DROPPED \$15,000.

Rumour has it that some few months ago some business men of the city purchased a vessel in the United States without inspecting her. When a local master went to New York he found that she would not at all suit local requirements, and later the ship was resold, the owners dropping \$15,000 over the transaction.

STOLE HIS SEARCHLIGHT.

JOHN R. BENNETT,

About 7.30 last evening a wellknown citizen, who carries a large electric pocket light, worth \$3, was held up by a man at the foot of Carter's Hill. He was handled pretty roughly and the light was taken from his pocket, the thief beating it down Duckworth Street. The victim of the hold up sped after his aggressor and the funny part of it is, that in the dark he took a member of the "fourth estate" for his despoiler and gave him a pretty bad shaking up before discovering his mistake. The light has vanished, that is very apparent, and the police have been asked to search for it.

AN UNFOUNDED RUMOUR.

Yesterday, some person or per sons, visited Portugal Cove and put about the story that one of the Canadian banks doing business here was in difficulties. Several people with money on deposit in the concern became greatly excited and came to town when the story was heard by them. It reached Bell Island also and caused uneasiness there. Needless Lavinia Clift 11.85 to say there was not a particle of truth in the report. It is an outrage for such lying statements tobe made and the persons engaged in this kind of work should be severely dealt

HELD UP BY THREE MEN.

Last night, just before midnight, as man named House was going over to the schr Paragon, lying on the South Side, when on the South Side Road he was approached by three men, who tried to hold him up. The man, who had \$100 in his pocket had a desperate scuffle with his opponents and managed to get clear of them and aboard his schooner. He can describe his assailants, who evidently wanted to releave him of his money.
