Relief and Health to your Infants

We have put up and sold this article for over 30 years and can say in conditionce and truth of it, what we have never been able to say of any other medicine-NEVER HAS IT say of any other medicine-NEVER HAS IT PAILED IN A SINGLE INSTANCE TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter " what we do know," after 20 years experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered. This valuable preparation is the prescript-ion of one of the most EXFERIENCED and SKILFUL NURSES in New England, and has been used with never failing success in THOUSANDS OF CASES.

THOUSANDS OF CASES.

It not only elieves the child from pain but invigorates the stomach and howels, corrects acidity, and gives tone and energy to the whole system. It will simost instantly re-lieve

Griping in the Bowels, and Wind Colic. Griping in the Bowels, and Wind Colic, and overcome convulsions, which, if not specelly remedied, end in death. We believe it is the best and surest remedy in the world in all cases of Dysentery and Diarrheae in children, whether it arises from teething or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices nor the projudices of others stand between your suffering child and the relief that will be sure—yes, absolutely sure —to follow the use of this medicine, if timely used. Full directions for using will accem-pany each bottle. None genuine unless the ac-simile of CURTIS & PERKINS, New York, on the outside wrapper. Sold by Druggists throughout the world. Prince paly 35 cents per bottle. sep15
