

## NEWS FROM NORFOLK COUNTY

### COUNTY COUNCIL ON Y.M.C.A. GRANT Appeal For Donation to Red Triangle Fund Was Made at Simcoe

(From Our Own Correspondent)  
 Simcoe, June 6.—On the opening of yesterday's session of the County Council four communications were read and disposed of.  
 P. S. Inspector Cook's report was referred to the committee on education without reading.  
 An appeal for Salvation Army war work funds went to the committee of the whole. So did a request for delegates to the Ontario Municipal Association Convention to be held in Toronto on Aug. 23-30.  
 The consideration of By-law No. 736 of the Co. of Oxford and dealing with junk collectors was sent to the same destination and according to appointment Council, sat up as the Y. Delegation, introduced by Rev. H. C. Newcombe took their seats. The gentlemen were, Geo. Williamson of Brantford, Capt. Carey and Sgt. Scott, the latter two from overseas.  
 Praises Norfolk's Record.  
 Mr. Williamson felt confident that Norfolk would respond to the "Y" appeal after reading the Courier's statement of the county's patriotic givings as published on Monday, which "sets an example to other counties of larger assessment."  
 Criticism Just as Applied to First Year.  
 He admitted that much of the complaint from G. W. W. of the first year of the war, in that little was seen of the Y.M.C.A. in France, was well founded. There was little Y.M.C.A. there then. It is different now. Then there were but 6 men in all the Canadian lines.  
 Local Preference Respected.  
 No campaign had been held in Norfolk owing to the local sentiment. The campaign fund had been over-asked for were computed only to carry on till the end of the present year. Work had since been outlined into 1919. Brant and Brantford had put up \$37,000. Norfolk was asked for \$11,000. Mr. Williamson left on the table a heap of information pertinent to the matter and gave way to  
 Sgt. Scott, who had been through Gallipoli and France and gave first hand information as to the value of the Y.M.C.A. service.  
 Right Up To No Man's Land.  
 He concluded a graphic narrative with his answer to the oft repeated question, "When will the war cease?" with his conviction that it will end when every man feels that the war is his war and does his share to bring victory. Though no hero he was once in a condition where he would have given \$11,000 for a cup of water.  
 Captain Carey's Long Talk.  
 The last speaker had fraterized at the front with Sgt. Back, the Warden's son. He sat out to tell what was done with the money. He explained why prices were fixed for Canadian "Y" supplies. Why some able-bodied men were required for the heavy end of the Y work. Why men under arms of exceptional entertaining ability are often sent in

 from the lines to help the boys resting to forget what they experienced up the line and cheer up for the next turn in the trenches. The value of the picture show, concert, ball game, in keeping up the spirit of the men and giving them a taste of home he dwelt upon.  
 No Double Pay.  
 There is absolutely no double pay to men but combatants working in the "Y" get army pay and the rumor of double pay has doubtless gone abroad owing to misunderstanding.  
 All contributions are going to the "Y" war effort. That is the chief work of the "Y" now.  
 The deputations occupied almost two hours in putting the matter before Council and got a splendid hearing throughout.  
 Referred to Special Committee.  
 The question was referred to a special committee composed of the chairmen of the standing committees to be dealt with in connection with the whole question of patriotic giving, the committee to report as early as possible during the present session.  
 Council adjourned at 4.30 in order to attend a meeting of the County Patriotic Committee.

### CONGRATULATE SIR JAMES BROWN Norfolk County Proud of Native Son Who has Risen to Knighthood

Simcoe, June 6.—(From Our Own Correspondent).—During yesterday's sitting of the County Council here the following resolution, brought in by Councillor T. E. Langford and seconded by Councillor H. A. Carter, was passed unanimously, after several members had spoken to the motion. The seconder affirmed that Sir James had risen to his present distinction, that for years he has been a soldier by choice and never courted promotion. He has soldiered from boyhood.  
 The Resolution.  
 "That this Council desires to record and give expression to the pride with which the county receives the news of the honors bestowed upon James Sutherland Brown, in his being elevated to the Knighthood, and that more especially as the recognition was bestowed for distinguished service in the army.  
 That we congratulate this former son of Simcoe and direct that a copy of this resolution, signed by the Warden and clerk, and with the seal of the county affixed thereto, be forwarded to Sir James with a suitable introductory paragraph thereon."  
 Sir James is said to be Norfolk's first son to attain to Knighthood.

## ANNUAL REPORT OF PATRIOTIC WORK Submitted to Committee for Norfolk County Secretary-Treasurer is Appreciated

Simcoe, June 6.—(From Our Own Correspondent).—The County Patriotic Committee held a meeting yesterday from 4.30 till 6 o'clock during which time the statement of the year's administration was exhaustively collaborated by the secretary-treasurer, Geo. J. McKie, and the change proposed by the Government in the method of obtaining funds and the interim support to be given thereto from the county were thoroughly discussed. There was not a single word of complaint regarding the whole enterprise, the only discussion which was prolonged was that of the office accommodation. Mr. McKie insisted in continuing without any remuneration and finally in deference to his desire the matter was dropped.  
 The county fund was administered during the last fiscal year at an expense ratio of less than one per cent, and almost all of this is for postage and war stamps.  
 The county contributed during the year, to the central fund, \$600.10, the \$10 being a special donation for the year. Against the \$5,000 monthly sent to Ottawa county dependents have received or there has been placed in trust for (omitting the cents):

April 1917	\$ 3,547
May	3,524
June	3,472
July	3,450
August	3,342
September	3,415
October	3,464
November	3,413
December	3,345
January, 1918	3,342
February	3,220
March	3,103

Total about \$41,200  
 The total amount paid into the fund to March 31st is \$125,000 and the return \$36,000. Many Norfolk dependents have left the county for Brantford, Hamilton and Toronto and are drawing there. Fewer from outside have come in. Dependents of men of recent drafts will likely cause an increase in the monthly distribution.  
 The total cost of administration for the year, including clerk's salary, postage and war stamps, has been \$290.47, or 39.53 less than 1 per cent. The cost of administration has been fixed at not less than 4 per cent. In Brantford it is 2 per cent.  
 Reserve Fund Appreciated.  
 The total amount placed in reserve for men while overseas is \$31,115.90 in 267 accounts. Of this \$2,266.41 has already been drawn and the reserve is always approached by the men who return. One man had \$208 to carry on for a start after his recent discharge.  
 There are now 203 families and about 365 children on the list.  
 The county is asked to carry on till next March, no county grants will be required after that time, but the cheque will come in the future. It is estimated that it will take a year to get the men all home after the war ends and there is a reserve against that time.  
 May Divert One-fifth.  
 It is possible that the County Council may alter the by-law of May, 1916, which authorized the \$5,000 monthly grant till the war ends, and retain \$1,000 monthly for other patriotic purposes. The Y. Canadian Red Cross, British Red Cross, and Navy Fund are all to be considered.

**HELP QUESTION IS SERIOUS ONE**  
 Canners in Norfolk County Experience Difficulty in Getting Workers  
 (From our own Correspondent)  
 Simcoe, June 6.—(From Our Own Correspondent).—The canning factories at Dover, and probably at St. Williams and Simcoe are busy in imported strawberries. In a couple of weeks, Dominion Canners will be ready to open up the process building for local strawberries. The management is at the end to get help locally, and will make every effort to avoid bringing in help from over the border, which expedient is in the long run expensive.  
 Conditions Better  
 The new installation will make the work more congenial, and we understand that an effort will be made through a general appeal to elicit the co-operation of all local organizations, in order that the pack may be taken care of without loss.  
 The company is quite aware that the cost of processing must be kept within bounds, that may permit of the marketing of the goods at prices that will compare with the goods of other concerns.  
 Former Difficulties  
 In the past it was found that local help for Monday and Saturday was most difficult to get, and that Saturday's pack is the biggest of the week, and strawberries cannot be held over.  
 May Secure Relay Help  
 Women's Institutes, and organizations of every kind, in church and Sunday school, will be requested to co-operate, sending teams for days or part days, and by a heavy co-operation on the part of all who can, it is hoped to obtain the necessary help by allotting even part time assistance, so that one team class or society may carry on another leaves off work. Pickers will be required at the same time, and as children under fourteen cannot be engaged in the factories, it is quite probable that many of these will be required to do the picking. It will take the co-operation of growers and workers to save the situation.

We are sure that in this regard all Simcoe will prepare for this help crisis which will be upon us in a very short time.  
 There is every opportunity for the earning of enough money to take care of the extra tax rate.  
 Press Photographs.  
 Mrs. L. O. Sutton of Camp Point, Ill., has been visiting her daughter, Mrs. H. A. Pursel during the past week.  
 Mrs. Bert Thompson, of Crescent Boulevard entertained a number of her friends yesterday evening.

Who will be appointed county treasurer?  
 Simcoe is almost without a candidate for a few hills of local stock and Tillenburgh.  
 There was a big patronage at the "Birth of a Nation" at the Lyric yesterday and last night.  
 Harry Nelson is filling in as night watchman in the street beside his store last evening and had a good patronage. The spectacle suggested the old maxim about the early closing by-law, "too much of a good thing."  
 Sow cucumbers and turnips, make room for a few hills of late potatoes and late cabbage.  
 G. E. Booth of Ingersoll, bought yesterday of Manager McEwen, the May output of the Grambrook cheese factory; 240 cheese, 23650 pounds, over eleven tons at 22 1-2 cents, \$4885.20.  
 The bachelors whipped the benedict at baseball on the high school campus yesterday evening.  
 The County Council paid the usual visit to the Industrial home this forenoon.

## DARKEN GRAY HAIR LOOK YOUNG, PRETTY

Grandma's recipe of Sage Tea and Sulphur darkens so naturally  
 Hair that loses its color and lustre, or when it fades, turns GRAY, dull and lifeless, is caused by a lack of sulphur in the hair. Our grand-mother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.  
 Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Compound" which darkens the hair so naturally so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of youthfulness.  
 Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

## FREIGHTING REGULATIONS

The Board of Trade, to-day received a copy of the General Order of the Board of Railway Commissioners regarding delivery of freight at flag stations:  
 "It is ordered that every railway company subject to the jurisdiction of the Board, be and it is hereby directed to provide its agents with rubber stamps reading as follows: UNLOADED WITHOUT EXCEPTION EXCEPT AS NOTED  
 date. Conductor  
 and to issue a bulletin:  
 (a) Requiring agents issuing way-bills for shipments of less than carload freight destined to flag stations, to place the the above stamp on the way-bill.  
 (b) Requiring conductors in charge of "mixed" freight on the platform at the flag station after the train has been brought to a full stop and wherever shelters have been provided, to place such freight thereon, and to certify as above, on the way-bill.  
 (c) Requiring conductors who have unloaded freight at flag stations to deliver the way-bill therefor at the first agency station reached by the train after the unloading of such freight.  
 (d) Notifying such conductors that they will be held responsible for the proper carrying out of the requirements set forth in this Order and as covered by the said bulletin.  
 (e) Requiring the agent at the first agency station reached by the train, after the unloading of the freight, as in this Order provided, to notify the consignee of the arrival of such freight by postal notice mailed within 24 hours after receiving the way-bill from the conductor."
