mostly handwork.

So Miller trained a regiment of champion tire builders to build uniformly. The tires they make grade 99 per cent. excellent.

Get a pair of these Team-Mate Tires from the Miller dealer. Run them on opposite wheels and let them prove that they wear alike.

GRAY "THE TRACTOR WITH THE WIDE DRIVE DRUM"

Pulls Four Bottoms In Any Soil

Ask us for 56-page Illustrated Booklet about The Gray.

Value of Wide Drive Drum to Farmers

From the farmer's standpoint the Wide Drum has two distinct advantages, aside from furnishing large traction service. At plowing, it crushes weeds, stalks or trash, ahead of the plow so that the vegetation is turned under and completely covered. The Gray's weight is distributed over a wide surface, reducing the pressure per square inch on the soil. Hence it works to advantage on soft-plowed soil and leaves no ruts or wheel tracks. The United States Government has, since June, 1918, ordered more than one hundred and fifty for use in France.

Some Districts Using Gray Tractors This Year

MANITOWA—Swan River Valley, Woodlands, Stony Mountain, Winnipeg, Headingley, Sperling, Winkler.
SASKATCHEWAN—Regina, Ronleau, Waseon, Plato.
ALBERTA—Bassano, Hussar, Medicine Hat, Cowley, Brooks, Calgary.

Although The Gray was only introduced into Canada at the beginning of this year it is selling rapidly. Farmers in the above districts are using Grays—some of them as many as three machines. All kinds of soil and working conditions are found in the above localities. We will gladly give you the names of Gray Tractor owners, because "seeing is believing" that The Gray is THE Tractor for Western Canada.

Licensed and Bonded

EACH of the grain companies whose announcement appears on this page is licensed by the Canada Grain Commission to handle consignments of grain from farmers on commission. Each company is also bonded in accordance with the terms of the Canada Grain Act, to a sufficient amount which, in the opinion of the Canada Grain Commission, will ensure the full and prompt payment for all grain shipped to them by farmers. No grain dealers' advertisements are published in The Guide except those licensed and bonded according to the above provisions.
